The Colorado Rockies 1999 Information Guide is dedicated to the memory of Rev. Frank Gines, who passed away January 24.

Frank supervised game staff in several areas throughout Coors Field, including the field and press box and had worked for the Rockies since 1993. He touched several people in the organization and was an inspiration to all with whom he came in contact.

Jerry D. McMorris

Chairman, President & Chief Executive Officer

In front of his associates at a meeting before the 1998 All-Star festivities, Jerry McMorris made a bold promise to baseball officials: when the event came to Denver, the Colorado Rockies would raise the bar.

But to McMorris' employees, raising the bar has always gone without question in the Rockies organization. From his front-office to his field personnel, he simply expects more out of his team in every area. He expects his club's ballpark to remain new and vibrant. He expects the Rockies' minor-league teams to play in the best facilities, personally traveling to each desination. And, he expects his team to be more than a leader in its community, he wants the Rockies' community contributions to exceed every team in baseball. Such lofty standards need a precedent setter, and that person is McMorris himself.

Always striving to give back to the fans, McMorris is changing the way people look at baseball ownership. During most home games, he doesn't seclude himself in a private box, where he can tune out the fans. Instead, he sits with them, in his seats behind his club's dugout. McMorris is the Rockies' biggest fan and no one wants the team to win more.

That desire to win only begins on the field. McMorris expects each cog of the organization to win, to exceed its prior accomplishments in every area. From baseball operations to business operations, McMorris asks every pillar of the organization to set the pace.

McMorris sets the pace through his leadership qualities. When his group, which included Charlie Monfort and Oren Benton, purchased controlling interests in the club on Sept. 2, 1992, McMorris was unanimously chosen to lead the franchise. He began cultivating that leadership ability early in his life. In 1959, at age 19, McMorris assumed the presidency of Westway Motor Freight, Inc., and successfully built one of the largest family-owned transportation companies in North America. His experience in a union environment gave him a leadership role during the 1994 baseball work stoppage. Baseball officials have also asked him to deal with Congressional legislation.

A 1962 graduate of the University of Colorado's School of Business, he sits on the CU Foundation Board of Directors and he also serves on the board of the American Trucking Association. Named the 1993 Colorado Business Leader of the Year and the 1992 Master Entrepreneur of the Year, he sits on the executive committee and serves as treasurer of the National Western Stock Show. Also a member of the Institute of American Entrepreneurs, he's one of the region's most sought after public speakers.

Jerry and his wife, Mary, reside in Timnath, Colo. They have two married children, Kelly and Scott, who have each added two children to the family: Kelly with husband Michael Dorvillier and their children Madeline and Blake, and Scott with wife Rachel and their children Samantha and Dade. McMorris owns Timnath Farms and the Red Mountain and Belvoir Ranches, with interests based in northern Colorado and Wyoming.

Ryan McKee

McMorris gives well wishes to Darryl Hamilton at the end of the '98 season

Charles K. Monfort

Vice Chairman

One of the strongest aspects of the Rockies organization is its stable and longstanding ownership, and Charlie Monfort plays a role in those respects.

Monfort, an original Colorado Rockies founder, became a vice chairman Sept. 2, 1992, when he, along with Jerry McMorris and Oren Benton, acquired the expansion team's controlling interests.

With deep roots in the local community, Monfort's family operated a major cattle feeding operation for three generations, and introduced fabrication of beef products in 1959. Based in Greeley, Colo., the company has been operated by the Monforts since the 1930s. Charlie became president of Monfort International Sales Corp. in 1988 and under his guidance the corporation became one of the largest beef exporters in the world, and the leading exporter of beef products to Asia. Monfort opened company offices in Japan, Korea, Hong Kong, Taiwan, Beijing, Moscow, Mexico City and Rio.

In 1996 Monfort became president of ConAgra Refrigerated Foods International, Inc., which consolidated his company with all of ConAgra's refrigerated foods international companies. In order to concentrate on his leadership role in the Rockies, Charlie resigned as president in late 1998.

Monfort, 39, lives with his two children, Kenny and Ciara, in Greeley. He has a bachelor's degree in marketing and business management from the University of Utah ('82). He served as president of Kappa Sigma fraternity in college.

Richard L. Monfort

Vice Chairman

Dick Monfort became a vice chairman Dec. 8, 1997, joining his brother in the club's leadership.

Monfort, 44, spent 15 years in the cattle business, primarily with his family's company. He became president of Monfort of Colorado, Inc. in 1987, then joined ConAgra Red Meats as president and CEO.

Today, Monfort owns the Hyatt Grand Champions Hotel in Palm Springs, Calif., the Hilltop Steak House in Boston, and interests in various commercial real estate ventures in Denver and Greeley, Colo. Monfort also helped to launch the Montera Cattle Co. in 1996 and, one year later, the first Brett Favre Steak House in Milwaukee.

In addition, Monfort sits on the board of directors of Denver's University Hospital, as well as other community entities.

A Colorado native, Monfort lives in Greeley with his wife Christine and their three children. A 1976 graduate of the University of Northern Colorado, Dick has a bachelor's degree in business management.

Bob Gebhard

Executive Vice President, General Manager

Since Bob Gebhard constructed the Colorado franchise from scratch in 1991, the Rockies have turned several heads.

In only six seasons, the Rockies have compiled the best six-year record of any expansion franchise (.484) and turned in three straight winning seasons (1995-97). One of the most prolific offensive teams in NL annals, Colorado set the league home run record in 1997 (239) and has led the league in batting each of the past four seasons. The '98 club posted a higher batting average (.291) than any NL team in 59 years.

These figures were achieved by a group of players who arrived in Colorado via a variety of routes. Gebhard and his staff have continued to build, never losing sight of the fact that quality pitching is vital to the franchise's success.

The Colorado era of the Bob Gebhard story began in the fall of 1991, when the Rockies coaxed him away from Minnesota, where he played a major role in assembling a pair of World Series championships in a five-year span. After joining the Rockies Geb had only nine months to prepare for the June draft and only 18 months to prepare for the inaugural opener in the National League. Preparing for the expansion draft, he personally saw 220 games in 1992.

His efforts have paid huge dividends. Riding the fastest postseason qualification in expansion history, he finished third and led all NL candidates in the *The Sporting News*' 1995 Executive of the Year balloting.

Risk-taking is a major component of a GM's responsibility, and to this point, Geb has taken many chances that have drawn outstanding results. In the expansion draft his homework provided the Rockies with a competitive club from Day 1. The day before the draft, Geb inked veteran free agent Andres Galarraga, who responded by winning the N.L. batting title in 1993. Following the draft he acquired Dante Bichette from Milwaukee in exchange for Kevin Reimer.

When the Rockies took the field for Game 1 of the 1995 Division Series, six members of the starting lineup were a part of the Rockies' organization by the end of business on Nov. 17, 1992, the date of the expansion draft. Vinny Castilla, Joe Girardi, Eric Young and Kevin Ritz joined Bichette and Galarraga for the historic event.

Gebhard's playing career spanned 11 years as a pitcher, including two big-league stints with the Twins and one with the Expos. A player/coach in the Montreal chain from 1974-75, he was promoted in '76 to Minor League Field Director and pitching coach, a role he held for the six years. He spent 1982 on the big-league coaching staff, then served as Director of Minor League Operations through 1986. Geb then joined the Twins, the organization that selected him in the 15th round draft of the first June draft in 1965.

It was with Minnesota that he experienced the ultimate in success, winning a World Series ring in both the 1987 and 1991 seasons. Gebhard started with the Twins in '87 as the Director of Major League Personnel, then assumed the role of Vice President, Player Personnel the following year.

A native of Lamberton, Minn., he earned 16 letters in four sports as a prep. His athletic career shifted to the University of Iowa, where he co-captained the baseball team and also played basketball.

Gebhard and wife, Nancy, have three children, daughters, Angie and Jenny, and son, Casey, and reside in Littleton, Colo. Angie, who followed in her father's footsteps and graduated from Iowa, is the Rockies' Manager of Advertising. Casey earned his degree from the University of Colorado and is a mortgage banker in the Denver area. Jenny is a student at Colorado State University in Fort Collins.

Keli S. McGregor

Executive Vice President – Business Operations

Keli McGregor may very well be the most imposing executive in baseball. And inch-for-inch, his reputation stands as tall as he does.

Promoted to executive vice president following the 1998 season, Keli begins his sixth season directing the team's non-baseball functions. During his tenure, the franchise has grown out of its infancy and into a leader among baseball teams in several areas. His reputation comes in large part from the progress the Rockies have made off the field.

Much of that progress comes from club's influence in the charitable arena. In 1998, the Rockies established a team record by returning more than $2.2 million to their community. McGregor has not only been instrumental in the Rockies' community efforts, but he's also made important contributions on his own time. In memory of his friend Michael McMorris, who lost his life to cystic fibrosis before the 1996 season, McGregor co-founded the Reaching Out to Youth (ROY)Foundation to assist the battle against the disease. He also sits on the board of the Colorado chapter of the Cystic Fibrosis Foundation. The community affairs staff that Keli oversees has quickly made the Rockies one of baseball's most community involved teams.

When the Rockies hosted the 1998 All-Star Game, Keli guided the team through both the week's festivities and more than three years of preparations. The combined efforts of the many employees that Keli oversees were a major reason baseball deemed the event a huge success.

Since McGregor's arrival, the Rockies have continued to set phenomenal home attendance totals, leading the majors in each of his five seasons. From 1994-98, Colorado has drawn more than 18.24 million fans, that's 1.56 million more than any other team in the same five-year span. But McGregor won't let anyone in the organization take that support for granted. He strives not only to listen to fan feedback, but also to implement changes to make fans as comfortable as possible. No one more than he knows that fans represent the team's foundation and that's why he constantly reminds employees that customer service is a top priority.

Colorado State University

McGregor earned All-America honors twice at Colorado State and played for three NFL teams.

A two-time All-American tight end at Colorado State, McGregor was drafted by the Broncos in the fourth round (110th overall) of the 1985 NFL draft. He played for Denver, Indianapolis and Seattle before retiring. Keli still holds CSU's single-season reception record (69) and stands third on the all-time reception list with 153. He recently gained membership into the school's Hall of Fame and All-Century team.

After his football career, McGregor served four years as an associate athletic director at the University of Arkansas, where the school won 11 national titles in four sports during his time in Fayetteville.

Keli and his wife, Lori, live in Golden, Colo., and have four children: daughters Jordan, Taylor and Landri and son Logan.

1995 — The Pirates struggled early, losing 17 of their first 21 games, and never recovered; Pittsburgh finished 58-89, fifth in the NL Central.

1994 — During a season truncated by a players strike, Leyland's club wound up eight games under .500 (53-61), tied for third in the newly created NL Central...on July 25, Leyland registered his 712th victory in a Pirates uniform and surpassed Chuck Tanner to become the third-winningest manager in the 109-year history of the franchise.

1989 — Leyland's team limped to a 74-88, fifth-place division finish.

1988 — Pittsburgh cruised to an 85-75 mark, 15 games behind the first-place Mets, but second in the division...after the season, *The Sporting News* named Leyland its NL Manager of the Year; he finished second in the BBWAA voting to Tommy Lasorda.

game of that streak, at Seattle June 30, pushed Vinny over the .300 level and he remained there for the remainder of the campaign...Castilla earned an All-Star invitation and was a member of the NL team in the home run contest on Monday, then went 0-for-2 in the game at Coors Field Tuesday...in Vinny's first game after the break, July 10 vs. San Francisco, he took Jim Poole deep for his 150th career homer...he had at least one RBI in 10 of the first 11 games after the break and put together his second 14-game hitting streak, July 13-27...he had a pair of multi-homer contests during a four-game stretch, July 24 and July 27...in a career year, Vinny enjoyed a career month in July, hitting .381 with 12 homers and 25 RBI in the Rockies' 25 games; the 12 homers tied the club record for any month...on August 4 at Pittsburgh, he eclipsed the 100-RBI plateau for the third consecutive season...Vinny hit safely in nine straight games, August 9-18, with six multi-hit contests...he then fashioned a 12-game hitting streak, August 20–September 1...from September 3-9, Castilla pushed his average to .333, going 16-for-34 (.471) with a double, triple, five homers and 19 RBI in seven games...he had a pair of six-RBI games to tie his career high during that stretch...on September 4 vs. San Diego, he was 3-for-5 with six RBI and two homers, his 40th and 41st on the year to establish a single-season career high...he then went 3-for-6 with a homer and six RBI vs. the Marlins September 8...his second RBI September 9 vs. Florida marked the 500th of his career...with his second homer of the night September 18 at San Diego, he reached 200 hits for the first time in his career...on September 27 vs. San Francisco, he finished the season in style, as his last hit was homer No. 46; the two-run, seventh-inning shot off the Giants' Julian Tavarez put the Rockies in front and capped a seven-run comeback...Castilla hit .361 (65-for-180) with men in scoring position, the seventh-best mark in the NL...he was again a dangerous first-ball hitter, belting 12 of his 46 homers on the first delivery; and, over the last three seasons, 45 of his 126 homers (36 percent) have come on the first pitch...Vinny's spectacular offensive season earned him his second

How Obtained: Acquired from the New York Mets in exchange for pitcher Armando Reynoso, Nov. 27, 1996.

1998 Highlights — Dipoto opened the season as the closer and held that role until mid-June when the club went to a "closer by committee"...he earned his 14th save June 15 at San Francisco but didn't get No. 15 until August 12 vs. Montreal, 20 appearances later...in 23 save opportunities, he did lead the club with a career-best 19 saves, the third most by a Rockie in a single season (Darren Holmes, 25 in 1993; Bruce Ruffin, 24 in 1995)...in 15 of his 19 saves Dipoto allowed at least one baserunner...he saved five wins for both Astacio and Wright, two each for Kile and Thomson, and one each for DeJean, Jones, Leskanic, Thompson and Stoops...his 68 appearances were the second-highest total of his career and second on the staff to McElroy's 78...Jerry held hitters to a .232 average, the lowest on the staff...he retired 48 of 68 (71 percent) first hitters faced and allowed four of eight inherited runners to score...actually more effective at Coors Field, he was 2-3 with a 2.61 ERA and six saves in 39 home appearances, holding hitters to a .201 average (30-for-149) ...in 29 appearances on the road, where he was 1-1 with 13 saves and a 4.80 ERA, Jerry allowed a .272 average (31-for-114)...in 38 first-half appearances, he compiled a 4.74 ERA, recording 14 saves in 17 opportunities...after the break, he picked up five saves in six chances and compiled a 2.16 ERA...his longest outing of the year was 2.1 shutout innings vs. Pittsburgh July 28, during a stretch of four outings (July 24 – August 1) in which he retired 19 consecutive hitters, two shy of the club record...Jerry also started a scoreless streak on July 24 that lasted 12.1 innings over nine appearances, or until August 18...his final three saves came in three consecutive appearances, September 11, 12 and 15...his final outing of the season came in the finale, September 27 vs. the Giants, and with a perfect ninth Jerry earned the victory.

Career Highlights: 1997 — During his first season in Colorado, Dipoto entered the year as a middle reliever after a solid spring, but by August, he had earned the closer role and finished with a club-high 16 saves...he topped the bullpen in relief innings, and finished tied for ninth in appearances among major-league pitchers...his Colorado debut came at Cincinnati on Opening Day, April 1...in his next 11 appearances, covering 11.1 innings, he allowed just two earned runs...over his final 49 appearances he went 4-2 with 15 saves, allowing just 23 earned runs over 69.0 innings (3.00 ERA)...he held his opponents scoreless in 23 of his last 28 games...Jerry's big-league-best 65.0-inning homerless streak, June 8 – September 16, ended with a Bobby Bonilla grand slam...still, he allowed just two homers over his final 70.0 innings of work...established a personal record with 18.0 consecutive scoreless innings over 12 games, June 15-July 10...Dipoto converted 14 of 16 save opportunities over his last 25 appearances...he struck out four hitters twice (July 14 vs. Los Angeles and August 29 vs. Seattle).

1996 — Jerry built a 10.2 scoreless innings streak June 14 – July 5...twice worked 3.0 innings in a game, earning a win vs. Cincinnati on June 21.

1995 — In his first full big-league season, and first year in the NL, he led

the Mets with 58 appearances...through 20 games he had a 7.16 ERA but a 1.94 mark over his last 38 outings...he registered his first NL save on September 3 at San Francisco, blanking the Giants in his 2.2 innings.

1994 — Jerry rebounded from March 24 surgery to remove a malignant thyroid gland; he moved from the Indians' 15- to 60-day DL on April 24...began a rehab assignment at Charlotte (AAA) on May 10 and after a June 12 activation, he was optioned back to AAA...he made two trips to the majors in the second half...Dipoto pitched for San Juan of the Puerto Rican Winter League...he was traded after the '94 season from Cleveland to the Mets in a six-player swap on November 18.

1993 — Dipoto opened the year with AAA Charlotte, but received his first big-league recall May 11, making his debut that day against Kansas City...optioned back to AAA after two outings, Cleveland summoned him again on July 5, just as he was named to the AAA All-Star Game...he earned his first win on July 15 with an inning vs. California and picked up his first save three days later, also vs. the Angels...Jerry went 3-0 with three saves and a 1.66 ERA in August...he ended the year with a 0.59 ERA over last 14 games, allowing one earned run in 15.1 innings...finished second on his staff with 11 saves, the most by an Indians rookie since Tom Buskey in 1974.

1992 — Spent the entire year at Colorado Springs (Cleveland's AAA club), leading the staff with 50 appearances.

1991 — In his final year as a full-time starter, he led Canton-Akron in starts and strikeouts.

1990 — He ranked third among Carolina League hurlers in strikeouts and fourth among starters in strikeout ratio (8.86 per nine innings)...the organization promoted to Canton-Akron in August.

1989 — After Cleveland picked him in the third round of the June draft he opened at Watertown (A).

Personal: Gerard Peter (Jerry) Dipoto III...he and his wife, Tamie, have two daughters, Taylor (6) and Jordan (4), and a son, Jonah (2)...a 1986 graduate of Toms River (N.J.) High School, Jerry tossed consecutive no-hitters in the 1985 state tournament...he played three seasons at Virginia Commonwealth, earning All-Sun Belt Conference honors in 1988 and '89. ...upon signing his current contract, Jerry committed a portion of his earnings to the Rockies Fields of Dreams Program; Jerry Dipoto Field was dedicated in Littleton, Colo. Aug. 25, 1998.

1998 Highlights — In the closest balloting in 16 years, Todd Helton finished second in the NL Rookie of the Year race, despite one of the finest rookie seasons in recent memory...Helton led all major-league rookies in average (.315), homers (25), RBI (97), multi-hit games (49), total bases (281), slugging percentage (.530) and extra-base hits (63); among NL rookies, he was first in runs (78), hits (167), and on-base percentage (.380)...since 1972, only Mike Piazza (35), David Justice (28), and Darryl Strawberry (26) have hit more homers as an NL rookie and only Piazza had more RBI (112)...Helton compiled his overall numbers despite a slow start, and despite platooning at first base vs. left-handed starters...on May 1 Todd was hitting just .259 with no homers and 12 RBI...he broke out in a three-game series at Philadelphia, May 4-6, going 6-for-13 with six RBI and his first two homers of the season...the first homer, May 5 off the Phillies' Mike Grace, snapped a streak of 134 consecutive homerless at-bats (dating back to 1997)...on May 10 at Montreal Todd registered his first career multi-homer game (two HR)...he wound up hitting .310 with seven homers in May...during a six-game stretch, June 24 – July 1, he was 8-for 23 (.348) with four homers and 11 RBI...Helton's first eight homers on the year were solo shots, but he delivered a three-run blast off Sean Bergman June 24 vs. Houston to end the streak...at the break he was hitting .273, and with a homer to close the first half July 5 at San Diego, he had 13 homers and 45 RBI...he hit safely in the first seven games after the break, including a career-high four hits July 14 vs. San Diego...Greg Colbrunn's July 30 trade to Atlanta officially ended the club's first-base platoon and Todd proved in August that he could hit lefties as well as righties...Helton led the majors in August with a .398 average, hitting safely in 24 of his 29 games with 29 RBI in the month...he produced 12 multi-hit games in August, including consecutive four-hit contests August 27 and 28 vs. Chicago...he went 5-for-8 in an August 18 doubleheader at New York, pushing his average past .300, where it would remain the rest of the year...he had at least one RBI in seven consecutive games August 22-28 (13 total) and finished second to Jeff Kent in the NL Player of the Month balloting...his average rested at .316 entering September, but he hit safely in nine of 10 games, September 4-13 (17-for-38, .447), driving it to .321...he notched his fourth and final four-hit game of the season, September 4 vs. San Diego...a sprained right wrist during an at-bat September 13 at San Francisco kept him out of action during the Los Angeles series, September 14-16...on September 23 vs. Arizona, he was 3-for-5 with a double, two homers and a career-high five RBI...his 25th and final homer was a three-run blast in the season finale, September 27 vs. San Francisco; the homer played a key role in helping the Rockies erase a seven-run deficit to beat the Giants...on the year 12 of Helton's 25 homers either tied the game or put the Rockies in front...12 of his 25 homers came on the road...vs. left-handers, he started the year 0-for-12 with five strikeouts, but ended the season with a .304 mark, collecting 34 hits in his last 100 at-bats (.340) vs. southpaws, including five doubles and five homers...his .386 average with men in

scoring position led the Rockies and was fourth-best in the NL.

Career Highlights: 1997 — Little more than two years after being drafted, Helton was packing his bags for the majors...he opened the season at AAA Colorado Springs and hit .352 in 99 games with 16 homers and 88 RBI before the Rockies called August 1...at Colorado Springs he earned All-Star honors at first base, where he played 78 games (he also played 22 in the outfield)...Todd made a memorable major-league debut August 2 at Pittsburgh batting fifth and starting in left...he flied out in his first at bat but singled in his second trip off the Bucs' Francisco Cordova for his first major-league hit; after a walk he belted his first big-league homer, a solo shot off Marc Wilkins...he picked up two more hits and his second homer the next day at Pittsburgh...Helton hit safely in his first four games in the majors (7-for-16)...he went 3-for-12 as a pinch-hitter and homered off Cincinnati's closer, Jeff Shaw, on August 25...Todd preserved a shutout and 1-0 lead at Atlanta September 14 when he gunned down Ryan Klesko at the plate from left field (the Rockies went on to blank the Braves, 4-0)...on the season he made 14 starts in the outfield (13 in left and one in right) and posted two assists...he also started seven games at first base

1996 — Helton opened his first full pro season with AA New Haven, but by late July he'd moved up to Colorado Springs...the Eastern League named him the first baseman on its midseason and postseason All-Star teams, despite his July departure...he debuted in AAA July 30, going 3-for-4 at Tucson...after three consecutive hitless games in early April, Todd did not go more than two consecutive games without a hit, including his stint in AAA...named the best defensive first baseman in the Eastern League.

1995 — The first position player taken by the Rockies in the first round of the June draft, Helton reported directly to Asheville (A)...he batted .438 during a nine-game hitting streak, his longest of the year...he finished with one homer and 15 RBI, compared to the 20-homer, 92-RBI season he had to close out his college career at Tennessee earlier in the spring...after the regular season, Todd played winter ball for the Maui Stingrays, finishing fifth in the league in batting (.291), while hitting three homers and driving in 22.

College: A quarterback for the gridiron Vols, he started several games during the '94 season in place of an injured Jerry Colquitt...a first baseman/pitcher in the spring, Todd set 19 school records and in 1995, led the Vols to the College World Series, both at the plate and on the hill...he narrowly missed the '95 SEC triple crown, posting the second-best average (.407), while leading in homers (20) and RBI (92)...as a hurler in '95, Helton was 8-2 with a 1.66 ERA and 12 saves; he made four starts on the mound, each a complete-game victory...capping an incredible collegiate career, he was Baseball *America's* '95 College Player of the Year, the SEC's Player of the Year, the Mizuno/*Collegiate Baseball* Co-National Player of the Year and was named All-America for the third straight season.

Ryan McKee

How Obtained: Acquired from the Milwaukee Brewers in the Rule V Draft, Dec. 5, 1994.

1998 Highlights — Jones went to spring training looking to win a major league job and, with a solid spring and injuries to the Rockies' veteran pitching depth, Bobby made his first Opening-Day roster...in his first full big-league season, he opened in the bullpen but eventually moved into a starting role...he set several club records for a left-handed starter before a September knee injury ended his season...he embarked on the year as a long reliever, making 14 consecutive appearances out of the pen before he replaced Kevin Ritz in the rotation...as a reliever, he set season bullpen highs when he worked 4.0 innings and struck out six vs. Atlanta April 19 (Game 1)...in his first start, May 24 at Cincinnati, he notched his first 1998 victory, fanning five and allowing two hits, one run and no walks in seven innings; he retired the first nine hitters he faced, set the Reds down in order six times and faced just one over the minimum...it was the first start by a Colorado lefthander since June 3, 1997, when Bobby started vs. St. Louis, a span of 155 games...Jones recorded his second win with a complete-game victory, June 21 vs. Los Angeles, only the third CG by a Colorado lefthander, the first at Coors Field and the first by a southpaw since Lance Painter went the distance Aug. 29, 1993 at New York...he leaped into the second half by winning three of his first four decisions...Bobby worked in relief vs. Pittsburgh July 27, his only relief appearance after he joined the rotation...in a win August 3 at Pittsburgh, Jones went 8.0 innings and allowed just five hits and two runs, earned...he then dropped three consecutive starts and his record fell to 5-7...Jones evened his record at 7-7 when he won August 29 vs. Chicago, fanning a career-best eight hitters...he made his final start September 14 at Los Angeles and was charged with the loss despite allowing just two runs, one earned, in 7.0 innings; he carried a shutout into the eighth but when he fielded Trenidad Hubbard's sacrifice bunt with no out, he sprained his left knee and threw the ball down the right field line (the error allowed the first run of the game en route to an LA win)...the Rockies went 12-8 in the 20 games that Jones started...the 20 starts set a single-season franchise record for a lefthander and his 24 career starts were also a club record among lefties...as a starter, Bobby was 7-8 with a 5.28 ERA (121.0 ip, 71 er) and was at his best over his last five starts, going 2-1 with a 3.73 ERA (31.1 ip, 13 er) and 34 strikeouts...he worked at least 6.0 innings in 14 of his 20 starting assignments and allowed three or fewer earned runs in eight starts...Jones allowed hitters a .282 average, tied with John Thomson for the lowest among Colorado starters...Bobby allowed just one homer to a left-handed hitter, the last homer he allowed on the season, to Florida's Cliff Floyd...he worked 141.1 innings, becoming the third rookie in Colorado history to eclipse 100 innings (John Thomson, 1997; Armando Reynoso, 1993).

Career Highlights: 1997 — Jones began the season as a Colorado Springs (AAA) starter, but he joined the Rockies and made four starts before returning to AAA to finish the year...at Colorado Springs he won five of his first

six decisions...Jones earned his recall May 17 and made his major-league debut at Shea Stadium the next day, getting a no-decision vs. the Mets ...he recorded his first win in his next start May 23 vs. Houston...after two more starts, the Rockies optioned him back to AAA June 8...Bobby struck out a season-high nine at Salt Lake August 11...his final three appearances of the season were in relief.

1996 — Bobby's first full season at AAA marked the first time he was used exclusively in relief...Bobby earned his first AAA save with 4.0 innings of work at Albuquerque on April 23...his best overall work took place July 2 – August 13, when he gave up four earned runs in 23.2 innings (16 appearances), a 1.53 ERA.

1995 — Jones made three round trips between AAA and AA New Haven...he opened the year in the Colorado Springs rotation, then went to AA in early May with a 7.16 ERA...he again treked cross-country for an emergency start June 19, then returned to AA...Bobby earned his first pro save July 3 at Portland...after one more stint at AAA, Jones finished the season with the Ravens as a full-time reliever...he allowed just one run and notched a save in four Eastern League playoff appearances.

1994 — He pitched the entire season, his last in the Milwaukee chain, at Stockton of the California League.

1993 — Bobby led Beloit in starts (25) and innings (144.2) and finished second with 115 strikeouts.

1992 — Jones kicked off his pro career at rookie-level Helena.

Personal: Robert Mitchell (Bobby) Jones...he is single and makes his off-season home in Rutherford, N.J., in the shadows of Giants Stadium...a 1990 graduate of Rutherford High School, he attended Chipola (Fla.) Junior College...drafted by the Milwaukee Brewers, he signed as their 44th round pick in the 1991 June draft.

1998 Highlights: Kile worked a club-record 230.1 innings and tied the team record with 35 starts, also a personal best...it was the third consecutive season Kile has made 30 or more starts and worked 200.0 or more innings...he also set the team records for strikeouts in a game (14), consecutive scoreless innings by a starter (17.0), most innings pitched in one start (10.0), and fewest hits allowed in a complete game (2); in addition, he tied the team record for hitless innings to start of a game (5.1) and endured an eight-decision losing streak, tying another team mark...he provided the Rockies with 6.0 innings or more in 29 of his 35 starting assignments and went 7.0 or more innings 19 times...in five of his losses the Rockies either scored one run or were shutout...with the bat, Kile's 18 hits tied Tom Glavine for the league high among pitchers and set a Colorado single-season record...the Rockies' Opening-Day starter March 31 at Arizona, Darryl earned his first victory in a Colorado uniform with 7.0 innings of one-run baseball...DK won at Atlanta April 25, the first of four straight wins to set his season high...on April 30 at New York, he tossed the Rockies' first complete game and first shutout, blanking the Mets on four hits; he carried a no-hitter through 5.1 innings to tie a club record and earned the 1,000th strikeout of his career when he fanned pinch-hitter Craig Paquette in the sixth (the complete-game shutout marked the seventh of his career)...that outing began a three-start stretch, April 30 – May 10, in which he tossed 17.0 consecutive shutout innings, establishing a franchise record among starters...on May 5 at Philadelphia he kept the string going despite taking a line-drive off his right knee; he had to leave after that inning, the fifth, but made his next start...on May 10 at Montreal, the streak ended in the fourth inning but Kile still registered the win...the victory at Montreal, though, was his last before the break as he went exactly two months and 11 games, 10 starts, between wins...he lost eight consecutive decisions to tie the club record (Greg Harris 1994) and tie his career high (1992)...in five of his 10 starts during that stretch he allowed two runs or less...the Rockies offense, however, generated a total of eight runs in the 51.0 innings Kile worked during his eight losses, and only 15 runs in the 66.0 innings he pitched during his 10 winless starts...three of those losses were 2-1 finals, and one was 2-0...during the stretch, the only start in which he did not work at least 6.0 innings was at Seattle July 2 when he was tagged for 10 runs...his only relief appearance of the season, and first since 1996, was at San Diego in his final game before the break, July 5...in his first start after the break, July 10 vs. San Francisco, Kile broke the streak with an 11-2 win, his first at Coors as a Rockie...Kile worked twice on three days rest in 1998, and lost both times, allowing 13 earned runs over 9.0 innings...August 4 marked his shortest outing of the year, 1.2 innings at Pittsburgh, matching the shortest start of his career (June 13, 1996 at San Francisco)...he bounced back to post three consecutive wins, walking just three and fanning 25 in 19.0 innings during the streak...during his final start in that stretch, August 10 at Montreal, in just 7.0 innings, he set the single-game club record and career high with 14 strikeouts... on

September 10 vs. Florida, he established a team record by allowing only two hits in a complete game; he fanned 12 in the contest, a 3-1 victory, and allowed a run in the ninth...at San Diego Sept. 20, he turned in a 10-inning masterpiece to beat Kevin Brown and the Padres, 1-0, becoming the first pitcher in franchise history to work more than nine innings in a game; Colorado plated a run in the 11th and Dave Veres preserved the win...Kile retired 19 of the last 20 hitters he faced and needed only 103 pitches to work 10 innings; only once did he allow a San Diego runner past first base, when Quilvio Veras' fly ball dropped for a double in the first; Kile struck out the side in the fifth on just 11 pitches...Darryl pitched his best baseball over his last 10 starts; he was 6-3 in the 10 outings with a 3.60 ERA (75.0 ip, 30 er), 16 walks and 67 strikeouts...Kile finished with a .254 batting average (18-for-71); of his club-record 18 hits, he had five doubles to go along with five RBI and nine sacrifice hits...Darryl recorded a career-best three hits vs. Cincinnati April 10.

Origin of the Rockies Name & Colors

Colorado's Major League Baseball expansion franchise received its identity July 5, 1991, the day owners unanimously approved Denver and South Florida as baseball's newest teams. The name was picked by the Colorado Baseball Partnership, who'd campaigned to the expansion committee as the "Timezone Without a Team." Ownership also chose the more inclusive "Colorado," as opposed to "Denver," to acknowledge the incredible number of season-ticket deposits it had received from across the region. Team colors were chosen to represent Colorado's majestic mountains (purple) and to reflect the state's rich mining history (silver). The franchise's image was also inspired by Katherine Lee Bates, who wrote the song *America the Beautiful* from the top of Colorado's Pikes Peak in 1893. The Rockies aren't the first major sports franchise known as "Colorado Rockies." The NHL's Colorado Rockies skated at McNichols Arena before heading east to become the New Jersey Devils.

Double Dips

The Colorado Rockies have played two times in the same day on 14 occasions, but only eight of those twinbills count statistically as doubleheaders. When a Rockies game is postponed at home and rescheduled, the tremendous fan support causes some logistical problems. It would be impossible to fit fans from a postponed game into Coors Field with fans from a regularly scheduled game. Therefore, the Rockies have played six "split" doubleheaders since opening their new home. The following is a look at the club's performance in doubleheaders and split doubleheaders...

How Obtained: Signed as a free agent, Dec. 21, 1995.

1998 Highlights: He started 66 games and caught 618.2 innings, or 43 percent of the staff's frames...with the bat, Reed was again a solid left-handed hitter, posting a .290 average with nine homers and 39 RBI...a career .252 hitter, Jeff has swung the bat at a .290 clip and averaged 11 homers during his three seasons in Colorado...the veteran threw out 26 percent (15 of 57) runners attempting to steal...a strong pinch-hitter, he went 9-for-30 with two homers and 10 RBI in that role...a distinctly different hitter in the second half; before the break he hit .257 with five doubles, six homers and 16 RBI in 59 games, but after the All-Star Game, he batted .325 with 12 doubles, three homers and 23 RBI in 54 contests...he hit .302 with a pair of homers and seven RBI in his first 15 games...he homered in consecutive starts May 15 and 17...on June 7 at Anaheim, he was involved in a ninth-inning collision at home plate; as Reed was making the tag, Dave Hollins' cleat sliced Jeff's right cheek and the resulting cut required 12 stitches to close...the club originally intended to place Reed on the DL, but he pinch hit the next two nights and then started behind the plate five days later at Los Angeles...however, his offense suffered as he went into the All-Star break 8-for-his-last-37 (.216)...to close out July, he went 10-for-27 with two doubles, a homer and eight RBI, boosting his average 14 points to .271...he saved his season's best month for August, hitting .383 in (18-for-47) with eight doubles, a homer and 11 RBI in 20 games...he was 6-for-7 with five runs, three doubles and two RBI in consecutive games August 2 at Chicago and August 3 at Pittsburgh...he collected four hits in the Pirates game, his most as a Rockie and most since May 6, 1995...on August 16 vs. Philadelphia, he blasted his second pinch homer of the season, a grand slam off Ricky Bottalico that put the Rockies within a run in a game they had trailed 7-0; the homer marked the fifth pinch grand slam in franchise history and the second of Reed's career, and in one swing, the four RBI were Jeff's season high...he hit safely in seven of eight September games to run his season average to .298...he never saw .300, though, finishing the season 2-for-his-last-14.

Career Highlights: 1997 — In his second season with Colorado, he bettered his '96 totals, setting career marks in homers (17) and RBI (47)...Jeff started 67 games and caught 603.0 innings, 42 percent of the staff's innings...he threw out the first six trying to steal and 10 of the first 16...at season's end, he'd thrown out 33 percent (23 of 69) potential base thieves...Reed picked up seven hits, including two homers and six RBI, in his first five games...he hit .300 or better in each of the first three months and was hitting .312 at the break...Reed batted .370 in August...he built a career-best 10-game hitting streak August 13 – September 2 (17-for-38, .447) with four homers and 12 RBI, bumping his average 28 points during the hot spell...Jeff posted a pair of two-homer games vs. Los Angeles, the first on July 14, when he took Pedro Astacio and Todd Worrell deep at Coors Field, and then on September 19 at Dodger Stadium, where he touched Hideo Nomo and Rick Gorecki...for the year he had seven hits vs. Los Angeles pitching, five of

which were homers...saw right-handed pitching almost exclusively and hit .313 (71-for-227) with all of his 17 homers off right-handed slants...Jeff was a .229 hitter (5-for-29) in limited duty vs. lefthanders...only Larry Walker hit better than Jeff's .346 mark with two outs and runners in scoring position.

1996 — Reed hit six homers in his first 32 games, but only two in his last 84...after June 7, Jeff did not go more than two consecutive games without a hit...Jeff collected two steals, his first big-league swipes since 1988.

1995 — During his last of three seasons with San Francisco, he started 24 games behind the plate, all vs. right-handed pitching...his best offensive contest was May 6 in San Diego, a 4-for-4 performance...he intercepted 12 of 28 (42.9 percent) would-be stealers...Jeff was the final out in a pinch-hit role in Coors Field when the Rockies clinched their wild-card berth.

1994 — Limited to 19 starts, his only home run came August 6 at Houston, a three-run, ninth-inning blast off John Hudek

1993 — Reed made the Giants as a non-roster invitee and made 23 starts as their second catcher...the club was 17-6 in games Jeff started, as he hit safely in 17 of those at a .321 clip (25-for-78)...Reed recorded six homers, two as a pinch-hitter...he pegged 42.9 percent of base stealers (12 of 28)...a strained left hamstring put him on the DL June 30 – August 3.

1992 — His final season with the Reds was injury-riddled, as he appeared in eight games before going on the DL with a right elbow injury; he underwent arthroscopic surgery to remove bone spurs May 5...after a rehab assignment at AAA Nashville, the Reds activated him September 1.

1991 — Jeff platooned the majority of the year with Joe Oliver, though second-half injuries limited his playing time...Reed hit his first career grand slam June 25 at home off San Diego's Andy Benes...he was hitting .281 before a home-plate collision with Houston's Eric Yelding on June 30; he fractured three ribs and sprained his ankle.

1990 — He hit .170 prior to the All-Star break, but bounced back to hit .287 in the second half...Jeff batted .308 in July and .302 in August, helping the Reds pull away in the NL West...he started two games in the NLCS vs. Pittsburgh, going 0-for-7, and didn't see time in the World Series.

1989 — Reed started 87 games for the Reds, sharing the catching duties all season...May 1 at Montreal vs. his old mates, he went 5-for-5 with a homer and three RBI.

1988 — He opened the year with the Expos, who traded him to Cincinnati on July 13 as part of a five-man deal...he worked in a platoon role until a knee injury felled Bo Diaz and made Reed the everyday catcher.

1987 — Reed was traded from Minnesota to Montreal February 3 in a

1998 Highlights — Kevin entered spring training as one of several candidates for the starting rotation, but a series of injuries continued to plague him...after July surgery ended his 1997 season, the Rockies placed Ritz on the 15-day disabled list March 20 with right shoulder weakness...he made seven combined minor-league rehab starts (four at AAA Colorado Springs and three at AA New Haven) during the first month...then, on May 7, the Rockies reinstated him and handed him the ball May 11 at Pittsburgh; Ritz surrendered 10 hits in five innings and allowed five runs, receiving the loss...his next start came with similar results, May 16 vs. Milwaukee; the Brewers scored four and touched Ritz for seven hits and six total runs in his four innings, tagging him with another loss...the start against Milwaukee marked his final appearance, as the Rockies placed him back on the 15-day disabled list, again with right shoulder weakness, May 27...he underwent surgery on the pitching shoulder June 23 in Birmingham, Ala.; Dr. James Andrews repaired a rotator cuff and labral tear in the shoulder and the club transferred Ritz to the 60-day disabled list June 25.

Career Highlights: 1997 — The Rockies' Opening-Day starter for the second consecutive year, he won his second start, his 34th career win as a Rockie, to become the winningest hurler in club history...by the end of the '97 season he had upped that total to 39 victories and also took over as the career leader in innings pitched (567.1)...he began to feel pain behind his right shoulder while warming up for his start June 15 at Oakland; he lost that outing but tossed his fourth career complete game June 28 vs. San Francisco; the six-hitter would be his last victory of the season...he lost his next start, July 3 at Texas, and then was unable to get ready for his next assignment, July 10 vs. San Diego, due to pain in the shoulder...he became the final member of the Rockies rotation that opened '97 to go on the disabled list when he was placed on the 15-day DL July 12 with a torn right labrum...he underwent surgery July 17 to repair the tear and was transferred to the 60-day DL on September 6...he stole home June 5 vs. San Diego, becoming the first pitcher since Rick Sutcliffe (7/29/88) to swipe the plate.

1996 — Kevin established career bests and club records in starts (35), innings (213.0), and wins (17, third in the NL)...Kevin tossed the first complete game by a Rockies hurler in Coors Field, and his first since 1989, a 5-4 victory over the Marlins May 5...he set a personal best with a six-game winning streak (May 22-27), doubling his previous best...he went 4-1 in September.

franchise history, going 5.1 innings vs. the Braves on October 3; pressed into service in Game 4 he went 1.2 innings of relief on three days rest, allowing five hits and four runs...he got his first big-league hit with a single off Pat Rapp on May 14 in Florida and wound up with nine hits on the year.

1994 — After missing all of '93 due to elbow surgery, Kevin began the year at AAA...the Rockies promoted him May 25 and he made his NL debut that day vs. Cincinnati...his first win came on May 30 in Shea Stadium, a 12-2 defeat of the Mets...he posted the club's final win of '94, going 5.2 innings in Colorado's first-ever win over Atlanta, a rain-shortened 1-0 triumph.

1993 — Kevin went to spring training with the Rockies, but battled an arm problem that led to having his right elbow surgically reconstructed by Dr. James Andrews, and he missed the entire campaign.

1992 — Ritz's season was shortened due to the start of his elbow problems, as he suffered from tendinitis in late July...he opened the year in the pen, making 11 appearances; he entered the rotation May 29.

How Obtained: Selected in the seventh round of the 1993 June draft.

1998 Highlights — In John's first full season in the Rockies' rotation, he finished with a career-high eight wins, despite missing a month of action with a blister on his right middle finger...he was the only starter to post an ERA under 5.00 and against Thomson opposing hitters batted just .282, tied with Bobby Jones for the lowest among starters...especially effective on the road, he was 5-6 with a 3.45 ERA, holding hitters to a .240 average in 15 road starts...John made 26 starts on the year and most of his problems arose in just four starts; in each game during that quartet, he allowed seven or more earned runs, going 0-4 and allowing 32 earned runs in just 16.1 innings...however, in his other 22 starts, he was 8-7 with a 3.36 ERA (144.2 ip, 54 er)...he recorded his first win of the year in his first start, April 1 at Arizona, with a brilliant performance; he fanned four in 8.0 innings and allowed just three hits, no runs and two walks, combining with Chuck McElroy to shut out the Diamondbacks...he was tough on Arizona all year, finishing 2-0 with a 1.06 ERA (17.0 ip, 2 er) and allowing just seven hits and three walks while striking out 15...on June 4 vs. Arizona he tossed his first complete game of the year, third career, fanning a career-high 11 and allowing one walk on four hits...after logging 8.2 innings in a no-decision at San Francisco June 15, he arrived at the ballpark for his next start, June 20 vs. Los Angeles, and began his pregame bullpen routine; however, a severe blister on his right middle finger kept him from his start and the club placed him on the DL (retroactive to June 16)...he did not return until July 26, spending 40 days on the DL and missing 34 games...John won three consecutive games over four starts, August 6-23...on August 6 at Pittsburgh, he earned his second complete game of the year, holding the Bucs to just four hits and one run...the complete game came the day after Jamey Wright's complete game, giving the Rockies successive complete games for the first time in franchise history...the winning streak evened his record at 8-8, but then John lost his last three decisions...in 14 starts before going on the DL, John was 5-6 with a 5.02 ERA; after returning, he went 3-5 with a 4.40 in 12 starts.

Career Highlights: 1997 — Thomson opened the year at Colorado Springs (AAA) but by the end of the season he was a key component in the Rockies starting rotation...in his final AAA outing he struck out 14 in 7.0 innings at Tucson May 5...called up May 9 by the Rockies, he made his major-league debut May 11 at Philadelphia and was charged with the 3-1 loss despite seven Ks in 7.0 innings...he then allowed three earned runs in his next two starts (11.2 innings), but still came away with two more losses to drop his record to 0-3...John lost his fourth consecutive start May 27 to St. Louis but finally broke into the winner's circle at Florida June 1; he tossed a seven-hit complete game with two walks and six strikeouts, and helped his cause by going 4-for-4 (a record hit total for a Rockies pitcher) with three RBI...Thomson fanned eight vs. Chicago July 27, pitching eight shutout innings to earn the victory...he threw his first career complete-game shutout August 6 at New York, a four-hitter in which he allowed only two Mets as

far as second base...in seven of his nine losses the Rockies scored three runs or less...he pitched 7.0 innings or more in 11 of his 27 starts and at least 6.0 innings in 19 starts.

1996 — He split his first six decisions at AA New Haven (eight starts), which included 10- and 11-strikeout performances vs. Portland...in a three-start stretch May 5-25, John had 23 Ks in 18.1 innings, allowing three earned runs (1.47 ERA)...John earned a spot in the AA All-Star Game and a promotion with his May performance: 5-1 with a 2.08 ERA...he went 8.0 shutout innings in his AAA debut at Vancouver July 12, fanning seven in a win...during his four victories he compiled a 0.93 ERA; during the seven losses his ERA was 7.08.

1995 — In Thomson's first taste of AA, he went 4-1 with a 2.20 ERA in May, but was 0-4 in August...John recorded a season-best nine strikeouts in Game 1 of the Eastern League championship series.

1998 Highlights: Providing an encore to his spectacular MVP season, Larry compiled a .363 average to win the NL batting title by 10 points...he also earned his second straight Rawlings Gold Glove, the second in franchise history and the fourth of his career...Walk became only the third player in the past 60 years to post successive seasons of .360 or better...he is the first Canadian-born player this century to win a batting title; St. Louis' Tip O'Neill won the American Association title in 1887...Larry captured the league lead September 2 and held it the rest of the season, hitting .528 (28-for-53) in September with four doubles, three homers and nine RBI...since the beginning of 1997, he has raised his career average 20 points to .305...he stormed to the finish line by batting .402 after the break, the best mark in the majors...Walk became the second Rockie to win a batting title (Andres Galarraga, 1993) ...Walker built a career-best 20-game hitting streak, May 4-25, three games short of tying Bichette's club record...during the streak, the NL's second longest in '98, he hit .342 (27-for-79) and his average actually fell from .350 to .347...among NL leaders, he also finished eighth in runs scored (113), fourth in doubles (46), third in on-base percentage (.445), and third in slugging percentage (.630)...he hit safely in 15 of his first 17 games, including three hits and a career-high three stolen bases vs. Atlanta April 19 (Game 1)...over a longer stretch, he hit safely in 49 of his first 56 games, but with nagging elbow soreness, he hit just one homer through April...he opened May, however, by hitting three homers in his first five games...the third homer in that streak, May 6 at Philadelphia, was a pinch-hit grand slam off Jerry Spradlin; Larry's second career slam, the game-tying shot capped a five-run Rockies rally, but the club lost in 10 innings...Larry had at least one double (seven total) in five straight games, May 14-18; he went on to tie his 1997 career high with 46 doubles in 1998, averaging one double every 10 at-bats...after his 20-game hitting streak ended, May 27, he hit safely in his next eight games...his second grand slam of the season (third career) came May 29 vs. Houston; the homer off Doug Henry gave Walker a season-high five RBI...Larry finished with 67 RBI, his fewest in a full season since his 64 in 1991 with the Expos...despite the elbow, he made just one trip to the disabled list, June 18, and returned for the final series before the All-Star break, at San Diego July 3-5...fans elected him to his second consecutive NL All-Star lineup and his third overall appearance; Walker, who garnered the sixth-most votes (1,744,944), started in center field at his home park and went 0-for-1 with a walk and run scored...he came out of the break cold, going 6-for-his-first-32 (.188) and his average slipped to .314, the lowest since April 5...he had two hits the next day, August 19, and from that date on he hit .440 (78-for-177)...during a seven-game homestand, July 23-28, he was 15-for-27 (.556) with three doubles, two triples, four homers and nine RBI, boosting his average from .319 to .340; the surge took him from 10th place, 20 points behind the leader, to second place, just three points back...on July 28 vs. Pittsburgh, he belted two homers, his first of twin two-homer games in 1998...his only four-hit game of the season, August 1 at

Chicago, gave him a nine-point lead in the batting race...he sprained the middle finger on his right hand swinging at a 3-0 pitch in the second game of a doubleheader at New York August 18...he appeared as a defensive replacement in two games, August 23 and 24 at Philadelphia, but could not swing a bat until a pinch-hit appearance August 26 vs. Milwaukee; the injury kept him from starting until August 27 vs. Chicago...after returning to the lineup, he had seven hits in his first 13 at-bats, with two doubles and two homers...Larry went 1-for-1 with a career-high four walks vs. San Diego September 4; he would not relinquish the batting lead after that night...he missed the entire Los Angeles series, September 14-16, with back spasms, which kept him from starting nine of the Rockies' final 17 games...Walk did pinch-hit in four games, including a key 11th-inning double, September 20 at San Diego, which led to the game's only run in a 1-0 Kile-Brown duel...he pushed his final average over the .360 mark in the season's last two games vs. the Giants, September 26 and 27, going 5-for-8 with one double, one homer and two RBI...not only did Walker hit .402 in the second half, but he also compiled a .699 slugging percentage and a .480 on-base percentage after the break...he hit .350 or better vs. eight different NL clubs, including Chicago, (.500, 18-for-36, five doubles, three homers and eight RBI)...vs. righthanders, he batted .381, compared to .321 vs. southpaws...Walker was the first hitter other than Tony Gwynn to win an NL batting title since Galarraga won it in 1993, the Rockies' inaugural season.

Career Highlights: 1997 — Larry completed a season that reached historic heights and will be remembered as one of the finest in National League history...in November he was rewarded, in a landslide vote by the BBWAA, with the NL Most Valuable Player, becoming the first Rockie and native Canadian to win the most coveted individual honor...Walker won the MVP in his team's fifth year of play and no previous expansion-team player had won it until his club's 11th season (Toronto's George Bell, AL, 1987)...Walk received 22 of 28 possible first-place votes and finished with 359 points to outdistance Mike Piazza, who had 263 points...he came within four hits and 10 RBI of winning the league's first Triple Crown in 60 years, but he did win a Silver Slugger for offensive excellence at his position...Larry topped the league with 49 homers, ranked second with a .366 batting average, and finished third with 130 RBI...not all the damage was done at Coors Field either, as he led the league with 29 road homers and his .346 road average was third-best among NL hitters...he also led the league with a .720 slugging percentage, the fifth highest in NL history; he became only the 14th player to top 400 total bases in a single season (409), the most in the majors since Stan Musial had 429 in 1948...only nine players in the history of the game had amassed more total bases in a single season—Joe Dimaggio, Jimmie

Jamey Wright

Right-Handed Pitcher

Ht: 6-5 **Wt:** 221 **B/T:** R/R
Age: 24 (turns 25 on December 24)
Born: 12/24/74 in Oklahoma City, Okla.
Residence: Oklahoma City, Okla.
Major League Service: Two years, 90 days
Contract Status: First year of a one-year contract, through 1999

21

How Obtained: Selected in the first round of the 1993 June draft.

1998 Highlights — Jamey marked his first full season in the Rockies' starting rotation with career highs in wins (9), starts (34), innings (206.1) and strikeouts (86)...he became the third pitcher on the staff to work 200.0 innings, joining Darryl Kile and Pedro Astacio; prior to 1998 only Kevin Ritz (1996) had topped 200.0 innings in a season...after an excellent spring training earned Wright the fourth starter's job, he stumbled out of the gate, losing his first two starts; in 7.2 innings he allowed 14 hits, 13 earned runs and 11 walks...however, he notched a pair of wins over Atlanta in his last two April starts...in Game 2 April 19 vs. Atlanta, he defeated Dennis Martinez and then, April 26 at Turner Field, he topped Greg Maddux...Jamey was 2-3 with a 3.83 mark in May, his best month of 1998...in six starts April 13–May 13, he worked 38.1 innings and allowed 24 runs, but 18 of those tallies came in just five different innings...his two wins in May came in consecutive starts, May 17 vs. Milwaukee and May 22 at Cincinnati; in those outings, he gave up just two earned runs over 14.1 innings...Wright registered a win at Los Angeles June 13, improving to 5-6, but his next win didn't come until August 5...during those 10 starts, he went 0-4, pitching at least 6.0 innings in seven of them; four times during the spell, the Colorado offense managed two runs or less...he turned in his second career complete game August 5 at Pittsburgh, a five-hitter in which he matched his season high with five Ks; for only the second time in 66 major league starts, he did not issue a walk, and he also hit his first pro home run, a two-run go-ahead shot in the fifth...Wright induced the third-most double plays in the majors; in his August 5 gem, he even induced Tony Womack, something no other pitcher could accomplish in 918 consecutive at-bats, to halt a major-league record...he opened the final month with his eighth victory, at Milwaukee September 1, tying his career high in wins...he established a personal best in his next start, September 6 vs. San Diego, with a strong, 8.0-inning performance to defeat the eventual NL Champion...on September 22 vs. Arizona, Jamey became the fourth hurler in Rockies annals to eclipse 200.0 innings...Wright did his best pitching of the season over the final two months of the year, going 4-4 in his last 10 starts, posting a 4.43 ERA (69.0 ip, 34 er)...and, excluding a loss August 16 vs. Philadelphia in which he allowed seven earned runs in 3.0 innings, he was 4-3 with a 3.68 ERA in his other nine outings...Wright worked 6.0 or more innings in 22 of his 34 starts and allowed three or fewer earned runs 15 times...the Rockies were 17-17 in the 34 games Jamey started, 8-10 on the road and 9-7 at Coors Field...Colorado's offense generated just 43 runs in his 14 losses (3.0 per game) and nine of the Rockies' runs in that stretch came in one loss...with the bat, Wright went 10-for-57, the second highest hit total on the staff behind Kile, and added two doubles, one triple, one homer and four RBI.

Career Highlights: 1997 — Jamey opened the year in the rotation and, like his four fellow starters, injury shortened his season...he won his first two starts, defeating Montreal twice, and got out of the gates at 4-1 with a 3.86

ERA...however, he went on the 15-day DL May 15 with an inflamed sternoclavicular joint and missed 23 games before he was activated June 8...optioned to Colorado Springs 10 days later, he had lost three consecutive decisions...recalled on July 2 after two solid AAA starts, Wright tossed his first career complete game July 24 vs. Chicago, allowing only a Sammy Sosa homer in the six-hitter...he won consecutive starts, September 15 at Florida and September 20 at Los Angeles, allowing just one earned run in the two outings (13.2 innings).

1996 — Wright opened at AA, cruised through AAA, and joined the Rockies in July...Colorado purchased his contract July 2 and Jamey made his major-league debut at San Francisco July 3; in a no-decision, he allowed a run on four hits, with four Ks in 6.0 innings...he posted his first big-league win on July 17 vs. San Francisco, allowing one earned run on four hits in 7.0 innings...Jamey also got his first base hit that day, doubling off Osvaldo Fernandez; a costly hit, his slide into second caused damage to his knee that would need repair after the season...Wright became just the second Rockies hurler to win two against Atlanta in the same season, joining Darren Holmes...at AA New Haven to open the year, Jamey didn't allow a run until the eighth inning of his fourth start; the league didn't score an earned run on him until his fifth start...in seven starts at AA, Wright had a trio of 10-strikeout outings...he made an victorious debut at AAA Colorado Springs, working 8.0 innings vs. Tucson May 17...in his last AAA start on June 27, Jamey shut out Edmonton, fanning seven...*Baseball America* named him the third-best prospect in the Eastern League after only seven starts.

1995 — Wright spent most of the year at Salem (A), where he tied for the league lead with 171.0 innings, but he finished in AA New Haven's postseason rotation...Jamey earned the win in a combined shutout to send New Haven to the playoffs, then lost the deciding first-round contest to Reading.

1994 — Jamey pitched the season at Single-A Asheville of the South Atlantic League.

1993 — After signing his first pro contract, the 18-year-old hurler reported to Chandler, Ariz., where he made eight starts.

Personal: Jamey Alan Wright...he is single...a 1993 graduate of Westmoore High School in Moore, Okla., he lettered in both baseball and basketball...as a senior, Jamey was named second-team High School All-America and the Gatorade Player of the Year in the Southwest region, going 7-2 with a 0.57 ERA, fanning 94 in 62.0 innings...his right knee was repaired twice during the '96 off-season, and once after the '97 campaign, each time by Dr. Wayne Gersoff...he made Winter Caravan stops in Steamboat Springs, Colorado Springs and Fort Collins, Colo.

Baseball 101: Rule 10.18 (i)

When pitchers are changed during an inning, the relief pitcher shall not have the benefit of previous chances for outs not accepted in determining earned runs.

NOTE: It is the intent of this rule to charge relief pitchers with earned runs for which they are solely responsible. In some instances, runs charged as earned against the relief pitcher can be charged as unearned against the team.

Spectacular Big-League Debuts

Derrick Gibson turned in the best overall offensive debut in club history Sept. 8, 1998 vs. Florida, but few people heard about it. On the night Mark McGwire broke Roger Maris' single-season home run record, Gibson kicked off his career with a four-hit performance. He tied a modern big-league record, becoming the 14th player this century to get four hits in his first game. Gibson, who delivered an RBI double in his first plate appearance, was also the first to go 4-for-4 in his debut game since Boston's Ted Cox in 1977.

Mark Brownson on July 21, 1998 at Houston became just the 72nd pitcher this century to throw a shutout in his first major-league game. The righthander took a no-hitter into the sixth and allowed just four hits all night. With his parents in the stands, he blanked the Astros, the NL's top run producer. The performance was the seventh complete-game shutout in Rockies history.

And, at Cincinnati on May 14, 1993 **Jay Gainer** became the 12th player to homer on his first major-league pitch, an offering from Tim Pugh.

COLORADO'S 10 MOST MEMORABLE WINS

IN CHRONOLOGICAL ORDER

Colorado 11, Montreal 4

April 9, 1993 ◆ Mile High Stadium

Eric Young, in the first major-league game in Denver, delivered a leadoff home run, a 3-2 shot into the left-field seats. Four batters later, Charlie Hayes answered with a homer of his own, helping Colorado to an unforgettable four-run first. The Rockies drew 80,227 to establish baseball's single-game attendance record, setting the pace for the single-season mark they'd own at the end of the year. Behind starter Bryn Smith, the Rockies earned their first franchise win, rewarding fans who'd waited 100 years for big-league baseball in Colorado.

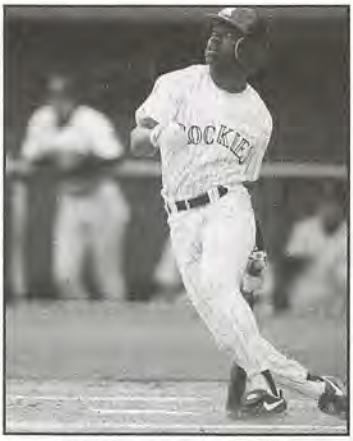

Colorado 12, Cincinnati 7

Sept. 26, 1993 ◆ Mile High Stadium

He hit only three home runs the entire season, but in the Rockies' home finale, Eric Young homered twice. The second baseman finished the home schedule the way he started it, with the long ball. Colorado drew 70,069, the ninth time the Rockies cracked 70,000 in their inaugural season. The crowd topped off Colorado's attendance at 4,483,350, the largest single-season draw by any baseball team in history.

April 26, 1995 ◆ Coors Field

On a frigid evening, Dante Bichette christened the Rockies' new park with a dramatic homer, a three-run clout to beat the Mets in the bottom of the 14th. Colorado lost the lead twice in extra frames, including the final inning, before Bichette's homer catapulted them to victory. Rico Brogna hit the first homer in the park's history, and Todd Hundley followed with the first Coors Field grand slam. With two out in the ninth and the Rockies down 7-6, new acquisition Larry Walker delivered an RBI double to send the game into the 10th. The two teams combined for 32 hits off 14 total pitchers, giving the baseball world a glimpse into the future of the majors' most exciting ballpark.

Colorado 10, San Francisco 9

Oct. 1, 1995 ◆ Coors Field

The Rockies clinched a postseason berth in the franchise's third season, five years faster than any expansion team in history. And, by beating the Giants, Colorado became the National League's first wild-card team, finishing just one game behind first place Los Angeles. The

Rockies clawed back from an early 8-2 deficit, using a pair of four-run innings to take the lead. Holding the Giants in check, the Colorado bullpen retired nine of its last 11 hitters. Curtis Leskanic, the seventh Rockies pitcher, fanned his first two batters in the ninth and induced a slow roller from Jeff Reed to preserve the victory.

Colorado 7, Atlanta 5

Oct. 6, 1995 ◆ Fulton County Stadium

In Game 3 of the NL Division Series, the Rockies produced the go-ahead runs with two out in the 10th, en route to the franchise's only postseason victory. After watching an early three-run lead dissolve, Colorado allowed the game-tying tally in the ninth. But the resilient Rockies made their extra-inning cushion stand, as Mark Thompson retired the Braves in order in the 10th. Vinny Castilla homered and drove in the game's final run.

Colorado 9, St. Louis 8

May 18, 1996 ◆ Coors Field

Few gave the Rockies a chance heading into the bottom of the ninth. With his club on top 8-4, Dennis Eckersley, one of the game's most dominant relievers, entered the game in what wasn't even a save situation. But the future Hall of Famer walked Eric Young to lead off the ninth, only the pitcher's second walk of the season and first unintentional. The next batter, Ellis Burks, blasted a 1-1 pitch over the center field wall and cut the Cards' lead in half. Three batters later, with one out and runners on the corners, manager Don Baylor called for his power-hitting pinch-hitter, John Vander Wal, setting up a confrontation the skipper had been waiting for all weekend. Vander Wal hammered a 1-0 pitch into the visitors bullpen and capped the largest ninth-inning rally in Rockies history. In an eerie contest that could only happen at Coors Field, St. Louis' John Mabry actually hit for the cycle. Larry Walker became the first player to reach the park's third deck with a 475-foot shot in the sixth.

Colorado 16, Los Angeles 15

June 30, 1996 ◆ Coors Field

After three explosive contests to begin their four-game series, the Rockies and Dodgers saved the real fireworks for the finale. In the longest nine-inning game in NL history (4:20), the Rockies erased a one-run deficit in a well-executed ninth. After pinch-hitter Jeff Reed singled home Dante Bichette to tie the contest, with two out, Quinton McCracken produced the game-winning double to score Vinny Castilla. The lead changed hands six times and the teams combined for 38 hits. Dante Bichette was 5-for-6 with four RBI and Eric Young stole a club-record six bases, including three in the third inning. Two Dodgers, Eric Karros and Raul Mondesi, each homered twice, while Mondesi drove in six in a losing cause. The Rockies got at least two hits in every inning except the first, when they had none. During the four-game series, the clubs combined for 85 runs, 25 home runs and 122 hits.

Colorado 8, Cincinnati 4

April 13, 1998 ◆ Coors Field

He wanted only to impress a girl, but he wound up jump-starting the Rockies, and bringing light to the club's darkest homestand. Colorado snapped an

eight-game losing stretch and got its first home win in a chilly but memorable night. In the third inning with the Reds at bat, a naked fan leaped onto the field and attempted a foulpole-to-foulpole sprint, before he was intercepted by security guards. Ironically, the streaker seemed to inspire the Rockies, who scored eight unanswered runs to beat Cincinnati, 8-4.

Colorado 9, Texas 8

June 10, 1998 ◆ Coors Field

Dante Bichette became the first Rockie to hit for the cycle, helping Colorado to beat the Rangers in a 10-inning contest, 9-8. Bichette actually began the evening 0-for-2. However, he had a three-run double in the fourth, a go-ahead solo homer in the sixth, a lead-off triple in the bottom of the ninth and, finally, a two-out RBI single to win the game in the 10th. A month and-a-half later, Neifi Perez answered Dante's cycle, making the Rockies the first NL club in 22 years with a multiple-cycle season.

Colorado 9, San Francisco 8

Sept. 27, 1998 ◆ Coors Field

On the season's final weekend, the Rockies played the most significant role in determining the NL's final postseason entry, other than the teams in contention. In a closely watched three-game series, Colorado hosted the Giants, who came to Denver trailing the Mets and Cubs by a full game. In Sunday's regular-season finale, with the Mets out and the Cubs and Giants tied for first, Houston broke a tie in the bottom of the 11th to beat the Cubs, giving the Giants the temporary lead. However, less than 60 seconds after Houston scored its winning run, with ESPN's national audience shifting to Coors Field, Neifi Perez stepped to the plate. The Rockies' shortstop homered to break an 8-8 tie in the bottom of the ninth, denying the Giants of the final postseason spot and forcing a one-game playoff with the Cubs. Colorado had rallied from a 7-0 deficit to beat the Giants, tying for the second-largest comeback victory in team history.

POSTSEASON HISTORY

1995 National League Division Series

In 1995, Colorado earned a trip to the postseason in the franchise's third year of play, faster than any expansion club in major-league history. The first NL wild-card entry, the Rockies posted the best winning percentage of any third-year club, .535 (77-67).

Although Colorado held a lead in all four games, the Rockies lost to the eventual World Champions, 3-1, in the first-ever NL Division Series. The lone victory came in Game 3, a 7-5 triumph. The linescores from the series with the Braves:

The Rockies and the NL Division Series

When San Diego defeated Houston in the 1998 NLDS Sept. 29, the Padres became the first NL West team to register a postseason win since the Rockies topped the Braves, Oct. 6, 1995. Before the Rockies' victory, the last postseason win by an NL West club came Oct. 3, 1993 in the NLCS, when the Braves beat the Phillies. In the four-year history of the NLDS, the Rockies are the only team to have beaten Atlanta, who moved to the Eastern Division in '94; since the new series' inception, the Braves are 11-1 in NLDS games, including 1998.

Media Information

RADIO ANNOUNCERS

Wayne Hagin

Radio Announcer

The lead broadcaster on the Rockies radio network since the beginning of the franchise, Wayne's familiar voice has become synonymous with Rockies baseball. His strong knowledge of the game follows 16 seasons of broadcasting major league baseball, a career that began with the Oakland Athletics in 1981. In addition to the A's, the Denver native was a member of the San Francisco Giants and the Chicago White Sox broadcast teams before coming home to Colorado.

Baseball was a natural for Hagin, who played collegiately at San Diego State, then was an original at ESPN in 1979. He was mikeside for the network's first-ever baseball telecasts. Hagin displayed his versatility this past year calling Colorado State football for the Rams television network.

Named by the Rockies players as the 1998 Players Choice Denver Media Man of the Year, Wayne, 43, and his wife, Valerie, have two sons, Austin and Taylor, and make their home in Littleton, Colo. The family is active in the community, working with Foster Care for Children, the D.A.R.E. Program and the Make-A-Wish Foundation.

Jeff Kingery

Radio Announcer

There are few individuals who have witnessed more Rockies baseball than Jeff Kingery, who has been in the booth since the team entered the National League in 1993.

Fans have heard Kingery on the Denver airwaves for more than 19 years, as he came to Colorado to call the old Denver Bears, including their American Association championship year of 1981. Now, after 11 seasons as the voice of the Denver Nuggets, Kingery is living his lifelong dream, broadcasting major league baseball.

Raised near San Francisco, he credits the dulcet tones of Dodgers' broadcaster Vin Scully as the reason for his enthusiasm. Thrills have been many for Kingery since the Rockies began, but he recalls the 1995 season as the most exciting, when "every game meant something," he said.

Jeff and his wife, Meryl, make their home in Englewood, with their dog, Columbo. The Kingery's are also active in the community, working with the MaxFund and Easter Seals. What's more, Jeff records for the blind and dyslexic. In his spare time, he plays the guitar in a Denver rock band, E.K.G.

Rockies on KCUV

Almanza

KCUV Radio (1150 AM) kicks off its seventh season of airing Rockies play-by-play action in Spanish.

Antonio Guevara, 34, begins his third season in the Rockies broadcast booth. He hails from Guanajuato, Mexico, though he went to school in California. He graduated from the SAVE Broadcasting School, and has since gained nine years of broadcasting experience.

Guevara

Ulises Almanza returns to the booth in 1998. He assisted with Rockies spanish broadcasts from 1993-94 and also called some 1998 action. A Denver native, he was raised in Mexico and has almost seven years of broadcasting experience.

TELEVISION ANNOUNCERS

Dave Armstrong

Play-by-Play Announcer

Dave Armstrong is in his fourth season as the play-by-play television voice of the Rockies, as he joined Colorado after three seasons with the Kansas City Royals' TV network. He teams with George Frazier to call 125 regular-season Rockies broadcasts.

Armstrong, 44, is no stranger to area sports fans. For more than a decade, Dave has provided play-by-play for Big Eight and Big 12 college basketball telecasts. His television credits also include work with ESPN, the Prime Network and Seattle Seahawks exhibition football.

Raised in Detroit, Dave was an avid Tiger fan throughout his youth. He graduated in 1976 from John Brown University in Siloam Springs, Ark., where he played tennis. Armstrong is also an accomplished golfer. Dave and his wife, Karen, and children, Tiffany and Troy, make their year-round home in Littleton, Colo.

George Frazier

Color Commentator

George Frazier begins his second campaign in the Rockies booth, again teaming with Dave Armstrong to provide fans with exclusive coverage on both KWGN-WB2 and Fox Sports Rocky Mountain.

An experienced broadcaster, George has provided his insights for Home Sports Entertainment, the Baseball Network, ESPN and the Minnesota Twins.

A former major league relief pitcher (1978-87), he went 35-43 in 415 games with a 4.20 ERA and 29 saves, while pitching for St. Louis, New York (AL), Cleveland, Chicago (NL) and Minnesota. He made trips to the World Series with both the Yankees ('81) and the Twins ('87), earning a world championship ring in his final year as a player in Minnesota.

Frazier, 44, was born in Oklahoma City and earned All-State honors in baseball at Hillcrest High School in Springfield, Mo., going 7-0 with a 0.14 ERA during his senior season. He then played collegiately at the University of Oklahoma, leading the Sooners to four consecutive trips to the College World Series. Milwaukee selected him in the ninth-round of the 1976 draft. George, his wife Kay, and children, Mathew, 19, Brian,17, Parker, 10, and Georgia, 6, reside in Tulsa, Okla..

Denver-Area Facts

◆ In its June 30, 1997 issue, *The Sporting News* ranked the Denver-Boulder area as the No. 1 sports city in the United States.

◆ According to the 1990 census, the six-county Denver metropolitan area is the 22nd largest in the United States (1.85 million population).

◆ Called the "Mile High City" because it's exactly 5,280 feet above sea level.

◆ Denver's geographical location provides convenient access. Denver International Airport is the fourth busiest in the country, serving almost 200 U.S. cities and more than 25 foreign nations.

◆ Denver has four major professional teams. The Denver Broncos (Super Bowl XXXII and XXXIII winners), the Colorado Avalanche (1995-96 Stanley Cup winners) and the Denver Nuggets join the Rockies in providing one of the most entertaining arenas in all of sports. As of 2001, each team will be playing in a state-of-the-art downtown facility. Meanwhile, four Division I colleges are within an hour's drive of Coors Field.

◆ Denver's climate boasts of over 320 days of sunshine annually. It is not unusual to often have 60 and 70 degree days during the winter months, and the humidity hovers at a low percentage virtually year-round. The large snowfalls are usually confined to the mountain areas, providing a base for the dozens of Colorado ski resorts.

MEDIA INFORMATION & POLICIES

The Colorado Rockies public relations staff welcomes you to Denver and the Rocky Mountain Region. As you join us for another exciting season at Coors Field, we thank you for your tremendous coverage, and look forward to working with you again this year. Following are public relations policies for the 1999 season. If you have any requests or questions, do not hesitate to ask any member of our staff; we will make every reasonable effort to fulfill your needs.

WORKING PRESS CREDENTIALS: Daily passes will be issued to media members who do not qualify for season credentials. Media who qualify for daily credentials include: freelance writers on assignment for a publication, representatives of weekly and monthly publications working on special coverage, and additional radio and television representatives when the need arises for extra pregame personnel (i.e. live shots, etc.). Requests for daily credentials must come directly from the affiliation editor, producer, or director, on company letterhead at least 48 hours in advance of the game being requested. **The Colorado Rockies do not issue credentials to freelance writers unless requested by the sports editor of the publication for which he/she is on assignment.** Requests may be made via FAX only if the requesting affiliation is currently on file with the Rockies public relations office.

PHOTO CREDENTIALS: Daily photo passes will be issued to photographers on assignment for legitimate news gathering organizations, and representatives of companies licensed by Major League Baseball. Requests for photographer credentials must follow the procedure detailed above. **The Colorado Rockies do not issue credentials to freelance photographers.** All flash photography is prohibited at Coors Field. Please remember that priority in all photo areas will be granted to news organizations on nightly deadlines. All photographs taken are to be used for news-gathering purposes or officially licensed products only. Any other use of photographs taken will be considered a violation of existing trademark and copyright restrictions.

AUTOGRAPH POLICY: Credentialed media are prohibited from requesting autographs or equipment on the playing field, in the dugout or in the clubhouse. Should the need arise for an autograph, a letterhead request should be written to the public relations department. Any violation of these guidelines will result in immediate revocation of the credential and bar future access to Coors Field.

CLUBHOUSE ACCESS: All credentials will list specific ballpark locations in which access is permitted. Media must have a specific reason for clubhouse access to gain admittance. Still photographers are prohibited from the clubhouse. All media will be required to sign in at the clubhouse entrance. The clubhouse will close 50 minutes prior to the first pitch each day, and there may be times when the clubhouse will close earlier for team meetings. Generally, no more than a 10-minute "cooling off" period is applied after games. The visiting club determines its clubhouse access policies.

FIELD ACCESS: All members of the media with field access provided on their credential will be allowed to conduct interviews during specified times prior to the beginning of the game. The field must be cleared 50 minutes prior to the beginning of the game, and at no time is the media permitted in fair territory, or outside the first and third base bags. These precautions are for the safety of all involved while batting practice is in progress. Any and all equipment necessary for conducting on-field interviews is permitted only on the warning track and is strictly prohibited from being placed on any grass. Members of the media are prohibited from standing, photographing or conducting interviews from the dirt circle surrounding the cage while batting practice is in progress. The tunnel from the home clubhouse leading to the home dugout and field is reserved for use by players, staff and credentialed Rockies personnel; accredited media should enter the field through the service-level tunnel behind home plate and/or through the visiting clubhouse tunnel.

LIVE TRANSMISSIONS: Non-rightsholders are permitted to transmit live reports from Coors Field prior to and after every game. All television live shots must be done in designated areas outside the clubhouse due to space limitations, or on the warning track area outside either dugout. Live television reports by non-rightsholders are prohibited while the rightsholder is on the air or the game is in progress. **Radio stations and assigned correspondents for out-of-town reports are allowed to give inning or half-inning score updates. However, at no time can they file reports once play is under way. Any violation of these policies will result in immediate revocation of credentials.**

ROVING CAMERAS: At no time will local television stations be permitted to use a camera light in the seating area of the ballpark. Should a light come on, the game will be stopped by the umpiring crew. Interviews are to be conducted on the concourse between innings after receiving prior permission from the Rockies public relations department. Interviews are not permitted in the stands while the game is in progress.

WORKING PRESS BOX: Seating in the main press area ("Lower Press") will be prioritized by daily print media requiring space to cover games, visiting beat writers, and area radio and television staff not on the air during games. The upper level of the press box ("Upper Press" Club Level), consists of two television booths and four radio booths for all live broadcasts originating from Coors Field. At no time will guests be permitted in the press box. The Colorado Rockies prohibit any person under the age of 18 from entering either press box level on game days.

PRESS DINING: The press dining room is located behind the Lower Press Box. Pregame meals for the media will be available for $6.50, and will be served two hours prior to game time and up through the end of the third inning. Snacks and beverages will be provided in the dining room throughout the game. Media members must be properly credentialed for admittance to the dining room.

PHONES FOR MEDIA: The Colorado Rockies provide a limited number of charge call phones in each press box. If media feel there are not enough lines available, they should investigate installing their own line for use during the season. To have a phone extension installed for the season, or for a single visit to Coors Field, please contact US West representative Carol Fredericks by phone (800/301-9220) or fax (800/705-3307).

CELLULAR PHONE INTERVIEWS: The use of cellular phones for radio interviews while on the field or in the clubhouse is strictly prohibited. Cellular phone interviews may be conducted in the dugout, only after receiving advance permission from the interviewee and clearance from the Rockies PR department.

TICKET REQUESTS: The maximum media ticket request is four per affiliation, per series. Ticket requests must be made at least **48 hours** in advance, as there are a limited number of tickets available. Requests will be assessed in the order in which they are made to the public relations office. Please be advised that media tickets are not guaranteed. Requests will be accepted on letterhead via fax, in person, or by telephone. Should the allotment of tickets be committed, we can help you attempt to purchase tickets by C.O.D. at the press will call. These requests must also be made 48 hours in advance. If you are unable to use the tickets you requested, please let us know so that we may release the tickets for others to use. **If tickets are not picked up without notice to our department, your ticket privileges may be revoked.**

THE FRANK HARAWAY PRESS BOX

The Frank Haraway Press Box at Coors Field is one of the most media-friendly press facilities in all of sports. It was dedicated July 26, 1997 in honor of Haraway, a man synonymous with Denver sports.

Features

Size: When necessary, the writers level can house more than 160, as it did for the 1998 All-Star Game. The broadcast level contains two full-size television booths and four radio booths.

View: Virtually every seat in the press box offers an unobstructed foulpole-to-foulpole view.

Dining: Coors Field has one of the largest press dining areas in baseball. Located on the writers level, the room is decorated with memorable Rockies moments, accomplishments and awards.

Conveniences

Media use an elevator which quickly takes them to a dugout-level lobby just steps from the home clubhouse. Media can also view replays on more than 12 televisions.

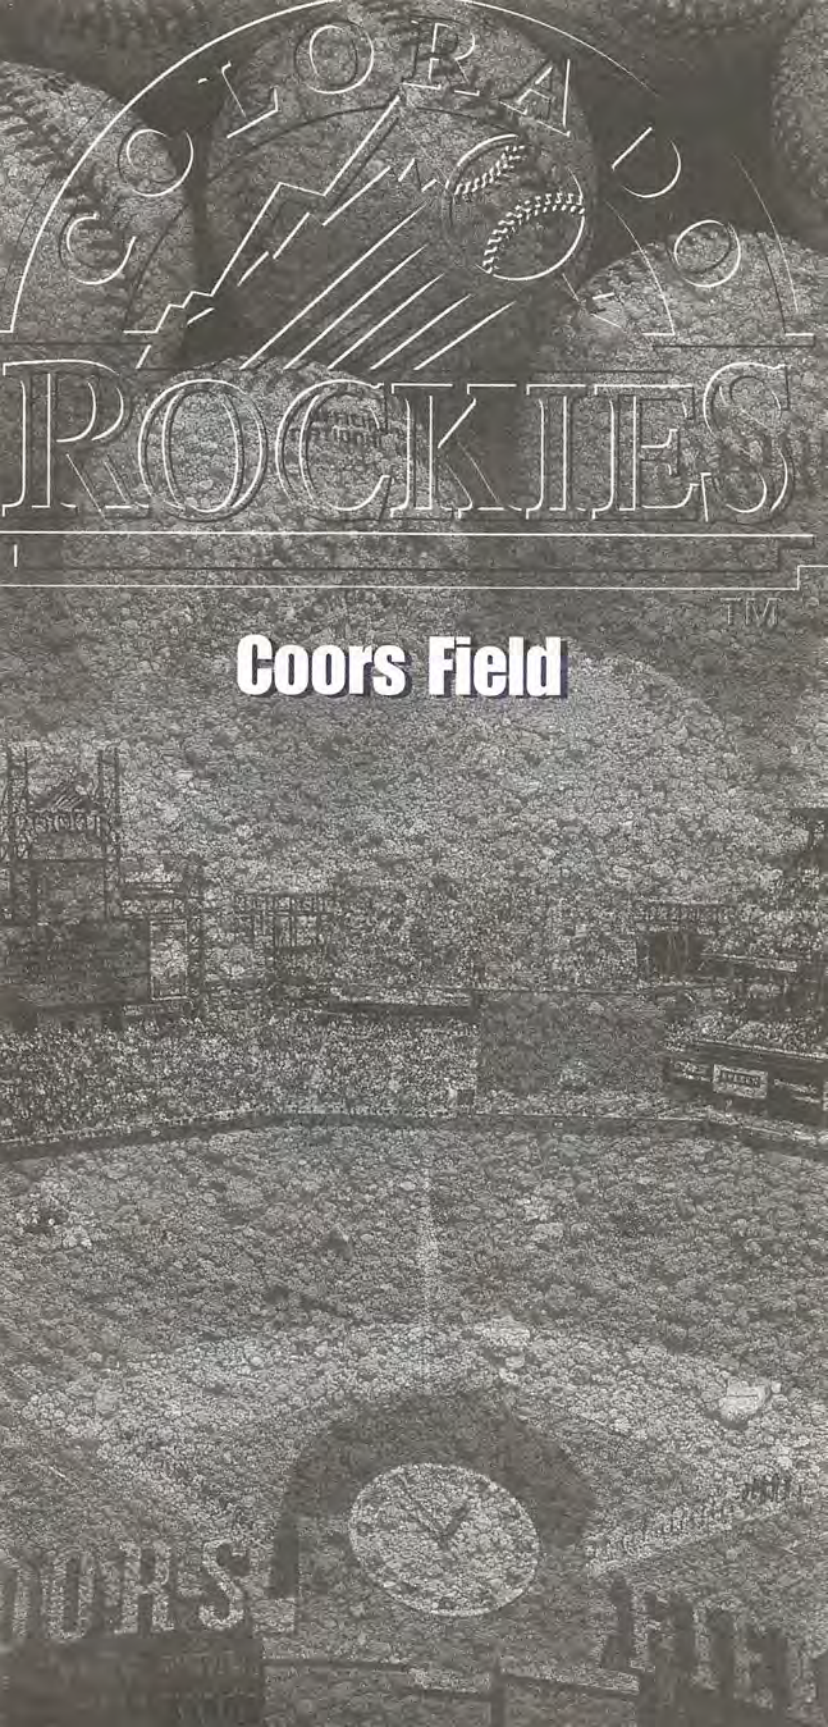

Updates

Rockies employee Jim Lambert has designed an elaborate major-league scoreboard complete with his hand-drawn logos. Lambert constantly updates the board with easy-to-read handwriting.

The Control Room Wall of Fame

The JumboTron control room at Coors Field features a wall filled with celebrity autographs. Early in 1995, actor Bill Murray was visiting some broadcasters and found his way into the room. Somebody mentioned an autograph, and he inked his name on a wall between . Artist Peter Max followed, completing his autograph with an original drawing. A CLOSER LOOK AT COORS FIELD

Financing

- On Aug. 16, 1990, almost a year before baseball awarded Colorado an expansion team, voters from the six-county Denver area approved a 0.1 percent sales tax to fund a baseball-only stadium.
- The ballpark's total cost was $215 million.

Capacity

- Architects originally designed the park to seat 43,800. However, after fans set dozens of attendance records at Mile High Stadium (1993-94), Rockies ownership paid to increase inaugural Opening Day capacity to 50,200.
- Today the park seats 50,381, after the opening of new suites in right field.

Location

- 20th and Blake streets in Denver's lower downtown ("LoDo") district
- Total Land: 76 acres (including the field's three acres)
- Fans sitting in the first-base and right-field areas are treated to a spectacular view of the Rocky Mountains
- Home plate faces due north

Structure & Construction

- Groundbreaking: Oct. 16, 1992
- Excavation: 181,000 cubic yards
- Backfill: 86,000 cubic yards
- Caissons: 1,387 (15-50 feet depth)
- 1.4 million bricks (red in color to match the LoDo warehouses)
- Natural sandstone from a Colorado quarry
- 8,975 tons of steel, designed to reflect the site's railyard heritage
- 4,500 tons of rebar
- Concrete Paving: 558,300 square feet
- Concrete masonry blocks: 700,000
- Handrails: 10 miles
- Upperdeck sunscreen: 95 feet above Blake Street
- Light towers: 140 feet above Blake Street
- Field lights: 528 main bulbs, each of which generate 2,000 watts
- Architects: HOK Sport of Kansas City, Mo., who also designed Oriole Park at Camden Yards, Jacobs Field and Denver's Pepsi Center, opening in 1999
- General Contractor: Mortenson/Barton Malow

Seating Area

- Seat width: between 19 and 19.5 inches (22 inches on the Club Level)
- Each row is marked with a Rockies logo and its number
- Most of the stadium seats are green. However, the upperdeck's 20th row is painted purple, signifying exactly one mile above sea level.

Coors Field Ground Rules

Dugouts: Everything IN PLAY unless ball goes into the dugout. Photographers' areas are considered part of dugout.

Foul Poles: Ball hitting any part of screen area supported by poles down left- or right-field lines: HOME RUN.

Canvas (Tarp): Ball remaining behind or underneath canvas: ONE BASE on pitch, TWO BASES on throw by fielder, TWO BASES on batted ball, otherwise in play. Fielder may make catch standing on canvas.

Right-Field Manual Scoreboard: Ball going through the scoreboard, either on the bounce or the fly: TWO BASES.

Ryan Hickey

• **The Club Level** offers padded seats, more leg room and a wait staff. A climate-controlled lounge, which features luxury furnishings and upscale concessions, sits behind the seating area.

• **The Rockpile** bleachers in center field offer a consistently low price: $1 for both children (12 and under) and seniors (55 and older). Admission for all other ages is $4. All day-of-game Rockpile purchases are limited to two tickets per person, and a portion can be purchased in advance; the remaining allotment goes on sale two and-a-half hours before gametime.

• There are 52 luxury **suites** across the upper portion of the club level, and an additional four party suites that possess the capability to expand to six. All but two of the suites have 12 seats outside, with a capacity of 20 inside. The party suites are sold on a per-game basis to individuals and groups.

• For **disabled** fans, Coors Field offers 500 wheelchair seats for every game, including companion seating, and armless chairs. Disabled seating is in premier locations, such as the front row directly behind home, the front row of the leftfield pavilion and below the manual scoreboard.

Conveniences

• Restrooms: 74 (35 women's, 31 men's, eight family restrooms)
• Low-grade ramps to take fans to each level of the park
• Elevators: 11
• Escalators: seven
• The main concourse on the field level allows fans to walk the perimeter without losing sight of the playing field

Scoreboards

• **Sony JumboTron**: a 21,000-pound JTS-35 system, which stands 24 feet tall and 35 feet wide.

• **The main matrix board** below the JumboTron continually updates fans with lineups, linescore and statistics. It uses 56,320 lights and stands 33 feet tall and 73 feet wide.

• Seven **auxiliary boards** are spread throughout the park. Two matrix boards provide the linescore and batter information, and another shows electronic out-of-town scores. Two more boards on the upperdeck facade supply the speed and type of pitch, and pitch count. The newest auxiliary board, beneath the Mountain Ranch Club in rightfield, gives fans an opportunity to purchase a personal message.

• **The manual scoreboard** is one of Coors Field's more distinguishing features. This out-of-town scoreboard forms the rightfield fence and is within the field of play.

Dimensions

Leftfield line	347 feet
Power alley, left-center	390 feet
Straightaway centerfield	415 feet
Power alley, right-center	375 feet
Rightfield line	350 feet
Height of wall	8 feet (from leftfield corner to right-center)
	14 feet (at the manual scoreboard in rightfield)
Distance from grandstand to home plate	56' 4"
	(fifth closest in the National League)

Playing Field

- **Sod:** 120,000 square feet, grown at Graff Turf Farms in Fort Morgan, Colo., a mixture of four bluegrass and two ryegrass strains. Graff Turf Farms was selected by Randall & Blake, Inc., the contractor chosen to build the surface.
- **Drainage system:** 10,000 feet of pipes, 3,000 tons of pea gravel and 6,000 tons of sand. These ingredients provide for a drainage rate of five inches of precipitation per hour.
- **Heating system:** The playing field houses 45 miles of wire, providing Coors Field with the only underground heating system in baseball. As a result, groundskeepers can quickly melt any snow accumulation.
- **Infield and warning track:** the infield skin is a combination of Colorado clay and sand, which is more than three inches deep. The warning track is 90 percent crushed lava and 10 percent red clay, both native to Colorado.

Features

- **Centerfield water feature**: added after the '96 season, this design replaced the sod farm that sat below the batter's eye in centerfield. Reminiscent of a natural landscape, Colorado Spruce, Blue Spruce and Pinon Pine are combined with Navajo Ruby Red Moss Rock and granite to create the scene. After a Rockies home run, when the Rockies first take the field, or when the Rockies complete a victory, seven water jets explode for 30 seconds.
- **Mountain Ranch Club**: this six-tiered structure in the rightfield corner is open to members before and during each game. Club members have the opportunity to watch the game either outdoors or from the climate-controlled indoor dining room.
- **Platte River Rendezvous:** a family picnic area below the Rockpile.
- **Student Movers Building**: the only original building to remain during the park's construction, this structure was renovated to house the kitchen for the club and private dining rooms, and the Sandlot Brewery, which makes its own varieties of Coors beer.
- **Buckaroos:** a concession stand built specifically for children, this leftfield area features smaller food and souvenirs and an enclosed playground.
- **General Concessions:** 43 permanent full-service stands in Coors Field, 18 beer portables, 16 food portables, two Club Level kitchens.

Public Art

- **Brick Paver Program:** more than 12,000 fans took the opportunity to purchase personal bricks that were placed at the Wynkoop walkway adjacent to Coors Field's west concourse. Proceeds helped fund other ballpark artwork.
- ***Evolution of the Ball*:** by Lonnie Hanzan; sculpture outside Gate E.
- ***Bottom of the Ninth*:** by Erick C. Johnson; neon sculpture near Gate B.
- ***The West, the Worker and the Ballfield*:** by Jeff Starr and Matt O'Neill; a 90-foot mural on the center field concourse, below the Rockpile.
- **Decorative tiles:** 40 terra cotta designs by Barry Rose, feature Colorado's state flower, the Columbine, and decorate the outside of the park.

Gameday Personnel

- **Aramark:** 750-800 concession staffers
- **LLC:** 350 ushers and ticket takers
- **Rockies Guest relations staff:** 50
- **Central Parking System staff:** 35
- **Harry M. Stevens:** 185 maintenance and custodial staffers
- **Rockies front-office staff with gameday responsibility:** 50
- **Police:** 35 in-house officers, 34 assisting with traffic
- **Paramedics:** 7, plus one attending physician

LoDo

- **Commercial makeup:** 11 micro breweries, more than 50 restaurants and more than 20 art galleries
- **Housing Units:** increased from 270 prior to '95, to 423 current units, with more than 560 new units planned
- **Hotel rooms:** more than 4,800 within walking distance

Mile High Memories

The opening of Coors Field in 1995 closed the curtain on a brief but very memorable two-year stint in Mile High Stadium. In 135 dates at Mile High, the Rockies drew 7,701,861 fans (57,051 per game).

After drawing an unprecedented 4,483,350 in the inaugural year of 1993, the Rockies were on pace to shatter that mark in '94, averaging 58,598 through 56 home dates, which would have put the season ending mark at 4,687,840. Despite the year's abrupt end, in two seasons the Rockies had 52 occasions when better than 60,000 paid to watch baseball, and 21 times the crowd eclipsed 70,000.

Despite the '94 work stoppage, the Rockies still managed to break four of their own attendance marks. Following is the complete list of attendance records set by the Rockies in Mile High Stadium:

THE ROCKIES IN THE COMMUNITY

Since its inception, the Rockies organization has always strived to give back to to the community, especially to those less fortunate. Rockies staff, players and their wives, and front-office employees donate their time and resources toward community projects year-round.

The Youth Fields of Dreams Program

One of the most visible examples of player donations to the community is again evidenced by the Youth Fields of Dreams program. To date, the program has 34 fields either open or under construction all over the region, from Pueblo, Colo. to Cheyenne, Wyo. The program is more than actual construction. It's an ongoing process which involves scouting new locations, organizing player donations and completing each new project.

The seeds of the program are planted during player contract negotiations, when signing players are asked to contribute a portion of their salary towards a new field to be named after them.

In 1998, the Rockies made it their mission to keep the legacy of the major-league All-Star Game alive in the community. One of those endeavors was Coca-Cola All-Star Park in Lakewood, Colo. A replica of Coors Field on a 90-percent scale, the facility is the crown jewel of the fields program and represents the nation's premier youth baseball park. It received donations from dozens of entities, including the architects who designed Coors Field.

The following is a list of fields opened since the program began in 1995.

Reviving Baseball in the Inner Cities

During 1998, the Rockies continued their involvement in the Revive Baseball in the Inner Cities (RBI) program. The program allows boys and girls 13 to 18 to compete in baseball locally, and often times on a national level. RBI's goal is to encourage inner-city youth to focus on their eduction, and participate in baseball, thus avoiding other self-destructive options which often present themselves. National League President Leonard Coleman initiated the RBI program, which now involves nearly 10,000 participants in more than 40 cities. In 1998, the Rockies-sponsored girls team won the RBI national championship in Orlando, Fla. The Rockies boys team participated in an RBI regional tournament in Houston.

The Care & Share Program

For the fourth year, the Rockies Care & Share program gave fans who are limited by a serious illness the opportunity to be a special guest at Coors Field. Care & Share participants spend time on the field before a game watching batting practice and meeting some of their favorite Rockies players. The club teams up with organizations including the Make-A-Wish Foundation, the National Sports Center for the Disabled and the Starlight Foundation, to assist disadvantaged families.

Wives Involvement

Rockies wives have a full schedule of community events each year. In 1998 they raised more than $150,000 in donations from four key functions.

The group's major project in 1998 was the annual Denim and Diamonds fundraising dinner September 21, when they raised more than $100,000 for the Leukemia Society. Players and their spouses participated in a western-style fashion show and the night also featured a cocktail dinner, live and silent auctions and autographs.

Among other things, the wives were also instrumental in the annual Rockies cookbook, with proceeds benefitting the American Cancer Society. During the 1998 food drive, which benefitted COMPA Food Ministries, the group collected approximately 400 pounds of donated food. The annual toy drive generated more than 200 toys and approximately $2,500 for the Denver Santa Claus Shop. And, Rockies wives worked in cooperation with ZONTA International to raise more than $250 in cash and 1,500 books, which ZONTA distributed to needy organizations in the ballpark's neighborhood, and the Denver area.

The annual Winter Caravan

A number of Rockies representatives hit the road each year for the Rockies Winter Caravan. The caravan serves as a way for the Rockies to greet their regional fans and generate excitement for the upcoming season. Fans who are often unable to make the trek to Denver, have the opportunity to meet their baseball heroes in their own home town. More than 20 participants broke into groups in 1999 and Rockies players, coaches, announcers and staff have traveled over 20,000 miles in seven years.

Rockies Charities

The Colorado Rockies have two charities, the Colorado Rockies Baseball Club Foundation and the Colorado Rockies Charity Fund, both of which continue to be two of the club's biggest priorities. The Executive Director of Rockies' Charities, Roger Kinney, and his staff work to raise funds for, and promote programs focusing on underprivileged and at-risk youth. In 1998, more than $3 million, a franchise record, was contributed to community projects through the Colorado Rockies Foundation, the Charity Fund and the baseball club.

The Rockies Charity Fund was formed in 1993 to benefit local youth baseball and literary programs that combat alcohol and drug abuse. The Charity Fund is a partner of the Robert R. McCormick Tribune Foundation, a national charitable trust that provides significant matching monies to supplement contributions to our local community. Grants are made to applicants from non-profit 501(c)3 organizations serving and addressing the community needs.

The ROY Foundation

The entire Rockies family was deeply saddened by the passing of Michael McMorris before the 1996 season. Michael, the son of club chairman Jerry McMorris, lost a near-lifelong battle to cystic fibrosis. Inspired by Michael, many members of the Rockies organization established on their own time the R.O.Y. Foundation, a charitable wing to assist in the battle against CF. During the foundation's second annual dinner Nov. 5, 1998 at Coors Field, more than $200,000 was raised. The foundation's mission is to honor the memory and courageous character of Michael and continue a long-term commitment to conquer and cure cystic fibrosis.

AC Joint—Acromioclavicular joint; joint of the shoulder where acromion process of the scapula and the distal end of the clavicle meet; most shoulder separations occur at this point.

Abscess—An infection which produces pus; can be the result of a blister, callus, penetrating wound or laceration.

Adhesion—Abnormal adherence of collagen fibers to surrounding structures during immobilization following trauma or as a complication of surgery which restricts normal elasticity of the structures involved.

Deltoid Ligament—Ligament that connects the tibia to bones of the medial aspect of the foot and is primarily responsible for stability of the ankle on the medial side.

Deltoid—Muscles at the top of the arm, below the shoulder, responsible for shoulder motions.

Disc, Intervertebral—A flat, rounded plate between each vertebrae of the spine. The disc consists of a thick fiber ring which surrounds a soft gel-like interior. It functions as a cushion and shock absorber for the spinal column.

Eccentric Muscle Contraction—An overall lengthening of the muscle as it develops tension and contracts to control motion performed by an outside force; of times referred to a "negative" contraction in weight training.

Ecchymosis—Bleeding into the surface tissue below the skin, resulting in a "black and blue" effect.

Edema—Accumulation of fluid in organs and tissues of the body; swelling.

Effusion—Accumulation of fluid, or the fluid itself, in various spaces in the body. Commonly, the knee has an effusion after an injury.

Electrical Galvanic Stimulation (EGS)—An electrical therapeutic modality that sends a current to

the body at select voltages and frequencies in order to stimulate pain receptors, disperse edema, or neutralize muscle spasms among other functional applications.

Electromyogram (EMG)—Test to determine nerve function.

Epicondylitis—Inflammation in the elbow due to overuse.

Ethyl Chloride—"Cold spray" or "freeze", a chemical coolant sprayed onto an injury site to produce a local, mild anesthesia.

Morton's Toe—A hereditary condition in which the second toe is longer than the first toe. This can cause mechanical imbalances which produce pain with weight bearing.

Myositis—Inflammation of the muscle.

Myositis Ossificans Traumatica—A benign ossification, usually following severe trauma to a large muscle mass.

Neuritis—Inflammation of a nerve.

Olecranon Process—Bony projection of the ulna at the tip of the elbow.

One Repetition Maximum—The maximum amount of weight that can be lifted by the player in a particular exercise at one time. This is used as a strength testing technique.

Orthotic—Any device applied to or around the body in the care of physical impairment or disability, commonly used to control foot mechanics.

Osteochondritis Dessicans—A piece of bone and/or cartilage loosened from its attachment after

trauma and a cause of a lesion.

Parasthesia—Sensation of numbness or tingling, indicating nerve irritation.

Peroneal Muscles—Group of muscles of the lateral lower leg that are responsible for everting the ankle. Tendons of these three muscles are vital to the stability of the ankle and foot.

Phalanx—Any bone of the fingers or toes; plural in phalanges.

Phlebitis—Inflammation of a vein.

Phonophoresis—The technique of driving whole molecules of medication with ultrasound.

Plantar Fascia—the tight band of fibrous tissue beneath the arch of the foot.

Plantar Fasciitis—Inflammation of the plantar fascia; associated with overuse or acute foot injury.

Plantarflexion—Ankle motion such that the toes are pointed toward the ground.

Plica—Fold of the tissue in the joint capsule and common result of knee injury.

Pneumothorax—A collection of air or gas in the pleural space causing the lungs to collapse.

Posterior Cruciate Ligament (PCL)—A primary stabilizing ligament of the knee that provides significant stability and prevents displacement of the tibia backward within the knee joint. A complete tear of this ligament necessitating reconstruction could require up to 12 months of rehabilitation.

Progressive Resistance Exercise (PRE)—An approach to exercise whereby the load or resistance to the muscle is applied by some mechanical means and is quantitatively and progressively increased over time.

Proprioceptive Neuromuscular Facilitation (PNF)—An approach to therapeutic exercise based on the principles of functional human anatomy and neurophysiology.

Radius—Forearm bone on the thumb side.

Referred Pain—Pain felt in an undamaged area of body away from the actual injury.

Rotator Cuff—Comprised of four muscles in the shoulder area that can be irritated by overuse. The muscles are the supraspinatus (most commonly injured), infraspinatus, teres minor and subscapularis.

Rotator Cuff Impingement Syndrome—A microtrauma or overuse injury caused by stress. The four stages are: 1)tendentious with temporary thickening of the bursa and rotator cuff, 2)fiber dissociation in the tendon with a permanent thickening of the bursa and scar formation, 3)A partial rotator cuff tear of less than 1 cm, and 4)a complete tear of 1 cm or more.

SC Joint—Sternoclavicular joint; articulation of the collarbone with the sternum.

Sacroiliac—Junction of the sacrum with the hip bone.

Sacrum—Group of five fused vertebrae located just below the lumbar vertebrae of the low back.

Scapula—Shoulder blade.

Sciatica—Irritation of the sciatic nerve resulting in pain or tingling down the inside of the leg.

Sciatic Nerve—Major nerve that carries impulses for muscular action and sensations between the low back and thigh and lower leg; it is the longest nerve in the body.

Shin Splint—A catch-all syndrome describing pain in the shin that is not a fracture or tumor and cannot be defined otherwise.

Soft Corn—A corn, softened by moisture, found beneath the toes rather than the toe's upper surface.

Spleen—Large, solid organ responsible for the normal production and destruction of blood cells.

Spondylitis—Inflammation of one or more vertebrae.

Spondylolisthesis—Forward displacement of one vertebrae over another below it due to a developmental defect in the vertebrae.

Spondylosis—Abnormal vertebral fixation or immobility.

Sprain—Injury resulting from the stretch or twist of the joint and causes various degrees of stretch or tear of a ligament or other soft tissue at the joint.

Strain—Injury resulting from a pull or torsion to the muscle or tendon that causes various degrees of stretch or tear to the muscle or tendon tissue.

Stress Fracture—A hair-line type of break in a bone caused by overuse.

Stress X-Ray—A continual x-ray taken when a portion of the body is stressed to its maximum in order to determine joint stability. This is a test utilized in some ankle injuries.

Subluxation—Partial dislocation of a joint. The term usually implies that the joint can return to its normal position without formal reduction.

Synovial Fluid—Lubricates joints and tendons produced in synovium or the inner lining of a joint.

Synovitis—Inflammation of the synovial lining of a joint.

Talus—The ankle bone that articulates with the tibia and fibula to form the ankle joint.

Target Heart Rate—A pre-determined pulse obtained during exercise when circulation in working at full efficient capacities.

Tarsals—Group of seven bones of the foot consisting of the calcaneus, talus, cuboid and three cuneiform bones.

Tendinitis—Tendon and/or tendon sheath inflammation, caused by chronic overuse or sudden injury.

Tendon—Tissue that connects muscle to bone.

Tenosynovitis—Swelling of a tendon sheath caused by calcium deposits, repeated strain or trauma.

Thoracic—Group of twelve vertebrae located in the thorax and articulates with the twelve ribs.

Tomograph—An x-ray apparatus that demonstrates an organ or tissue at a particular depth.

Trachea—The windpipe.

Transcutaneous Electrical Nerve Stimulator (TENS)—An electrical modality that sends a mild current through pads at the injury site which stimulates the brain to release the natural analgesic, endorphin.

Transverse Process—Small lateral projection off the right and left side of each vertebrae that functions as an attachment site for muscles and ligaments of the spine.

Trapezius—Flat, triangular muscle covering the posterior surface of the neck and shoulder.

Ulna—Forearm bone that runs from the tip of the elbow to the little finger side of the wrist.

Dinger, Official Mascot

On January 22, 1994, Coors Field construction workers unearthed a large purple egg in what is now the Rockpile. The National Guard was called to recover the egg, which was then incubated at Denver's Museum of Natural History.

On April 16, 1994, in Mile High Stadium, the egg was hatched in centerfield and a crowd of better than 50,000 witnessed the birth of Dinger.

Dinger's main color is purple, but he does possess various prehistoric spots, three horns and a huge tail that has been known to whip unsuspecting predators. **For information and special appearance bookings, contact the Rockies promotions department at 303/312-2266.**

ITEMS OF INTEREST

Qualifications: For the **batting title**, 502 or more actual plate appearances, the equivalent of 3.1 appearances for each of the 162 scheduled games. For the **ERA championship**, at least as many innings pitched as the number of games scheduled for each club in his league that season. For the **fielding championship**, (1) A catcher must have participated as a catcher in at least one-half the number of games scheduled for each club in his league that season; (2) an infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league; (3) a pitcher must have pitched at least as many innings as the number of games scheduled for each club in his league that season. **EXCEPTION**—If another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion. (**NOTE**—These figures DO NOT determine the Rawlings Gold Glove. Those are selected by managers and coaches)

Rookie Rule: A player shall be considered a rookie unless, during a previous season or seasons, he has (1) exceeded 130 at bats or 50 innings pitched in the major leagues, or (2) accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-man roster (excluding time in military service).

Save Rule: A pitcher shall be credited with a save when he meets all three of the following conditions: (1) he is the finishing pitcher in a game won by his club, and (2) he is not the winning pitcher, and (3) he qualifies under one of the following conditions: (a) he enters the game with a lead of no more than three runs and pitches at least one inning, or (b) he enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or (c) he pitches effectively for at least three innings (in the judgement of the official scorer).

Suspended Games: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on original date of game.

National League Night Game: In the NL, any game with the official starting time fixed after 5 p.m. All games, with official starting times for 5 p.m., or earlier, shall be "day" games.

Earned Run Average: Multiply the number of earned runs by nine, take that number and divide it by the total innings pitched.

Fielding Percentage: The sum of putouts and assists divided by total chances (putouts, assists and errors).

Magic Numbers: The number of games yet to be played, plus one, minus the number of games ahead in the loss column from the closest opponent.

On-Base Percentage: Sum of hits, walks and hit by pitches divided by the sum of at-bats, walks, hit by pitches and sacrifice flies.

Slugging Percentage: Total bases divided by at-bats.

Player Limits: 40 until Opening Day, when the number must be reduced to 25 until September 1, when it returns to 40.

Consecutive-Game Streaks: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. A consecutive-game playing streak shall be extended if the player plays one half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from the game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

Waiver Regulations: From 30 days after the start of the season, players are available for claiming off waivers in reverse order of standings, at the time waivers expire. Otherwise players are available for claiming off waivers in reverse order of standings at the close of the the preceding season. With respect to trades, no waivers are necessary from 5 p.m., eastern time, the day after the scheduled end of the regular season through July 31. Waivers are necessary from August 1 through the day after the scheduled end of the regular season.

Earned Runs

An earned run is a run for which the pitcher is held accountable. In determining earned runs, the inning should be reconstructed without the errors (which include catcher's interference) and passed balls, and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached by errorless play. For the purpose of determining earned runs, an intentional base on balls, regardless of the circumstances, shall be construed in exactly the same manner as any other base on balls.

(a) An earned run shall be charged every time a runner reaches home by the aid of safe hits, sacrifice bunts, a sacrifice fly, stolen bases, putouts, fielder's choices, bases on balls, hit batters, balks or wild pitches (including a wild pitch on third strike which permits a batter to reach first base) before fielding chances have been offered to put out the offensive team. For the purpose of this rule, a defensive interference penalty shall be construed as a fielding chance. (1) A wild pitch is solely the pitcher's fault, and contributes to an earned run just as a base on balls or a balk.

(b) No run shall be earned when scored by a runner who reaches first base (1) on a hit or otherwise after his time at bat is prolonged by a muffed foul fly; (2) because of interference or obstruction or (3) because of any fielding error.

(c) No run shall be earned when scored by a runner whose life is prolonged by an error, if such runner would have been put out by errorless play.

(d) No run shall be earned when the runner's advance is aided by an error, a passed ball, or defensive interference or obstruction, if the scorer judges that the run would not have scored without the aid of such misplay.

(e) An error by a pitcher is treated exactly the same as an error by any other fielder in computing earned runs.

(f) Whenever a fielding error occurs, the pitcher shall be given the benefit of the doubt in determining to which bases any runners would have advanced had the fielding of the defensive team been errorless.

(g) When pitchers are changed during an inning, the relief pitcher shall not be charged with any run (earned or unearned) scored by a runner who was on base at the time he entered the game, nor for runs scored by any runner who reaches base on a fielder's choice which puts out a runner left on base by the preceding pitcher. **NOTE:** It is the intent of this rule to charge each pitcher with the number of runners he put on base, rather than with the individual runners. When a pitcher puts runners on base, and is relieved, he shall be charged with all runs subsequently scored up to and including the number of runners he left on base when he left the game, unless such runners are put out without action by the batter, i.e., caught stealing, picked off base, or called out for interference when a batter runner does not reach first base on the play. EXCEPTION: P1 walks A, and is relieved by P2. P2 allows B to single, but A is out trying for third. B takes second on the throw. C singles, scoring B. Charge run to P2.

(h) A relief pitcher shall not be held accountable when the first batter to whom he pitches reaches first base on four called balls if such batter has a decided advantage in the ball and strike count when pitchers are changed.

(1) If, when pitchers are changed, the count is 2 balls, no strike, 2 balls, 1 strike, 3 balls, no strike, 3 balls, 1 strike, 3 balls, 2 strikes, and the batter gets a base on balls, charge that batter and the base on balls to the preceding pitcher, not to the relief pitcher.

(2) Any other action by such batter, such as reaching base on a hit, an error, a fielder's choice, a force out, or being touched by a pitched ball, shall cause such a batter to be charged to the relief pitcher. **NOTE:** The provisions of 10.18 (h) (2) shall not be construed as affecting or conflicting with the provisions of 10.18 (g).

(3) If, when pitchers are changed, the count is 2 balls, 2 strikes, 1 ball, 2 strikes, 1 ball, 1 strike, 1 ball, no strike, no ball, 2 strikes, no ball, 1 strike, charge that batter and his

The 1998 Triple Play

On June 13, 1998 at Los Angeles, the Dodgers turned the only triple play in Rockies history. With no outs in the fifth, and runners on first and second, Kurt Abbott dropped a sacrifice bunt attempt. Pitcher Darren Dreifort picked up the ball and threw to second to force out Neifi Perez. Shortstop Jose Vizcaino, who received Dreifort's throw, fired to first to get Abbott. Second baseman Eric Young, who was covering first, then completed the play by throwing to third to get Jamey Wright (1-6-4-5).
