# MINNESOTA TWINS MEDIA POLICIES

**CREDENTIALS** for accredited news media are available upon request and may be sent in care of Minnesota Twins Media Relations Department, 501 Chicago Ave. South, Minneapolis, MN 55415. Credentials may also be requested by phone (612) 375-7471, or by FAX (612) 375-7473, but the request must be made no later than four hours prior to game time. Credentials may be picked up at the Press and Player Will Call window 1 1/2 hours before the start of the game or in the Media Relations department before that. The Will Call window is located on Chicago Avenue, adjacent to the Twins' ticket windows. Daily and season credentials will be issued only to working members of the media and must be displayed at all times while in the Metrodome. After picking up credentials, you must enter through Gate F, located on the corner of Chicago Ave. and Fifth St. The press box is located on street level directly across from Gate F.

**PRESS TICKETS:** A limited number of media tickets are available in front of and above the press box for sports and news personnel on a first-come, first-served basis and must be requested no later than 2:30 p.m. for night games and 5:00 p.m. of the preceding day for day games and 5:00 p.m. on Friday for weekend games. After those times, no further requests will be accepted. We ask that each request be limited to two (2) tickets with each accompanied by a check to cover the price of the tickets (\$14 apiece for lower deck and \$11 apiece for upper deck), while those ordering over the phone must pay by cash or check when picking up the tickets. All tickets will be placed at the Press and Player Will Call window the day of the game no earlier than 1 1/2 hours before game time. No tickets will be mailed out in advance.

**INTERVIEWS:** Most interviews may be conducted on the field during batting practice where the manager, players and coaches are usually available, as long as the interview does not interrupt their pre-game routine. Members of the media must stay in foul territory between first and third base. In-depth interviews that require more time with a player should be arranged through the Media Relations department by contacting Rob Antony or Steve Rausch at (612) 375-7471. Reporters and broadcasters must leave the field, with photographers reporting to their assigned photo positions, no later than one-half hour before game time.

**CLUBHOUSE ACCESS:** The Twins' clubhouse will be open to media with clubhouse credentials until 30 minutes prior to and no longer than 10 minutes following each game. All live television broadcast shots must be conducted outside the clubhouse. On occasion of a team meeting, the clubhouse will be closed until the conclusion of the meeting. The training room and weight room are closed to everyone except the manager, coaches, players and Twins' officials. Should the clubhouse be closed, players will be made available outside the clubhouse as requested. The dugout is off limits during the game for everyone except the manager, coaches, players, trainers and certain club officials, in accordance with American League rules.

**PRESS BOX:** Space is under the jurisdiction of the Baseball Writers Association of America and is available for accredited members of the media on assignment only. The lower level is reserved for writers and broadcast reporters, while the upper level is divided into broadcast booths for live coverage by radio and television networks. Phones and Sports Ticker News Service are available. To reach the Media Relations office and the Twins' dining room, take the press box stairs down two flights to Lower Level 2 and take a right. Proceed past the Twins' clubhouse and enter through the wooden doors.

**PRESS ROOM:** The Twins' dining room, located on Lower Level 2 near the Media Relations office, is available for pre-game meals to media with appropriate credentials approximately two hours prior to game time. Complete note sets containing statistical information will be available in the dining room, as well as the press box.

**PHOTOGRAPHERS:** Due to a lack of on-field photo spots, the first and third base photo bays are limited to the two local papers, the two wire services and DomeVision cameras. Certain exceptions may be made depending on space availability. An alternative for photographers are the two upper deck photo baskets. Photographers assigned to the on-field locations should remain in the photo bays at all times during the game. If necessary, photographers should leave between innings only. Photos are allowed during batting practice, but photographers must remain in foul territory in the area between first and third base.

**PARKING:** There is no on-site parking available at the Metrodome, but municipal ramps are available nearby the stadium.

**FOR MORE INFORMATION** regarding policies or questions about interviews, photo requests, statistical information, credential requests, media ticket orders, news releases, etc., contact Rob Antony, Steve Rausch or Wendie Erickson at (612) 375-7471.

## CARL R. POHLAD

### Owner

Carl Pohlad purchased the majority ownership of the Minnesota Twins from Calvin Griffith on June 22, 1984, and assumed control of the team on September 7, 1984. He purchased the team with a sense of community responsibility and a feeling that major league sports, particularly baseball, are vital to the standard of living any community must strive to achieve. His commitment in placing a quality, winning team on the field has been exhibited by two World Championships.

Mr. Pohlad has earned the reputation as one of baseball's most respected and influential owners. He is a member of two of the most important ownership committees: the Major League Baseball Executive Council and the four-person Player Relations Committee Board of Directors.

A civic and business leader in the Twin Cities, Mr. Pohlad is associated mainly with the banking industry through Marquette Bancshares, Inc. Pohlad also serves on the Board of Directors of local companies: MEI Diversified Inc., the Carlson Companies, Inc. and I.J. Holdings Corp.

To the Pohlad family, involvement in the community is extremely important. Mr. Pohlad is active on numerous civic boards benefiting young people. He is a founding member of the Board of Directors of the Boys' and Girls' Clubs of Minneapolis and is a member of the Board of Trustees of Gonzaga University. Pohlad serves as a Trustee of the Hugh O'Brian Youth Foundation, and since 1989 has been a member of the Horatio Alger Association of Distinguished Americans which provides scholarships for graduating high school seniors. Pohlad also serves the Minneapolis community through his work as a board member of Methodist Hospital, Methodist HealthCare of Minnesota and LifeSpan, Inc.

Carl and his wife Eloise live in Edina and have three sons, all of whom serve on the Twins' seven-member executive committee.

#### DID YOU KNOW???

... that Chuck Knoblauch (34) and Shané Mack (26) became just the fifth pair of Twins to steal 20-or-more bases in a season when they did so in 1992. Rod Carew (49) and Larry Hisle (31) set the Twins' two-man record in 1976. The next year Carew (23) and Hisle (21) cracked the 20 barrier again, while in 1978, Carew had 27 steals and Willie Norwood added 25. It wasn't until 1989 that the Twins again had a 20-steal duo, when Al Newman (25) and Dan Gladden (23) did so.

## CHAMPIONSHIP QUALIFICATIONS

A player must have a minimum of 502 plate appearances (at-bats, walks, hit-by-pitch, sacrifices, sacrifice flies and catcher's interference) to qualify for a major league batting-percentage championship.

If a batter falls short of 502 plate appearances, he might still be determined the batting champion if by adding a sufficient number of at-bats to his record to bring his plate appearances up to 502, his average based on these additional at-bats is still the highest in the league. His actual average, however, would be the official.

For the ERA title, a pitcher must pitch a minimum of 162 innings.

## DESIGNATED HITTER RULE

A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of the designated hitter for that game.

The designated hitter is 'locked' into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher must then assume the batting of the replaced defensive player, thus terminating the designated hitter role. The designated hitter is eligible for all American League batting titles.

### TWINS AND ORIOLES NOTES AND INFORMATION

◆ Kent Hrbek has hit at least one home run vs. Baltimore every year since 1983. He is the active leader with 32 homers vs. Orioles pitching.

◆ The Twins-Orioles patriotic 15-inning marathon, July 4, was the Twins' longest game of 1992, both in time of game (4:40) and innings played . . . the 15 innings were also the most for the Twins since June 11, 1986, when they played 16 frames vs. Texas.

◆ The Twins have lost just one overall series to Baltimore in the Metrodome since it opened in 1982, that coming in 1983, when they went 1-5. The Twins have won five series and tied five in that time, compiling a 40-26 (.606) record, their third-best against any club, eclipsed only by their 50-21 (.704) mark vs. Seattle and their 42-24 (.636) record vs. Cleveland.

◆ Cal Ripken, a lifetime .332 hitter vs. Minnesota pitching, was held to a .122 average by the Twins in '92, including a .148 (4-27) average in the Metrodome, where he came in as a career .376 batter.

◆ California is the only team to have a winning record vs. Minnesota at both Metropolitan Stadium and the Metrodome.

◆ The Twins' 11 wins vs. California in 1992 was their best ever against them and marked their highest total against any opponent since 1988, when they went 11-1 vs. Detroit.

◆ Minnesota's 6-1 mark at Anaheim Stadium in 1992 was the Twins' best ever against the Angels in California.

◆ The Twins' 5-1 record in '92 was their best ever in the Metrodome vs. California.

◆ Bert Blyleven's only career no-hitter came at Anaheim Stadium, September 22, 1977, while with Texas.

◆ The last no-hitter thrown against the Twins came at Anaheim Stadium when Nolan Ryan blanked them 4-0, September 28, 1974.

### TWINS AND INDIANS NOTES AND INFORMATION

◆ Four Twins—Kent Hrbek (.332), Gene Larkin (.326), Scott Leius (.389) and Kirby Puckett (.346)—have a higher lifetime average at Cleveland Stadium than at any other park, aside from the Metrodome.

◆ The Twins' 42-24 (.636) record vs. the Indians in the Metrodome is their second-best against any team, eclipsed only by their 50-21 (.704) mark vs. Seattle.

◆ The last Twins' no-hitter came in Cleveland Stadium when Dean Chance blanked the Tribe 2-1, August 25, 1967.

◆ Dave Winfield went 10-for-13 with 4 home runs and 6 rbi in a three game series at Cleveland Stadium, September 17-18, 1983 while with New York . . . in fact, he has hit more home runs in Cleveland Stadium, 20, than he has as a visitor in any other American League park, and his .333 average is highest of any park still in use.

◆ Two of Shane Mack's three career grand slams have come off Cleveland pitching.

## TWINS AND TIGERS NOTES AND INFORMATION

- ◆ The Twins haven't been swept by the Tigers in a series in Minnesota since August, 1972. That is their longest span without a sweep against any team.
- ◆ Kent Hrbek's 15 home runs and 45 rbi at Tiger Stadium are his most at any stadium other than the Metrodome.
- ◆ Twins' pitchers had 102 strikeouts in 12 games vs. Detroit in 1992, their most against any club since 1975, when they fanned 105 Chicago batters in 18 games.
- ◆ The Twins set their 1992 season-high for runs vs. Detroit, May 29, when they beat the Tigers 17-5 at the Metrodome.
- ◆ Kirby Puckett hit his first career grand slam in his 5,129th career at-bat, May 29, 1992 off Les Lancaster.

## PINCH-HITTER RULE

A player shall be considered a pinch-hitter only if he enters the game as a substitute batter, and then only on his first time at bat, which must be before he becomes a fielder. (If the team bats around and a pinch-hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch-hitter during that second time up.)

A substitute hitter for a designated hitter is both a pinch-hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a designated hitter only.

### TWINS AND YANKEES NOTES AND INFORMATION

◆ Twins relievers had a streak of 41.1 scoreless innings over the final 11 games of the 1992 season series with New York.

◆ Five of the Twins' seven home runs vs. New York in 1992 came in one game: May 2 at Yankee Stadium, four of which came off Scott Sanderson in the fifth inning.

◆ The Yankees are one of just three teams that have a .500- or-better record vs. Minnesota in the Metrodome (California, Toronto), going 33-33.

◆ New York has been the top draw in Minnesota since 1961, attracting a total of 5,086,707 fans, an average of 24,222 per game.

◆ Had Chuck Knoblauch finished with a batting average above .300 (he hit .297), the Twins would have been the first American League team since the 1954 Yankees (Noren, Berra, Carey, Mantle) to finish with four players in the top 10 in batting all with averages above .300 (Puckett, Mack, Harper).

## TWINS AND ATHLETICS NOTES AND INFORMATION

◆ Minnesota tied their club record with seven doubles, June 27, 1992 at the Oakland Coliseum.

◆ The Twins' 10-run fourth inning, June 28 at Oakland, was their biggest since April 30, 1985 when they scored 10 at Detroit.

◆ Minnesota's six-game losing streak with the A's at the end of the 1992 season is their longest vs. Oakland since they lost the last three games of their 1982 series and the first four of 1983.

◆ Since 1987 the Twins and A's have drawn 1,336,288 fans to the Metrodome, an average of 34,264 for the 39 dates, making Oakland the Twins' top draw in that time.

◆ The Twins' (2) and Athletics' (4) combined six straight West Division titles is the longest such domination by a pair of A.L. West teams since Oakland (5) and Kansas City (3) won eight straight from 1971-78.

### TWINNS AND MARINERS NOTES AND INFORMATION

◆ The Twins have won just one of their last five series at the Kingdome, while Seattle has won just one of their last seven series at the Metrodome.

◆ The Twins' 50-21 (.704) record vs. Seattle in the Metrodome is their best against any team, as is their 67-39 (.632) mark in Minnesota since 1977.

◆ Minnesota has won 12 of the last 13 and 14 of the last 16 games in the Metrodome, dating to 1990.

◆ The Twins have never been swept by the Mariners in a series of three-plus games in Minnesota.

◆ Kirby Puckett's .231 average vs. Seattle in 1992 was his lowest ever against the Mariners. His 11 rbi, however, tied his best, and he set a career-high with 6 rbi, August 14 in the Kingdome.

◆ Both of Kevin Tapani's career losses vs. Seattle came last year when the Twins were shut out. He was the loser to Randy Johnson, 2-0, April 20, and a 1-0 loser to Dave Fleming, June 19. He had a 1.76 ERA in those two games, and a 1.97 ERA in four 1992 starts.

### TWINS AND RANGERS NOTES AND INFORMATION

◆ The Rangers' 17 home runs off Minnesota pitching in 1992 was the most by any team versus the Twins.

◆ The Twins have only one winning season vs. Texas since 1986 (7-6 in 1988), going 41-50 in that time.

◆ The longest games in Metrodome history, both by innings and time, have both come versus Texas. The two teams tangled for 16 innings on June 11, 1986 as the Rangers won 6-2. They battled for 4 hours, 53 minutes on June 6, 1987 as the Twins won 3-2.

◆ The Rangers have been involved in two of the three highest scoring games in Metrodome history, twice combining with the Twins for 24 runs (California also combined for 24, winning 15-9, April 13, 1991). Texas won a 14-10 slugfest on June 10, 1986, and again beat Minnesota, 15-9, June 5, 1987.

### TWINS AND BLUE JAYS NOTES AND INFORMATION

◆ The Twins had their best Met Stadium won-lost record vs. Toronto, going 20-5 (.800). But the Blue Jays are one of only three teams (California and New York) that has a winning record in the Metrodome, posting a 36-30 (.545) mark since 1982.

◆ Four of the 12 games between the Twins and Jays in 1992 went into extra innings, with Toronto winning three of them.

◆ Devon White's inside-the-park home run, June 1, 1992 at the Metrodome, was the first against the Twins since Chicago's Ron Karkovice hit one August 30, 1990 in Minnesota.

#### DID YOU KNOW ???

... that the Twins drew 302,104 fans in six openings in Toronto in 1992, an average of 50,351 fans per opening. That bettered the club-record total of 300,000 the Twins drew in Toronto in six openings in 1991. With the exception of Toronto, the best total attendance the Twins have ever drawn in a city on the road is 251,605, which they attracted in six openings in Baltimore, also in 1992.

## HOW TO FIGURE ...

**BATTING AVERAGE:** Divide the number of safe hits by the total number of at-bats (at-bats do not include walks, sacrifices, hit by pitch or times awarded first on obstruction or interference).

**SLUGGING PERCENTAGE:** Divide the total bases of all safe hits by the total number of at-bats.

**ON-BASE PERCENTAGE:** Add the total number of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

**CONSECUTIVE HITTING STREAKS:** A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

**EARNED-RUN AVERAGE:** Multiply the total number of earned runs by 9, then divide the result by the number of innings pitched.

**WON-LOST PERCENTAGE:** Divide the number of games won by the total number of games played.

**FIELDING AVERAGE:** Divide the total putouts and assists by the total of putouts, assists and errors.

### THE GEMINI CLUB

The Twins' success in recent seasons has been mirrored by a decided upswing in season ticket sales. A great deal of the credit for this surge to over 10,000 season tickets is due to the efforts of the club's volunteer ticket-selling arm, the Gemini Club.

Under the direction of Twins' sales coordinator Matt Day, the Gemini Club has helped to bring the team's season ticket total up from a level near the bottom of the majors to one of the best of among big league teams in the '90s.

Dave Weber of Woodlyn Realty is the president of the Gemini Club, which currently numbers approximately 45 members. Most of these are Twin Cities businesspersons, but the ranks include individuals from out-state communities as well. Weber is assisted by a five-member board of directors, and the sales force consists of five teams of up to nine members each.

Each of these Gemini Club members volunteers his or her time in an effort to assure that major league baseball will always be a viable commodity in our Upper Midwest market. Each of them, too, was selected after a careful screening process based on a determination of the qualifications needed to be a success in this unique venture. Member who reach their goals receive among other things a trip to spring training and an American League pass.

Persons interested in becoming Gemini members need only contact Day at (612) 375-7482.

Kansas City's Bo Jackson holds the record for the longest homer to centerfield, 466-ft., off Bert Blyleven, June 10, 1987. Kirby Puckett hit the longest boomer to leftfield, 459-ft., off Boston's Wes Gardner, September 3, 1987. The honor for the longest ever hit by a Twin in the Metrodome, however, belongs to Kent Hrbek, who smashed a 480-ft. shot to rightfield off Texas' Charlie Hough, September 9, 1984.

## SAVES RULE

Credit a pitcher with a save when he meets all three of the following conditions:

- (1) He is the finishing pitcher in a game won by his club; and
- (2) He is not the winning pitcher; and
- (3) He qualifies under one of the following conditions:
  - (a) He enters the game with a lead of no more than three runs and pitches for at least one inning; or
  - (b) He enters the game with the potential tying run either on base, at bat or on deck; or
  - (c) He pitches effectively for at least three innings.

No more than one save may be credited in each game.

It is considered a 'blown save' when a pitcher who has entered a game in a save situation departs with the save situation no longer in effect because he has given up the lead. If the save situation still exists when he leaves the game, he is not charged with a save opportunity. And, if he has not given up the lead when he leaves the game, even though the save situation may no longer exist, he is not charged with a save opportunity.

### DID YOU KNOW???

... that the Twins are just one of three clubs on which six players hit as many as 20 home runs in a season. In 1964 Harmon Killebrew (49), Bob Allison (32), Tony Oliva (32), Jimmie Hall (25), Don Mincher (23) and Zoilo Versalles (20) tied the record set by the 1961 New York Yankees and later equalled by the 1965 Milwaukee Braves.

## EARNED-RUNS RULE

The determination of earned-runs is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls, and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, a reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs scored by batters who reach base off the reliever are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

## MINNESOTA TWINS' RETIRED NUMBERS

### 3 HARMON KILLEBREW

Number formally retired August 11, 1974

One of the greatest home run hitters of all time, Harmon Killebrew will forever be remembered to Twins fans as the 'Killer' for his prolific clouts. A member of the Twins from their inaugural Minnesota season in 1961, Killebrew hit 573 career home runs, 475 of them in his 14 seasons with the Twins, to place him 5th on the all-time home run list and second only to Babe Ruth in American League history. He hit over 40 home runs on eight occasions and 30-or-more 10 times while driving in 100-plus runs nine times.

Killebrew was the American League's Most Valuable Player in 1969 when he hit 49 home runs with an amazing 149 rbi and 145 walks, all team records that still stand. He was elected to the Baseball Hall of Fame on January 10, 1984, the first Twin to receive that honor.

### 29 ROD CAREW

Number formally retired July 19, 1987

No Twins fan will ever forget the graceful power of Rod Carew's hitting stroke. Nor will any baseball enthusiast be able to forget the summer of 1977, when he made his determined run at the untouchable .400 mark, because, just as Killebrew embodied the power of the game, Carew represented the finesse. He was a career .328 hitter in his 19 major league seasons, and was the winner of seven American League batting titles, all during his twelve years with Minnesota. Carew hit .300 or better 15 consecutive seasons and finished his career with 3053 hits, which places him 13th among the all-time hit leaders and makes him one of only 18 players to collect 3000-or-more career hits.

Carew, who won his only American League Most Valuable Player award in 1977 when he finished with a .388 average, was elected to the Baseball Hall of Fame on the first ballot, January 8, 1991.

### 6 TONY OLIVA

Number formally retired July 14, 1991

Pedro 'Tony' Oliva Jr., or 'Tony-O' to those who followed his 24-year career as a Twins' player and coach, was a man who seemed to excel in all aspects of the game. He could hit for power and average, run, field and throw and his versatility made him one of the most feared hitters of his day.

Tony-O collected 1917 hits and retired with a .304 career average. He is the only player to win American League batting titles in his first two seasons, and was the winner of three in his 15-year career, which still stands as the club's longevity mark. His prowess as a hitter was demonstrated in the fact that he led the league in hits five times, and his 220 career home runs rank third all-time among Twins. If not for knee problems which cut short his career, Oliva would have been a certain choice for the Hall of Fame.

Oliva, the 1964 American League Rookie of the Year, began his coaching career in 1976. He now works as a hitting instructor in the Twins' minor league system and scouts for the club.

# TWINS' 1992 BROADCASTERS

## HERB CARNEAL

The dean of American League radio broadcasters, Herb Carneal celebrates his 31st year as the 'Voice of the Twins' in 1993.

Hired away from the Baltimore Orioles in 1961, where he was part of the play-by-play team for five years, Carneal has been behind the microphone for all but the first of the Twins' 32 seasons. He has become an institution not only in the state of Minnesota but throughout the vast reaches of the Upper Midwest to which his voice carries.

Before joining the Orioles in 1957, Carneal served as sports director of a Philadelphia station where he broadcast Athletics and Phillies games.

Carneal and his wife Kathy live in Edina and have a grown daughter.

## JOHN GORDON

The 1993 season is John Gordon's seventh as the Twins' radio counterpart to Herb Carneal. Before coming to the Twin Cities prior to the 1987 season, Gordon was part of the New York Yankees broadcast crew from 1982-86.

The Detroit native began his broadcasting career with the Spartanburg Phillies in 1965 after graduating from the University of Indiana. After five years with Spartanburg, Gordon joined the Baltimore Orioles where he remained until 1973, when he accepted the broadcasting job at the University of Virginia to become the voice of Cavaliers football and basketball. From there he joined the Yankees' Class AAA affiliate Columbus Clippers from 1977-81, before moving to New York in 1982.

John and his wife Nancy have two grown children and make their home in Apple Valley.

## JIM KAAT

As a player for 25 major league seasons, 13 of them with the Twins, Jim Kaat was known as one of the best pitchers of his time. Now as a broadcaster, he has once again established himself as outstanding in his field. He begins his sixth season on the Twins' TV network in 1993.

The winningest Twins' pitcher ever with 189 career victories, Kaat went on to amass 283 wins in a career that included service with Washington, the Chicago White Sox, Philadelphia, the New York Yankees and St. Louis before retiring in 1983. In that time, Kaat won 16 Gold Gloves, which ties him with Brooks Robinson for most in a career.

Following his playing career, Kaat served as pitching coach for the Cincinnati Reds for the 1985 season before he entered the broadcast booth full-time. Aside from the Twins, where he started in 1988, his broadcast credits include play-by-play work for the Atlanta Braves, New York Yankees, ESPN—for whom he telecast college baseball—and most recently, CBS, where he is part of the network's national baseball coverage of the regular season, All-Star Game, league playoffs and World Series.

Jim and his wife Marianne split the year between Minneapolis and Florida.

## DICK BREMER

Dick Bremer begins his tenth season with the Twins as a broadcaster for games televised on WCCO-TV, KITN-TV and Midwest Sports Channel.

Bremer, who graduated from St. Cloud State in 1978, began with the Twins in 1983 broadcasting games for Spectrum Sports. He remained there until 1985 and re-joined the team in 1987, working a two-year stint for TwinsVision. He has worked with WCCO, KITN and MSC since 1989.

The Staples (MN) High School grad is also the voice of University of Minnesota hockey and men's basketball and has called games for University of Iowa basketball, University of Minnesota football and the Minnesota North Stars in his 15-year career.

Dick and his wife Heidi make their home in Maple Grove.

# THE METRODOME

- Opened on April 3, 1982, the Hubert H. Humphrey Metrodome has been home to the Twins for the past 11 years. It was the third domed facility in baseball and remains the only air-supported structure among the 28 in use.
- The Metrodome is the only stadium in the world to play host to the World Series (1987 and 1991), baseball's All-Star Game (1985), the Super Bowl (XXVI, 1992) and the NCAA Final Four Basketball Tournament (1992).
- Construction began on December 20, 1979 and was built by the state of Minnesota at a cost of approximately \$68 million.
- Located on a 20 acre site in the Industry Square district of downtown Minneapolis, the stadium has an interior volume of 60 million cubic feet and is covered by 10 acres of Teflon coated fiberglass 1/32" thick. It is 195 feet from the highest point of the interior ceiling to the playing field.
- It takes 250,000 cubic feet of air pressure per minute to keep the roof inflated.
- The field's AstroTurf was installed in January, 1987 and is removable, unlike the old turf which was glued down.
- The Metrodome has 7,600 retractable seats in rightfield, the largest such section of any stadium in the world. It can be converted from baseball to football use, and vice versa, in four hours.
- The pitcher's mound is powered by an electric motor and can be raised and lowered at the push of a button. The mound weighs 23,000 pounds and is 18 feet in diameter.
- Field dimensions are 343' down the leftfield line, 385' to the leftfield power alley, 408' to dead centerfield, 367' to the rightfield power alley and 327' down the line in right. The fence in leftfield is 13' high, including six feet of plexiglass extension installed in 1983, seven feet high in center and 23' high in rightfield, which includes 16' of plastic tarp installed in 1983.

## IT HAPPENED IN THE DOME

**November 19, 1981:** Roof deflated due to tear caused by heavy snow.

**December 30, 1982:** Roof deflated due to tear caused by heavy snow.

**April 14, 1983:** Roof deflated due to tear caused by heavy snow and the scheduled game with California was postponed. It is the only postponement in Metrodome history.

**May 4, 1984:** Oakland's Dave Kingman hit ball into one of roof's drainage holes in a 4th inning at-bat. The ball never came down and Kingman was awarded a ground rule double.

**April 26, 1986:** Roof suffered slight tear due to high winds, causing a nine minute delay in the bottom of the seventh inning vs. California.

**May 30, 1992:** Detroit's Rob Deer popped out to shortstop Greg Gagne in consecutive at-bats with both balls ricocheting off the ceiling.

**July 5, 1992:** Minnesota's Chili Davis hit a towering fly ball to deep rightfield vs. Baltimore's Rick Sutcliffe. The ball bounced off a speaker in play and caromed to second baseman Mark McLemore, who made the catch in shallow right field to rob Davis of a sure home run.

**August 29, 1992:** A power outage in the third inning caused a 23 minute delay vs. New York.

## METRODOME GROUND RULES

Foul poles are in fair territory.

Ball hitting roof or speakers in fair territory; if caught by fielder, batter is out and base runners advance at their own risk.

Ball hitting roof or speakers in fair territory shall be judged fair or foul in relation to where it hits the ground or is touched by a fielder.

Any ball that hits the speaker or roof in foul territory is a foul ball; if however the ball is caught by fielder, the batter is out and base runners advance at their own risk.

A ball that hits speaker in foul territory and ricochets back into fair territory is still a foul ball; if the ball is caught by fielder, the batter is out and base runners advance at their own risk.

## TWINS' SPRING TRAINING MEDIA POLICIES

**SEASON CREDENTIALS** (including parking): Issued only to daily newspaper reporters who'll be covering the club, home and road, and to area radio and TV sports reporters and camera crews who will be covering on a regular basis.

All other media entities will be credentialed on a per-game basis (including parking).

Transferral of working press credential will result in the termination of coverage privileges for the individuals involved.

**FIELD ACCESS:** Allowed during batting practice and other workouts during the early training period, but once the game schedule begins the field must be cleared at the end of visitors' batting practice. All reporters must confine themselves to foul territory within the baselines. Workouts begin daily at 10:00 a.m.

**DINING ROOM ACCESS:** Available only to those media credentialed to cover that day's game. This room will open at 11:30 a.m. for day games (5:30 p.m. for night games) and will close at gametime. Following the game, it will be opened for the manager's press conference only.

Working photographers will be permitted in the press dining room on the same basis as other reporters.

**PRESSBOX ACCESS:** Permitted only to members of the Baseball Writers' Association of America and to coverage reporters of area daily newspapers and radio and TV stations. Weekly newspapers can be accommodated only on a space-available basis.

**CLUBHOUSE ACCESS:** Limited to members of the Baseball Writers' Association of America and to coverage reporters of area daily newspapers and radio and TV stations. The clubhouse will be open during the pre-schedule workout period with certain exceptions. During the game schedule, the clubhouses will be closed at the end of batting practice and for a five-minute period following games.

Clubhouse access is limited to the player-locker area and the manager's office. The training room, exercise room and equipment rooms are off-limits to all media.

No cameras are allowed in the clubhouse.

**INTERVIEWS:** Players will accommodate when possible where on-field interviews are concerned, but are not available for in-studio appearances or appearances on their own time.

**RADIO & TV:** No cameras will be allowed in the clubhouses. Feature material should be filmed on the field during batting practice. Post-game interviews should be conducted on the field for TV; radio may be done in the clubhouse.

**CAMERA POSITIONS:** Several camera positions are available for shooting during the game, but no cameras will be allowed on the field itself. The centerfield position will be for game television cameras only, as will the low home position. High and low, 1st and 3rd base will be credentialed on a space-available basis.

**PHOTOGRAPHERS:** No photographers will be allowed on the field during the game or in the clubhouse at any time. There are at least four positions from which photographers may shoot during games.

On the first two days of batterymen workouts and the first two days of full-squad workouts, cameramen and photographers will be allowed the freedom of the field during the exercise period, but must stay in foul territory during the actual workout times. On all other days, all media personnel must stay in foul territory and no farther down the lines than 1st and 3rd bases.

**PHOTO DAY:** Will be on Sunday, February 28, beginning at 8:30 a.m., sharp, in the Twins' major league clubhouse. All photographers seeking file head shots are asked to cooperate by doing this on Photo Day, when the players will be made available in an assembly line fashion to accommodate all accredited news services.

**AUTOGRAPHS:** Professional journalists do NOT ask for autographs. Any media members asking for autographs will have their credentials revoked.

**TICKETS:** May be purchased by coverage personnel out of a block held for this purpose. These are priced at \$9.00 each. These tickets must be for personal use only and advance notice is recommended to increase chance of availability.

**FOR ADDITIONAL INFORMATION:** Call Twins' media relations director Rob Antony (813-768-4213) or assistant media relations director Steve Rausch (813-768-4214) or write Lee County Sports Complex, 14100 Six Mile Cypress Parkway, Fort Myers, FL 33912.

## LEE COUNTY SPORTS COMPLEX

The Twins will spend their third spring training season at the Lee County Sports Complex in 1993. Spurred by the state-of-the-art facility, the Twins won the 1991 World Series after enjoying their most successful spring training camp in history as they posted a record-high 21 wins. In the two years they've trained in Lee County, the Twins have drawn a total of 220,092 fans, an average of 7,100 per game.

Located south of the city of Fort Myers near Interstate Highway 75, the Lee County Complex is home to the Twins and their six minor league affiliates. It features five full and two half-fields, the centerpiece of which is a 7,500-seat stadium in which the major league Twins play their exhibition games and conduct their daily workouts.

The Sports Complex will be the home to two of Minnesota's minor league affiliates in 1993, housing both the Miracle of the Class-A Florida State League and the Rookie level Gulf Coast League Twins.

Complete home and visiting clubhouses are included in the stadium proper, and complete facilities for the minor league teams are contained in a building adjacent to their playing fields.

The major league club's administrative offices are located in the stadium, with the minor league department's offices in the building adjacent to their fields.

The complex also features two soccer fields, a softball complex and other athletic facilities for use by Lee County organizations, plus an eight-acre water-management lake for public fishing.

The Twins trained in Orlando, Florida, from 1936 (with the exception of the war years of 1943, '44 and '45, when they conditioned in College Park, Maryland) to 1990, and their minor league clubs moved to Terry Park in Fort Myers in 1990, after headquartering in Melbourne, Florida, since 1964.

The Lee County Sports Complex, a \$14,000,000 undertaking, was completed in February, 1991. Lescher and Mahoney, an architectural and engineering firm based in Tampa, Florida, were the lead architects for the project, with design assistance from Ellerbe-Becket of Kansas City, Missouri. Case Contracting Company of Plant City, Florida, was the contractor.

The Twins and Lee County have a twenty-year agreement for use of the complex.
