RAY PERKINS

Head Coach/Vice President-Football Operations

In three seasons at the helm of the Tampa Bay Buccaneers, Ray Perkins has remolded the team in his image - tough, disciplined and competitive. He brings to his task over 25 years experience as a player and coach, whose outstanding career includes his 1990 induction into the Alabama Sports Hall of Fame.

As a player, he was an All-America performer for three great Alabama teams. As a coach he has displayed remarkable abilities as a strategist, motivator and organizer - first in resuscitating the ailing New York Giants and then in successfully carrying on the legacy of Bear Bryant at Alabama.

Perkins was fresh from his third bowl victory in four years as Alabama's head coach when Buccaneer owner Hugh Culverhouse selected him as Tampa Bay's third coach on

December 31, 1986. Since then, armed with knowledge obtained in his successful tenure with the Giants, Perkins' intense efforts have produced a respected coaching staff and a revamped roster that includes only eight players who were with the Bucs prior to his arrival. In 1988 and 1989, Tampa Bay was the youngest team in the NFL.

"I believe in gathering a nucleus of good players who are good people and working with them in a patient manner," says Perkins. "We want to build something here that is solid and will last. You do that primarily through the draft with the selective acquisition of other players. We are well on our way in that process."

The Tampa Bay team which Perkins inherited was lacking in talent and hope. Since then the Bucs have shown consistent improvement, marked by a late-season 1988 win over AFC East-champion Buffalo and the franchise's first-ever sweep of the Chicago Bears in 1989.

Walter Ray Perkins was born in Mount Olive, Mississippi on November 6, 1941, and grew up in Petal, near Hattiesburg, where his father, W.T. Perkins, was a carpenter and contractor. Even as a young person, Perkins practiced the hectic schedule that has become his trademark. He sandwiched high school and an All-America football record around a more than full-time job, working mornings and evenings at a gas station.

Recruited to Alabama, his playing career was slowed by a head injury in spring practice at the end of his freshman year that required brain surgery. He was redshirted in 1963, and recovered to become one of the best receivers in SEC history as the prime passing target of Joe Namath (1964), Steve Sloan (1965) and Ken Stabler (1966).

He was a leader of Alabama's national title teams in 1964 and 1965. The Crimson Tide went undefeated in 1966, as Perkins was chosen SEC Player of the Year and first-team All-America.

He was at his best in big games, catching 159 yards worth of passes against Nebraska in Alabama's January 1, 1966, national championship-clinching win in the Orange Bowl. A year later he caught 178 yards worth of passes against the Cornhuskers in the Sugar Bowl. Both figures still remain Orange and Sugar Bowl records.

He finished his regular-season Alabama career with 63 receptions for 908 yards and nine touchdowns. He also was a member of the Alabama track team competing in the 100-yard dash, long jump, triple jump and relays.

After graduating with a degree in physical education in May, 1967, Perkins was a seventh-round draft choice by the Baltimore Colts and played five NFL seasons with the Colts until his career was shortened by a series of knee injuries.

As a Colt, Perkins added John Unitas and Earl Morrall to the illustrious list of quarterbacks he played with, catching 93 passes for 1,538 yards and 11 touchdowns. He played in two Super Bowls (III and V). In his eight seasons at Alabama and Baltimore, his teams went 83-10-2 (.892).

After a brief period in real estate, Perkins began coaching in 1973 as the receivers coach at Mississippi State. The next year he moved to the NFL for four years as receivers coach of the New England Patriots. In 1978, he became the offensive coordinator for the San Diego Chargers, who led the NFL in passing and scoring.

Perkins' success captured the attention of the New York Giants who hired him as head coach in 1979. By his third season, Perkins had turned around a previously lethargic team, directing the Giants to their first playoff berth in 18 seasons in 1981. The Giants defeated Philadelphia, 27-21, before losing to eventual Super Bowl Champion San Francisco. He also acquired Phil Simms, Joe Morris and Lawrence Taylor who formed the foundation for an eventual Super Bowl champion.

Perkins was then chosen as the hand-picked successor to Bear Bryant at Alabama on December 14, 1982. He added the duties of athletic director following Bryant's death.

At Alabama, Perkins' Crimson Tide went 32-15-1, including 9-2-1 and 10-3 seasons in 1985 and 1986 against schedules ranked among the nation's toughest. His Alabama teams also went to three bowl games in his four seasons as head coach with wins in the 1983 Sun Bowl, 1985 Aloha Bowl and 1986 Sun Bowl.

He was selected by **The Birmingham News** as SEC Coach of the Year in 1985 and honored by the University of Alabama Alumni Association as "Man of the Year" in 1982.

Perkins has been married for 28 years to the former Carolyn Martin, herself an outstanding basketball player and coach. They have two sons, Tony (26), a graphic artist, and Mike (23), the Bucs' assistant video director and college student.

Perkins is also extremely active in youth-related activities, particularly the Big Oak Ranch near Glencoe, Alabama where he donated a dormitory. In Tampa, he is a member of the Board of Directors of the Boys & Girls Clubs of Greater Tampa, hosting a celebrity golf tournament. He has also been active in the Tampa Bay area with the Multiple Sclerosis Society, American Cancer Society and, along with his wife, Metropolitan Ministries. His hobbies include tinkering with automobiles and golf.

Donald Igwebuike's 33-yard FG (his third of the day) gave the Bucs a 16-10 lead with 1:45 left... Peete completed three passes to Robert Clark (21, 24, 19) to carry the Lions to the nine-yard line, then after two incompletions and a four-yard scramble, scored the winning touchdown... the final drive was 76 yards in eight plays in 1:22... Ricky Reynolds' 68-yard INT for a touchdown was the fourth-longest scoring interception return in team history... Bruce Hill became the eighth Buc to reach 100 career receptions. (A-46,225)

Testaverde hit 14 of his final 21 passes for 230 yards and three TDs in the game's final 16:20 to finish with his first 300-yard game of the season and fifth of his career... field position belonged to the Redskins with Washington taking over the ball in Buc territory five times during the game and three other times beyond their own 40... the Bucs did not have a meaningful possession outside of its 35, except for a fourth quarter on-side kick recovery... Ricky Reynolds' blocked punt return was the Bucs' first touchdown on a special teams play since 9/4/78 (it was only the second blocked punt in team history). (A-52,862)

■ BUCS-VIKINGS NOTES

A 76-yard, 13-play fourth quarter touchdown drive to a one-yard Herschel Walker scoring run helped the Vikings withstand a late Tampa Bay rally... despite a fierce pass rush, which sacked him a career-high seven times, Vinny Testaverde kept his poise and hit his 15th TD pass of the year, a five-yard third down completion to James Wilder with 13:26 left to bring the Bucs to within 17-10 after being down 17-0 in the first quarter... but Minnesota regrouped for the clinching drive... Testaverde was not picked off in either Viking game (51 attempts), after being intercepted eight times in 1988... James Wilder became the fifth Buc-caneer to start in 100 games... the Bucs held Herschel Walker to just 48 yards in 18 carries in his Tampa Stadium debut as a Viking. (A-56,271)

■ BUCS-BEARS NOTES

Tampa Bay swept the season series from Chicago for the first time, by claiming its first win at Soldier Field since 1979...the win was achieved by a Donald Igwebuike 28-yard field goal with no time remaining to culminate a frantic final five minutes...the two teams combined to score 33 points in the final 4:50, including one stretch of 2:41 where four touchdowns were scored in 11 scrimmage plays...the Bears closed to 23-17 with 4:27 left, when Vinny Testaverde teamed with Mark Carrier for the longest completion of his career, a 78-yard scoring pass to make it 29-17 after a failed PAT...but Chicago's Mike Tomczak produced two TD passes to Wendell Davis 50 seconds apart for a 31-29 Bear lead with 1:46 left...Testaverde then guided the Bucs on an eight-play, 56-yard drive culminating in the winning field goal. Green Bay claimed victory on Chris Jacke's 47-yard field goal as time expired...the kick came 47 seconds after Tampa Bay had apparently ended the Packers' final threat on downs as Don Majkowski's fourth-and-16 pass fell incomplete...but a rare defensive illegal use of hands penalty provided another opportunity and five plays later Majkowski completed a 17-yard pass to Carl Bland and then grounded the ball to stop the clock with one second left...the Bucs became the first team in NFL history to play three consecutive one-point games, and along with the Packers, became the first teams ever to play four one-point games in a season...three of the last four meetings between the two teams have been decided by field goals within the final 12 seconds...Sylvester Stamps' 21-yard rushing TD was the first of his NFL career. ■ BUCS-OILERS NOTES

The passing of Vinny Testaverde carried the Buccaneers back from a 20-3 halftime deficit to the brink of the tying or winning points... but James Wilder was stripped of the ball after a 27-yard reception to the Oiler 21-yard line with 1:18 remaining as Houston hung on to win... Testaverde finished with his fourth 300-yard passing day of the season and also equaled Doug Williams' Buc single-season record TD pass total of 20... Mark Carrier caught a career-high 10 passes, and with 135 yards receiving, set a Buccaneer single-season record with 1,190 yards... Testaverde's 31 completions set a new Buc single-game record. ■ BUCS-STEELERS NOTES

Tampa Bay's season ended on a disappointing note with losses in the last four games... Mark Carrier was again a bright spot for the Buccaneers, catching six passes for 101 yards to end the season with four straight 100-yard receiving games for a league-leading nine on the season... he also set a Buccaneer record with 86 receptions for 1,422 yards... Joe Ferguson moved up the NFL all-time passing ladder with his two TD passes (196 for his career) and now stands 17th all-time and is 11th in completions... the game was played in bitterly cold weather by Florida standards with a game-time temperature of 39 degrees. MOST VALUABLE PLAYERS

Two separate awards are presented each year to the player chosen as the Bucs' Most Valuable Player. The **St. Petersburg Times** presents an award determined by a vote of writers who regularly cover the team and the Tampa Sports Club membership, a cross section of the Tampa sports community, votes for its award. The Newspaper Enterprise Association no longer conducts a poll of team members which was won in 1977 and 1979 by Lee Roy Selmon, in 1976 by Dave Pear and in 1978 by David Lewis.

All four of the team's preseason games as well as the coach's show will be seen on the area's leading independent station.

Jim Kelly, Paul Kennedy and Alvarez will be the announcers for WTOG's preseason coverage of Buccaneer football. The preseason will be highlighted by live telecasts of the Bucs' games with New England (from Jacksonville at 8 p.m. on Saturday, August 18th) and Seattle (at 9 p.m. on Friday, August 24th).

PLAYOFF INFORMATION

Division Ties

If, at the end of the regular season, two or more clubs in the same division finish with the best won-lost-tied percentage, the following steps will be taken until a CHAMPION is determined:

TWO CLUBS

1. Head-to-Head (best won-lost-tied percentage in games between the clubs).
2. Best won-lost-tied percentage in games played with the division.
3. Best won-lost-tied percentage in games played within the conference.

TAMPA STADIUM

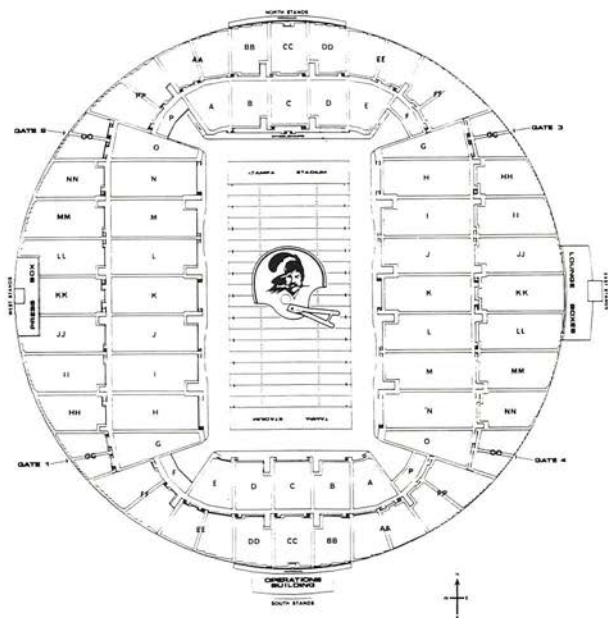

EXECUTIVE DIRECTOR: Joe Zalupski

STADIUM MANAGER: Rick Nafe

ADDRESS: North Dale Mabry Highway, Tampa, FL 33607

CAPACITY: 74,296

TELEPHONE (813) 872-7977

On January 27, 1991, an improved Tampa Stadium will host Silver Anniversary Super Bowl XXV. Tampa Stadium is no stranger to the NFL's championship game as it was the site for Super Bowl XVIII on January 22, 1984, when the Los Angeles Raiders defeated the Washington Redskins, 38-9. It represents an acclaimed championship venue.

New this year is the installation by the Buccaneers of the Sony JumboTron video screen. The 24-foot by 32-foot board towers above the south end zone of Tampa Stadium. The current north end zone board, with message capabilities, remains in operation and four additional auxiliary game-display boards have been added in the corners of the end zones. Tampa Stadium is the seventh NFL stadium to have a JumboTron.

Another project completed during the offseason was the installation of bench-backs on all the seats throughout the entire stadium.

With a minimum of excess area around the field, seats stationed around mid-field and no pillars obstructing view, Tampa Stadium offers excellent sightlines for fans of any event. The high-grade Bermuda grass with its 18-inch crown has excellent drainage and ranks high on the lists of outstanding playing surfaces in the NFL.

With the addition of extra seating in 1983, Tampa Stadium now seats 74,296 for Buccaneers games, (including 57 sky suites over the east stands with seating capacity varying between 16 and 33 seats). With the addition, Tampa Stadium is now the third largest stadium in the NFC. Only the Pontiac Silverdome and Giants Stadium can boast greater capacity.

Construction started in October, 1966, and Tampa Stadium was dedicated on November 7, 1967. The stadium originally seated 46,500 fans in concrete stands along either sideline. The initial structure cost only \$4.6 million. In this configuration, it served as home to the University of Tampa, as well as other college football games and professional preseason contests.

As part of the awarding of an NFL franchise to Tampa Bay in 1975, the end zones were enclosed to raise seating capacity to over 72,000. Other additions in 1975 were new computerized scoreboards at either end and an additional level on the press box above the west stands.

The complex is administered by the Tampa Sports Authority, a public board composed of 11 members from both the city of Tampa and Hillsborough County, which was established by the State of Florida in 1965.

Tampa Stadium is also the home of the Hall of Fame Bowl, inaugurated in December, 1986.

Instant Replay Approved for 1990

For the fifth consecutive season, NFL clubs have approved a limited system of Instant Replay on a one-year basis.

There is one significant change in the system from 1989. All replay reviews which involve contact to the field from the Replay Booth will be a maximum of two minutes in duration, timed from the moment when the Umpire signals timeout.

The Replay Official will be assigned to a regular officiating crew and will attend crew meetings the day before each game.

The following table outlines the number of reversals and plays closely reviewed by instant replay in each of the previous four seasons.

	Games	Reversals	Plays Closely Reviewed
1986	224	38	374
1987	210	57	490
1988	224	53	537
1989	224	65	492

In 1986, the system was approved by a 23-4-1 vote. In 1987, the vote was 21-7. In 1988, replay was cleared by a 23-5 margin. In 1989, the vote was 24-4. In 1990, the vote was 21-7.

The NFL has discussed Instant Replay in some degree or other since the early 1970s. The League experimented in 1976 and 1978 using two basic frameworks — an independent system using cameras, replay machines, and technicians separate from the network covering the games, and a "no-frills" approach using existing TV coverage.

In 1985, the NFL used the network feed of the nine nationally-televised preseason games to experiment with the basic system which later was adopted for 1986, 1987, and 1988. A total of 28 plays (17 confirmed calls, 4 inconclusive, 1 reversed, and 6 no-replay shown) were closely examined in the 1985 experiment.

Q—What is the objective of this system?

A—The clubs feel that on certain plays the telecast viewed by the general public should be used to correct an indisputable error. The system will be used to reverse an on-field decision only when the Replay Official has indisputable visual evidence available to him that warrants the change.

Q—Who will be involved?

A—The Replay Official (a former NFL or collegiate official) will be positioned in a sideline Replay Booth, which will house two TV monitors and two high-speed VCRs plus radio communications to the on-field officials. The Replay Official makes the decision although a Communicator (normally a member of the League Office staff) and a Technician also will be there to lend logistical help.

Q—Why is the system referred to as "limited" Instant Replay?

A—This system will concentrate on plays of possession or touching (e.g. fumbles, receptions, interceptions, muffs) and most plays governed by the sidelines, goal lines, end lines, and line of scrim-

mage (e.g. receiver or runner in or out of bounds, forward or backward passes, breaking the plane of the goal line). It also will be used to determine whether there are more than 11 men on the field.

Q—Why aren't most fouls included in this system?

A—It is recognized that in most circumstances the on-field officials have the best vantage points involving fouls. It is for this reason that Instant Replay will not review a list of the following 26 fouls:

1. Clipping
2. Encroachment and offsides
3. Grasp of facemask
4. False start
5. Defensive pass interference
6. Offensive pass interference
7. Offensive holding and illegal use of hands
8. Illegal batting or punching ball
9. Illegal block on free kick or scrimmage kick
10. Illegal crackback
11. Illegal motion
12. Illegal use of forearm or elbow
13. Illegal use of hands by defense
14. Illegally kicking ball
15. Illegally snapping ball
16. Intentional grounding
17. Member of punting team downfield early
18. Illegal formation
19. Palpably unfair act
20. Piling on
21. Roughing the passer
22. Running into / roughing kicker
23. Striking, kicking, or kneeling
24. Unnecessary roughness
25. Unsportsmanlike conduct
26. Use of helmet as a weapon

Q—Is the television network carrying the game part of the review process?

A—No. Although the Replay Official will be viewing the live network feed, there is no communication to television personnel as to which plays to show or not to show. The Replay Official does not hear the TV commentators.

Q—What is the step-by-step procedure of a play review?

A—The Replay Official will view game action and a play will be replayed immediately on one of the two monitors, while the other one continues to record the live feed.

The Replay Official makes a determination if further study of the play is needed. If not, there is no contact with the field and play continues without interruption.

If the Replay Official believes an error may have been made the Umpire will be contacted via a headset.

The Replay Official will watch replay(s) on one or both monitors and complete his review within a reasonable period after the play is over.

The Replay Official will inform the Umpire of his decision, and the Referee will make the appropriate announcement on the wireless microphone.
