Algoma Contractors	Ontario Hockey League (Juvenile)

BLACK HAWK OFFICIALS

JAMES D. NORRIS

CHAIRMAN

OF

THE BOARD

ARTHUR M. WIRTZ

PRESIDENT

THOMAS NATHANIEL IVAN

GENERAL MANAGER

Tommy Ivan became general manager of the Black Hawks at the start of the 1954-55 N.H.L. season after having spent a most successful coaching career with the Detroit Red Wings organization.

Upon taking over the new duties of a general manager, Ivan was confronted with a most difficult task. He not only inherited a last place club, but one that suffered from a losing complex after having finished in the N.H.L. cellar six of the eight previous seasons. Thus, he first of all had to find ways and means to remove a defeatist attitude before making any changes. Next thing, Ivan recommended certain deals to co-owners James Norris and Arthur M. Wirtz and such players as goalie Glenn Hall, Glen Skov, Pierre Pilote, Ed Litzenberger, Elmer Vasko and Bobby Hull were acquired.

After watching the Black Hawks finish last again, Tommy decided to go back to coaching the club and worked in a dual role the next two seasons. Coaching, by the way, was by no means new to the dynamic Little Tee'. He achieved success as a coach while leading the Red Wings to six consecutive N.H.L. titles and three Stanley Cups in seven seasons with the Detroit organization. By smart manipulation and the fine handling of players, the Hawks started their gradual climb and on January 1, 1958, Tommy turned over the coaching reins to Rudy Pilous.

Ivan is now able to again devote his full time to his duties as general manager. He's constantly searching for new talent to strengthen the club and to build the Hawks into a growth organization. His one thought is to restore the Hawks prestige to what it was back in the '30's and '40's, when they were Stanley Cup contenders and winners.

Personally, Ivan is a quiet and modest fellow. Sports, and primarily hockey have been his work and play, alike. He knows hockey and hockey players thoroughly, and is extremely popular with both players and officials around the circuit.

Ivan was born in Toronto, Ont., on January 31, 1911. He's married and makes his permanent home in Skokie, Illinois.

RUDOLPH "RUDY" PILOUS

COACH

Rudolph "Rudy" Pilous took over the coaching duties of the Black Hawks on January 4, 1958, relieving Tommy Ivan of a portion of the dual capacity which Ivan performed at the time, that of general manager and coach.

After Pilous accepted the Hawk offer some unkind critic remarked that a move from coaching the 1st place St. Catharines to the last-place Black Hawks might be considered a demotion. Not as far as Rudy was concerned.

While Pilous didn't move the Hawks into a playoff spot in the 1957-58 campaign, he did manage to get them out of the basement and into fifth place, a most commendable achievement in only half a season at the helm.

Last year, his first full season, Rudy steered the Hawks into third place only to meet the Montreal Canadiens in the first playoff round. The Hawks extended the powerful Canadiens to six games before bowing out.

Pilous began his hockey career with Winnipeg. Then followed a stint with Nelson, B.C., before going to England where he played for the Richmond Hawks. He returned to Canada and joined the New York Rovers of the E.A.L. It was while he was with the Rovers that Frank Boucher, ex-New York Ranger coach, told Rudy to give up trying to make the big league as a player. While he had the sufficient brawn and brains, he wasn't a good enough skater, which is the most necessary qualification.

Heeding Boucher's advise, Pilous went to St. Catharines, Ont., and interested a group of local businessmen to form the Junior Falcon club, the forerunner of the St. Catharines TeePees.

Then, in 1947, Pilous accepted a job as scout and chief trouble shooter for the Buffalo Bisons of the American League. His first major assignment was to take over the Houston club, a Buffalo farm team of the U. S. Hockey League which was floundering in the cellar. He lead them to a title.

The following season he was sent to San Diego of the Pacific Coast League and again piloted a last place team into the playoffs.

In 1949-50 Pilous returned to St. Catharines to manage and coach the TeePees again, and his teams never finished worse than fourth in the tough Ontario Hockey Assn., Junior competition. Three times the TeePees won the league title and once, in 54-55, the Junior championship of Canada.

In 1955-56, the Hockey News, the N.H.L. official newspaper, named Pilous "hockey executive of the year", the only executive of an amateur club ever so honored.

A big man physically, he stands 6' 2", weighs 210 lbs. Pilous is regarded as one of the "most refreshing conversationalists to come into the N.H.L. in a long time." He is the 7th child of immigrant parents who arrived in Canada in 1903. He was born in Brooklands, Man., on Aug. 11, 1914. He is married and has 2 daughters. His home is in St. Catharines. In the off-season he is asst.-director of public relations of Ont. Jockey Club.

GLENN HENRY HALL

GOAL

Shoots Left 5' 11" - 160 lbs.

Born: HUMBOLDT, SASK.

OCTOBER 3, 1931

Last Amateur Club:

WINDSOR SPITFIRES JRS.

Home: EDMONTON, ALTA.

Glenn Hall came to the Black Hawks at the start of the 1957-58 campaign, along with Ted Lindsay from the Detroit Red Wings for players John Wilson, Forbes Kennedy, Hank Bassen and Bill Preston, plus a bundle of cash.

Their acquisition not only added considerable class to the Hawks, but the team's fortunes have taken a turn for the better.

After all, you don't jump from last place into third place, which is where the Hawks finished last season, unless more than a few things have happened and, one of the big reasons was goaltending, which was supplied in ample quantity by Hall.

The mild, soft-spoken netminder launched his 1st season with the Hawks by capturing the No. 1 spot on the N.H.L. First All-Star team, the same position he was accorded as a member of the Red Wings the year before.

Last season, despite a poor start by the Hawks, which also reflected on Hall's ability, skyrocketing his goals-against average to four against-per-game for the first ten contests, he improved it considerably and by season's end wound up with a respectable 2.97 goals against-per-game. Only Jacques Plante of Montreal, the Vezina Trophy and All-Star winner, boasted a better average.

Hall's success, in addition to the sort of unpretentious confidence that he carries into every game, stems primarily from his speed to maneuver, plus the lightning action of his now famous left hand.

Hall gained his hockey experience in the Detroit farm system making the grade in 1955-56, taking over from Terry Sawchuk who was then traded to Boston. Strange to relate, when Detroit regained Sawchuk from the Bruins, Hall was traded to the Black Hawks.

Hall played two years of junior hockey for the Windsor Spitfires before turning pro with the Indianapolis Caps in 1951-52. He moved to Edmonton the following season and spent three fruitful years with the Flyers until he was called up by the Wings.

ALGER "AL" ARBOUR

DEFENSE

Shoots Left 6' 0" - 180 lbs.

Born: SUDBURY, ONT.

NOVEMBER 1, 1932

Last Amateur Club:

WINDSOR SPITFIRES JUNIORS

Home: SUDBURY, ONT.

Al Arbour was acquired by the Black Hawks via the N.H.L. draft at the start of last season from the Detroit Red Wings.

Alger neither sounds not looks like a major league hockey player. He's a gaunt young man who wears glasses on the ice, looks more like a professor of psychology. But Arbour is a most competent defenseman who gets along very well, name and looks to the contrary.

Arbour started his hockey career with the Detroit Hettche's of the International League, then moved up to the Windsor Spitfire Juniors in 1952-53. Before season's end, the long-geared youngster was signed to a pro contract and rushed to Edmonton of the Western League where he helped the Flyers in their drive to the league title.

Arbour then began a Cook's Tour of the Detroit system. He split the 1953-54 season between Red Wings and Sherbrooke. Did the same the following season between Edmonton and Quebec. Spent the entire season of 1955-56 with Edmonton and about midway through 1956-57 campaign was called up to the Wings where he stayed until acquired by the Hawks.

A quiet, soft-spoken fellow, Al stands an even six feet tall, and tips the scales at 180 pounds. He was born on November 1, 1932 in Sudbury, Ont. He's married and maintains his summer residence in his native city.

EARL FREDERICK BALFOUR

LEFT WING

Shoots Left 6' 1" - 180 lbs.

Born: TORONTO, ONT.

JANUARY 4, 1933

Last Amateur Club:

TORONTO MARLBORO JRS.

Home: TORONTO, ONT.

Earl Balfour was acquired by the Black Hawks at the 1957-58 N.H.L. annual draft for the sum of $15,000 from the Toronto Maple Leafs.

The raw-boned, elongated forward with a hard-driving style is a welcome addition to the Hawks' front line. He is used mostly in the role of a penalty-killer, and teamed with Glen Skov they have the art of penalty-killing down to such a fine point that the opposing team seldom gets a clean shot on the Hawk net.

Although Balfour's main job last season was to defend, he managed to score 10 goals and assist on 8 more. It might be pointed out that 7 of his goals came while the opposition had a man advantage.

The Hawks are counting on Balfour's highly useful defensive and offensive ability as an integral part of their plans.

Balfour got his hockey start in the King Clancy series of the THL. He moved up to Weston Dukes and then to the Marlboro Juniors. From there he turned pro in 1951-52 with the Toronto Leafs and after a three game try-out was sent to Pittsburgh of the AHL to gain added experience. He returned to the Leafs the next semester, but after 17 games was again shipped back to the Hornets where he remained until the end of the 1954-55 campaign. He was back with the Leafs for the entire 1955-56 season.

For some unknown reason Earl was sent to the Rochester Americans where he spent the 1956-57 and 1957-58 seasons, and came through with a respectable total of 48 goals and 47 assists, something few left wingers achieved in the league. This attracted the attention of the Hawks and they set out to draft him last year. He is no relation to Murray Balfour.

MURRAY BALFOUR

FORWARD

Shoots Right 5' 9" - 178 lbs.

Born: REGINA, SASK.

AUGUST 24, 1936

Last Amateur Club:

REGINA PATS JRS.

Home: REGINA, SASK.

The Black Hawks purchased Murray Balfour from the Montreal Canadiens last summer for the sum of $20,000.

The stockily built forward. can be counted upon to give a maximum effort every time he takes his turn on the ice.

Probably not the smoothest skater in the world, Murray makes up for this disadvantage with his competitive spirit and the will to win. He's a steady performer who plays equally well at home and on the road and especially when the going gets rough. Murray can always be counted on to come up with his share of the work when it's most needed.

Besides playing right wing, Murray can also take his turn on defense as he started out his playing career as a forward.

After getting his hockey fundamentals with the Regina Pats, Murray was called up to the Montreal Canadiens for a 2-game tryout in 1956-57. He impressed the Canadiens and they offered him a pro contract, which he accepted. Following a 3-game stint with the Canadiens in 1957-58, he was assigned to the Montreal Royals of the Q.H.L., where he scored 23 goals and 25 assists in 62 games.

Last season he performed for the Rochester Americans of the A.H.L. and played mostly on defense, scoring 14 goals and 23 assists in 67 games.

Murray was born in Regina, Sask., on August 24, 1936. He stands 5' 9" and weighs 178 lbs.

WILLIAM JOHN "TEX" EVANS

DEFENSE

Shoots Left 6' 1" - 185 lbs.

Born: GARNANT, SOUTH WALES

APRIL 21, 1928

Last Amateur Club:

LETHBRIDGE MAPLE LEAFS SRS.

Home: CALGARY, ALTA.

John Evans one of hockey's strong and silent men - a badman without a reputation - was acquired by the Hawks from the New York Rangers via the N.H.L. draft in the summer of 1958. No sooner did Evans report to the Hawks' training camp, he gave evidence that he was going to make a regular spot on the squad. He was teamed with Al Arbour right from the start and the two formed one of the stoutest combinations the Hawks had all season long. They have been inseparable ever since.

Evans has been here, there and everywhere since turning pro with the New York Rangers back in 1948-49. He played in only 3 games that year and after two games in 1949-50 he was shipped to New Haven, where he finished the season.

Then followed a short stop at Cincinnati in 1950-51 and back to the Rangers for the last part of the campaign. For the next three seasons commuted between the Rangers and Saskatoon of the Western League.

Then in 1955-56 the Rangers decided to keep him, and he played regularly with them until acquired by the Hawks. He is an even-tempered, pipe-smoking individual with the reticence and drawl of a Canadian cowboy.

Evans is one of the very few major league hockey players born across the pond. He first saw the light of day in Garnant, South Wales. His family moved to Western Canada when he was but a lad and he spent most of his life in the prairie country around Calgary. He is married.

LORNE
ROBERT
FERGUSON

LEFT WING

Shoots Left **6' - 185 lbs.**

MAY 26, 1930

Born: PALMERSTON, ONT.

Last Amateur Club:

NEW YORK ROVERS SRS.

Home: KINGSTON, ONT.

Lorne Ferguson came to the Hawks midway thru the 1957-58 season in a big 8-player swap with the Detroit Red Wings. Aside from Lorne the Hawks acquired Billy Dea, Bill Dineen and Earl Reibel while Detroit got Nick Mickoski, Jack McIntyre, Bob Bailey and Hec Lalande in return.

The lanky forward is at home on either flank, left or right. Deceptive in appearance -- Fergie looks frail on the ice -- yet he's surprisingly rugged and durable performer. He's a fine penalty-killer, and a few years ago while serving in this capacity, established what is believed to be a N.H.L. record. He scored TWO goals during a two-minute stretch while his team was shorthanded.

Fergie turned pro with the Boston Bruins in 1949-50 season, after concluding a successful season with the New York Rovers of the Eastern Amateur League. After only three games, the Bruins farmed him out to Tulsa of the now defunct U. S. Hockey League where he scored 70 points (35 goals and 35 assists) in 70 games. The Bruins recalled him for the 1950-51 campaign, but midway through the next season shipped him to Hershey of the A.H.L.

Then followed two brilliant seasons with the Bears in which he racked up 25 and 45 goals, respectively, in each season, the latter total was tops for the 1953-54 A.H.L. season. Boston again called on him for the 1954-55 season, and then midway through the next he was traded to the Detroit Red Wings. He's married.

TERRENCE "TERRY" GRAY

RIGHT WING

Shoots Right 6' 0" - 175 lbs.

Born: MONTREAL, QUE.

MARCH 21, 1938

Last Amateur Club:

OTTAWA-HULL JRS.

Home: MONTREAL, QUE.

The Black Hawks acquired Terry Gray from the Montreal Canadiens last summer for the sum of $20,000.

The 21-year-old youngster was rated as one of the most promising kids in the Montreal farm system.

The young winger had been under close scrutiny by the Canadiens ever since he was 15 years of age, when he started his climb up the hockey ladder. After spending three seasons with the Montreal Nationales Juniors, he graduated to the Ottawa-Hull Juniors and helped them win the Memorial Cup, emblematic of the junior championship of Canada, in 1958-59.

Gray was brought up to the Montreal Royals Seniors at the start of last season and immediately stunned Quebec Hockey League followers by going on a scoring spree to head the individual scoring race in the early weeks of the season. He scored 11 goals and 9 assists in 19 games.

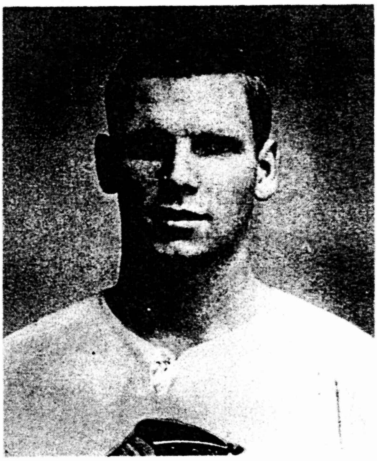

Such a performance warranted further promotion and he was moved up to Rochester of the American League, where he finished the season with 10 goals and 14 assists in 45 games.

Gray, a broad-shouldered lad, has a fine burst of speed and a very good shot. He has already shown that he'll have to be considered as an important cog in the Hawks' scheme this season.

Terry was born in Montreal, Quebec on March 21, 1938. He stands 6'0" and weighs 175 lbs. He's single and makes Montreal his home.

WILLIAM "RED" HAY

CENTER

Shoots Left 6' 3" - 200 lbs.

Born: SASKATOON, SASK.

DECEMBER 9, 1935

Last Amateur Club:

REGINA PATS JRS.

Home: CALGARY, ALTA.

William "Red" Hay was purchased from the Montreal Canadiens prior to the N.H.L. draft last summer.

The 200-pound husky comes from an athletic family. His father, Charlie Hay, was a goalie for the Regina Pics back in 1923 when they lost out to the famous Toronto Granites for the Allan cup. His mother, the former Florence "String" Miller, was one of Canada's outstanding women track and field stars. Her brother, the late Earl Miller, played for the Black Hawks from 1928 through 1931.

Red played his first hockey around Regina and after an outstanding career with the Junior Pats accepted an athletic scholarship at Colorado College, Colorado Springs.

Upon graduating as an engineer in geology Red bivouacked in Calgary, Alta., where he became connected with an oil company. However, hockey was still very much in his blood and Red finally succumbed to Montreal's overtures and signed a pro contract with them last fall. They in turn loaned him to the Calgary Stampeders, a Hawk affiliate in the W.H.L.

After a slow start with the Stamps, Red took hold and became one of the top goal scorers in the loop. He wound up notching 24 goals and 30 assists for a total of 54 points in 53 games. It was on this showing the Hawks added him to their family.

Red stands six feet, 3 inches tall. He was born in Saskatoon, Sask., on December 9, 1935. He makes his summer home in Calgary. He is married.

ROBERT MARVIN "BOBBY" HULL

LEFT WING

Shoots Left 5' 10" - 195 lbs.

Born: POINT ANNE, ONT.

JANUARY 3, 1939

Last Amateur Club:

ST. CATHARINES JRS.

Home: POINT ANNE, ONT.

When Bobby Hull signed a pro contract with the Black Hawks in October, 1957 at the tender age of 18, he not only became the youngest Hawk ever to skate onto a big league rink, but one of the most youthful hockey players to wear a N.H.L. uniform. Not since Mush March reported to the Hawks back in 1928 at the age of 19 had the Hawks acquired such a youngster. The husky, blonde lad first saw the light of day on Jan. 3, 1939.

Hull is truly a Hawk developed prospect. He was discovered by Bob Wilson, Hawks Eastern Canada scout in 1953, while he was watching a flock of kids playing on a pond in Belleville, Ont. The 14-year old towhead was asked to go to Hespler where he played Junior "B" hockey. The following season he was moved to Woodstock and helped that team win the Junior "B" O.H.A. title. His play warranted further promotion, and he was moved up to Junior "A" ranks and played for the St. Catharines TeePees.

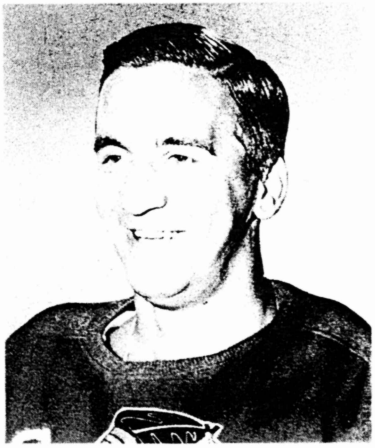

Hull was an immediate success with the Teeps, and before the season's end was tagged as the most talented player in Junior "A" ranks. He piled up a respectable total of 71 points (33 goals and 28 assists) in 49 games and sparked the team to the league title.

Bobby was brought to the Hawks training camp in the fall of 1957 and impressed the Hawks' brass so much they decided to turn him a pro a year earlier then they planned. Young Bobby was a smash hit with the Hawks right from the start. He was a real take charge guy who revelled in the tough going. In his first season he collected 47 points (13 goals and 34 assists) and was nosed out by a measly four points by Toronto's Frank Mahovlich for the N.H.L. "Rookie-of-the-Year" honors.

Last season Bobby was shifted from center to left wing and still managed to score 18 goals and 32 assists. He's a lot of hockey player, and his aggressive style of play is crowd pleasing, to say the least. He works like a beaver, can toss some solid bodychecks and won't step back from anyone.

ROBERT BLAKE
THEODORE "TED"
LINDSAY

LEFT WING

Shoots Left 5' 8" - 165 lbs.

Born. RENFREW, ONT.

JULY 29, 1925

Last Amateur Club:

ST. MICHAEL'S COLLEGE JRS.

Home. DETROIT, MICH.

Fiery Ted Lindsay, most dynamic hockey figure known, was acquired by the Black Hawks along with Glenn Hall from the Detroit Red Wings at the start of the 1957-58 season in exchange for 4 players (John Wilson, Forbes Kennedy, Hank Bassen and Bill Preston) plus a bundle of cash.

One of the smallest players in the league, Lindsay's the irritating type who gets under the skin of home fans when he's playing for the visiting team and under the skin of the opposing players, whether he's at home or on foreign rinks. Ted's a great competitor. He had two strikes on him when he came into the N.H.L. with Detroit back in 1944 because he was small. Rival players naturally tried to pick on him, but they quickly learned as have all Lindsay opponents, Ted fights back.

Eight out of his 13 previous years in the N.H.L., all with Detroit, Lindsay was chosen on the All-Star team at left wing. Once he made the Second All-Star squad. He holds the N.H.L. record for most goals, assists and total points by a left wing, 358-439-787, respectively. He ranks as the third highest goal scorer of all time, only Rocket Richard of Montreal and Gordie Howe of Detroit top him in that respect. He led the N.H.L. in total points with 78 in 1949-50 and was top goal scorer in 1947-48 with 33.

In the dressing room and on the ice Lindsay is a rough individual with a sharp tongue, which he uses on opponents and officials alike. As a result he's spent a total of 1,544 minutes in the penalty box, a N.H.L. record.

But, he's a real Jekyll and Hyde. Away from the spirited ice competition. Ted is married and a real nice guy.

EDWARD C. J. "ED" LITZENBERGER

RIGHT WING

Shoots Right **6' 3" - 195 lbs.**

Born: NEUDORF, SASK.

JULY 15, 1932

Last Amateur Club:

MONTREAL ROYALS SRS.

Home: CHICAGO, ILL.

Tall and rangy Ed Litzenberger was secured by the Hawks from the Montreal Canadiens on Dec. 1, 1954, for the now paltry sum of $15,000.

In his very first year as a Hawk, Litz was selected as the "rookie of the year" and won the Calder Trophy. He collected 23 goals and 28 assists.

The next season, Eddie suffered the sophomore jinx that seems to go with Calder cup winners and slipped to a meager 39 points, made up of 10 goals and 29 assists. In 1956-57 Litz came back and drew raves as the "hottest guy in hockey," turning in a bang-up year with a total of 32 goals and 32 assists. For this performance he was voted to the center post on the N.H.L. Second All-Star team. Then followed another bright year as Ed was again the best workman and goal scorer on the Hawk team, collecting 32 goals and 30 assists. This total was sixth best in the league.

Last year Litz had his best season, grinding out a total of 77 points, made up of 33 goals and 44 assists. It was the 3rd straight year he topped the 30-goal barrier. The big right-winger rates as one of the best stick-handlers in the business, with a most deceptive shift and an unusually hard shot. His slap-shot, in particular, is a menace to goalies.

Litz has been a well-regarded player ever since he played for the Regina Pats Jrs. back in 1950-51. He attracted the attention of Montreal scouts who persuaded him to join their farm club, the Montreal Royals in 1952-53. After two seasons with the Royals in which he scored a total of 57 goals and 63 assists, Ed was ready for a tryout with the Canadiens. But, except for the fact the Flying Frenchmen were loaded with right wingers he was found expendable and sold to the Hawks. He is married.

PHILIP FRANCIS "PHIL" MALONEY

CENTER

Shoots Left 5' 9" - 170 lbs.

Born: OTTAWA, ONT.

OCTOBER 6, 1927

Last Amateur Club:

SHAWINIGAN CATARACTS SRS.

Home: VANCOUVER, B. C.

Phil Maloney was purchased by the Black Hawks in the middle of last season from the Vancouver Canucks of the Western League to help bolster their center-ice positions in their drive to the playoffs.

But, before Hawks were able to acquire his services, Maloney became the center of a three-way controversy which involved the Hawks, Canucks and New York Rangers. The latter, who had a working agreement with the Canucks tried to sell Maloney to the Hawks without consulting Vancouver. The dispute was settled when it was agreed that Maloney would return to Vancouver if he failed to stick with the Hawks.

The classy center stuck around all season and did more than was expected of him as far as the Hawks were concerned. While he scored but two goals in the 25 games he appeared in, both were against the Rangers in a vitally important game which the Hawks won 4 - 2, virtually assuring the Hawks of a playoff spot.

Maloney turned pro with Hershey back in 1948-49. He moved up to the Boston Bruins in 1949-50 where he scored 15 goals and 31 assists. After 14 games the next season Boston sold him to Toronto who in turn sent him to Pittsburgh where he remained 'til the end of the 1951-52 season. He split the 1952-53 campaign between the Hornets and Leafs. Did the same in 1953-54 between Pittsburgh and Ottawa. After 25 games with the Senators in 1954-55 he went to Vancouver. He won the scoring championship of the Western League in 1955-56, as well as being selected the Most Valuable Player. He is married.

STANLEY "STAN" MIKITA

CENTER

Shoots Right 5' 9" - 165 lbs.

Born: SCHOLCE, CZECHOSLOVAKIA

MAY 20, 1940

Last Amateur Club:

ST. CATHARINES TEEPEES JRS.

Home: ST. CATHARINES, ONT.

Stan Mikita is a product of the Black Hawks farm system, who starred for the St. Catharines TeePees Juniors last season and who already has been tabbed as a sure-fire hit in the National Hockey League.

The 19-year-old center, who rivals the ages of the fuzzy-cheeked juniors who came into the N.H.L. during the lean war years, has already proved himself in the big time. He was up for a four game lend-lease tryout last season and didn't look a bit out of place, handling his duties like a real veteran. Probably the outstanding characteristic in Stan's demeanor is confidence. His whole personality exudes it. While it doesn't make up for ability, it is a necessary commodity for any player if he plans to stay in the world's top hockey circuit.

However, confidence isn't the only thing Stan possesses. He's quite a puck-handler, as well as a strong skater. He knows what to do with the puck when he gets it and most of all can deposit it in the net. His record in the tough O.H.A. Junior competition last season can attest to that fact. He scored 38 goals and collected 59 assists in 45 games.

Stan is not the pointed muscular type like Bobby Hull in whose path he seems to be skating, but rather seems to mix clever skating with elusive ability.

Mikita started in the ice game in the St. Catharines Legion minor hockey set up in 1953-54 as a bantam, winning the league scoring title that season. Then followed two years of midget hockey and when only 16 moved up to the Junior TeePees in 1956-57. He's been a big cog in the TeePees winning the O.H.A. titles the last two seasons. A shoulder injury sidelined Stan for the last 3 weeks of last season, and his loss definitely hampered the team's quest for the Canadian Junior Championship.

Born Stan Gvoth, at Scholce, Czechoslovakia on May 20, 1940 he became Mikita after being brought to Canada and adopted by the Joe Mikita's in 1948. He's single.

ROBERT RONALD "RON" MURPHY

LEFT WING

Shoots Left 5' 11" - 185 lbs.

Born: HAMILTON, ONT.

APRIL 10, 1933

Last Amateur Club:

GUELPH BILTMORES JRS.

Home: MOUNT HOPE, ONT.

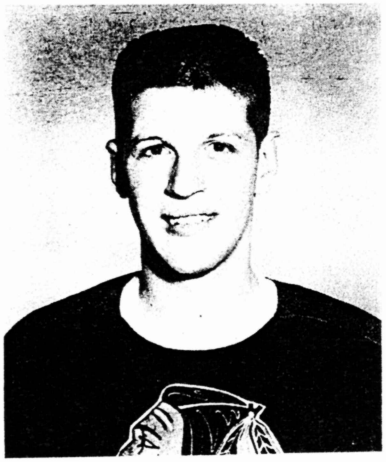

When the Hawks secured Ron Murphy from the New York Rangers in 1957-58 in a swap fro Hank Ciesla, they captured one of the speed balls of the N.H.L. The fiery Irishman is a free-wheeling, fast skating and hard-shooting guy with lots of good hockey ahead of him.

Last season the 26-year-old left winger suffered a hair-line fracture of his right ankle on March 4 against Toronto and missed the last seven games of the regular schedule, as well as the playoffs. He also missed three games in February because of a separation of his left shoulder. Despite the loss of 10 games he still managed to score 17 goals and assisted on 30 others. In his first season with the Hawks, Ron collected 11 goals and 17 assists for a total of 28 points.

Ron is a product of the Guelph Biltmores Juniors. He turned pro with New York Rangers in 1952-53 and managed to get into only 15 games, scoring 3 goals and one assist. The next season he started out like a prairie fire only to be knocked out of action after 27 games when he became involved in a stick-swinging fracas with Montreal's Boom Boom Geoffrion. After recovering from his injuries Ron spent the remainder of the season with Saskatoon of the Western League.

Ron was back with the Rangers in 1954-55 and scored 14 goals and 16 assists. He upped that to 16 tallies and 28 assists the next season. In 1956-57 he again was hampered by injuries and then became a victim of coach Phil Watson's purge and wound up splitting the season between New York and Providence. He's married.

ERIC PAUL NESTERENKO

RIGHT WING

Shoots Right 6' 2" - 185 lbs.

Born: FLIN FLON, MAN.

OCTOBER 31, 1933

Last Amateur Club.

TORONTO MARLBORO JRS.

Home: TORONTO, ONT.

Eric Nesterenko is one of the most enthusiastic bits of hockey material to wear a Hawk uniform in many a year. The lanky right winger is the caliber of player that makes for color. He has a wealth of natural ability. He isn't a one play whiz, but has all the tools. He can skate, shoot, stickhandle, standup in the rough going and dish out some stiff checks in return.

For the past 2 seasons, Nesterenko has had the strangest playing and practice routine of any player in the N.H.L. He commuted between his home base, London, Ont., where he attended the Univ. of Western Ont., and wherever the Hawks were playing. Nester took a course in psychology and philosophy at the Univ. He has the role of student-athlete again this season.

As an amateur, Nester was considered 'a million dollar prospect.' After a fabulous career with Toronto Marlboro Juniors he was signed by the Toronto Leafs in 1952-53 and they immediately heralded him as another famous amateur, Jean Beliveau, who made such a spectacular debut with the Montreal Canadiens the year before.

For some reason Nester did not live up to Toronto's expectations, and after a little more than 3 seasons of play with the Leafs, in which he scored 43 goals and 36 assists, he was farmed out to the Winnipeg Warriors of the Western League with the hope he'd find himself. His fine showing with the Warriors convinced Hawk scouts he still had plenty of good hockey and they set their sights on acquiring him. The Leafs failed to keep him on their protected list, the Hawks stepped in and drafted him at the annual N.H.L. draft in 1956.

In his first season with the Hawks he scored 20 goals and 18 assists, which marked his best effort in his N.H.L. career. Last season he collected 34 points on 16 goals and 18 assists and his all-round play figured prominently in the Hawks' gaining the playoffs. He is single.

PIERRE "PETE" PILOTE

DEFENSE

Shoots Left 5' 10" - 165 lbs.

Born: KENOGAMI, QUE.

DECEMBER 11, 1931

Last Amateur Club:

ST. CATHARINES TEEPEES

Home: FORT ERIE, ONT.

Pierre Pilote came to the Hawks in the middle of the 1955-56 season after three fine years with the Buffalo Bisons of the American League.

Everybody knows that a defenseman must be a rugged, robust individual to survive the heavy going in the N.H.L. Everybody, that is, but Pilote.

Pierre who fails to qualify as either robust or rugged, weighing only 165 lbs., is the smallest in the league at his position. Yet, the bantam Hawk moved through last season to complete a string of 230 games without a miss, and if his lack of size was a handicap, he failed to show it.

The quiet, French-Canadian has two very important things needed to make him a stellar performer; fire and desire. Not only does he go about his work with enthusiasm, but he gives it all he's got every time the coach says go.

Aside from his blocking ability, Pilote rates as one of the best puck-carrying defensemen in the league. Last season, for instance, his fast breaks resulted in setting up 30 markers for his mates, while his accurate shot from the point connected for 8 goals. This was an improvement over the season before when he managed to score 6 goals and 24 assists.

Pilote is a graduate of the St. Catharines TeePees, now a Hawk sponsored farm team. He turned pro with Buffalo in 1951-52 and for two seasons was an important cog in the Bison's rise in the American League.

Pierre was born in Kenogami, Quebec on December 11, 1931. He stands 5'10", and weighs 165 lbs. He's married and now makes his summer home in Fort Erie, Ontario.

GLEN FREDERICK SKOV

CENTER

Shoots Left **6' 1" - 185 lbs.**

Born: WHEATLEY, ONT.

JANUARY 26, 1931

Last Amateur Club:

WINDSOR SPITFIRES JRS.

Home: WINDSOR, ONT.

Glen Skov came to the Hawks from Detroit at the start of the 1955-56 season and the change in scenery brought about the true worth of the big center man. He spent five seasons attempting to crash the Red Wings lineup only to wind up as a third stringer. But since he came to the Hawks recognition eventually came to him. He's looked upon as the best penalty-killer in the league. Last season, teamed with Earl Balfour, they mastered the art of killing off penalties to such a degree that the opposition sometimes failed to get even so much as one shot at the Hawks net when shorthanded. They were actually the key to the Hawks success.

While Skov is one of those rare forwards who doesn't have to rely on a lot of goal scoring to prove his worth, still manages to get his share of goals. Most of them coming while he's working off penalties. All three of his goals last season came under those circumstances.

Skov turned pro with the Red Wings in 1949-50 after an outstanding amateur career with Hettche's of Detroit and Windsor Spitfires. In 1950-51 he was assigned to Omaha and after 45 games in which he scored 26 goals and 33 assists he was recalled to the Wings and finished the campaign by scoring 7 goals and 6 assists in 19 games. Then followed four complete seasons with Detroit in which he participated in every game, and ran his string to 301 without a miss.

After joining the Hawks, Skov continued in his 'Iron Man' role and extended his unbroken string to 422 consecutive N.H.L. contests. Then on Feb. 7, 1957 he was sidelined and missed 3 games. He got back into action on Feb. 16 and at the start of this season had a string of 156 games.

ALOYSIUS MARTIN "TOD" SLOAN

CENTER

Shoots Right 5' 10" - 175 lbs.

Born: VINTON, QUE.

NOVEMBER 30, 1927

Last Amateur Club:

ST. MICHAELS COLLEGE JRS.

Home: NORTH BAY, ONT.

Aloysius Martin "Tod" Sloan, to give him everything he owns in a name, was purchased by the Hawks from the Toronto Leafs at the start of last season for a bundle of cash. Everyone seemed to think it was the smartest deal the Hawks ever made, and were fortunate to purchase him.

At any rate, there were many who credited the Slinker with sparking the Hawks in their third place finish last season. They figured he supplied the pay off punch the club lacked. In addition, he gave veteran Ted Lindsay a lift and snapped Ed Litzenberger out of a slump when he moved to center between that pair. The trio turned out to be the highest scoring line in the league, racking up a total of 197 points, made up of 82 goals and 115 assists, of which Sloan contributed 27-35-62.

The veteran of ten N.H.L. campaigns, is a past master at maneuvering the puck. He's a veritable magician inside the blue line, and the closer he gets to the goal mouth, the greater his magic.

At the end of last season, Sloan had 189 goals and 219 assists to his credit. He's a cinch, barring any unforseen injuries, to join the select-200-Goal Club. He is the sixth top point-getter among current players.

Sloan is a graduate of St. Michael's College Junior team and turned pro with the Leafs in 1946-47. He was shipped to Pittsburgh of the A.H.L. for seasoning, and after two seasons with the Hornets in which he scored 15-24-39 in 1946-47 and 20-24-44 in 1947-48, the Leafs recalled him.

After 29 games with the Leafs in 1948-49, in which he scored 3-4-7, he was again sent back to the Hornets where he finished the season. He was sold to the Cleveland Barons in 1949-50 and had such a great year, scoring 37 goals and 29 assists, the Leafs repurchased his contract. Then followed eight fine years with Toronto before the Hawks got him.

DOLLARD HERVE "DOLLY" ST. LAURENT

DEFENSE

Shoots Left 5' 11" - 185 lbs.

Born: VERDUN, QUE.

MAY 12, 1929

Last Amateur Club:

MONTREAL ROYALS SRS.

Home: VERDUN, QUE.

Dollard St. Laurent came to the Black Hawks at the start of last season in a deal with the Montreal Canadiens which involved a player and some cash.

Although he was disappointed and slightly disheartened because he was traded away by the World Champions after being with them for seven seasons, Dolly, like a true professional, soon took things in stride. He pitched in, gave it all he had and wound up having one of his best seasons in the N.H.L.

For one thing, he finally realized a cherished ambition. He played a full schedule of games. It was the first time he'd ever done so since coming to the N.H.L. back in 1951-52. His periods of absence, due to minor injuries, ranged from 6 games to 24.

Also, despite the fact that he was used mostly as the "swing-man" on defense, Dolly still managed to score 4 goals, equalizing his best effort in the past, and register 12 assists.

A compact 185-pounder, St. Laurent rates as a fine bodychecker, is a good rusher and playmaker, and packs a hard shot.

Dollard joined the Canadiens in 1951 after a brilliant amateur career with the Montreal Royals. He was born in Verdun, Quebec on May 12, 1929. He is married and makes his home in his native city.

ELMER "MOOSE" VASKO

DEFENSE

Shoots Left 6' 3" - 214 lbs.

Born: DUPARQUET, QUE.

DECEMBER 11, 1935

Last Amateur Club:

ST. CATHARINES JRS.

Home: ST. CATHARINES, ONT.

The late Dick Irvin when he was coaching the Hawks, termed Elmer "Moose" Vasko, then playing for St. Catharines TeePees Jrs., a "million dollar" prospect. The Moose is in his 4th full season and acquiring the polish of a big-time defenseman, the full meaning if Irvin's words are clear.

Moose isn't just an unusually large (6'3", 214 lbs.) fast and skillful rearguard. He has that extra "something" that makes him especially valuable to a professional club. He can lift his teammates with headlong rushes down the ice and at the same time bring the fans to their feet. He is the first defenseman the Hawks have had since the departure of Big Earl Seibert who can draw in the fans on the basis of his own appeal.

All around the N.H.L. circuit the fans chorus "Moose! Moose!" when Vasko charges down the ice. Black Hawk fans started it and now its taken up all around the loop. Last season the Big Fellow was hampered by a trick shoulder which kept popping out on him and he was forced to wear a special harness to protect it. This past summer Elmer had the shoulder operated on and doctors claim it's as good as it ever was.

Vasko is a graduate of St. Catharines TeePees and the Hawks had to outbid two other N.H.L. clubs in order to land the giant blonde bomber.

In his first season with the Hawks, Vasko wound up scoring 3 goals and 12 assists. He upped that to 6-20-26 the next semester and last season, despite injuries managed to score 6 goals and 10 assists.

Vasko with his bull-like rushes, has given every indication of becoming one of the leading defense scorers in the game. He's a constant threat every time he ambles down the ice and lets go his powerful shot. As soon as he acquires better direction, his goal production will rise considerably. And with youth on his side, he's only 24, he ought to be a fixture on the Hawk defense for many years to come. He is married.

KENNETH MALCOLM WHARRAM

RIGHT WING

Shoots Right 5' 9" - 155 lbs.

Born: FERRIS, ONT.

JULY 12, 1933

Last Amateur Club:

GALT JUNIORS

Home: NORTH BAY, ONT.

If there is one player in the N.H.L. in a position to talk with authority on breaks, it is Ken Wharram, the Hawks' youthful forward. He had an assortment of such, both good and bad, in his hockey career.

Back in 1953, Ken was a starry-eyed kid at the Hawks training camp. He'd just graduated from junior ranks after a most outstanding record with the Galt Black Hawks. To his pleasant surprise he was offered a pro contract by the Hawks. But, before camp broke he heard the old familiar tune so often told a young rookie, "you need more experience."

For five long years Ken kicked around the minor leagues hoping his record would speak for itself. He spent part of the 1953-54 season with the Quebec Aces and in 19 games had a 7-10-17 mark. The next four seasons he was with the Buffalo Bisons and compiled a total of 119 goals and 187 assists. True, he did manage a "look-see" on two occasions during that span. The Hawks called on him for 29 games in 1953-54, and again for a 3 game stint in 1955-56, but never a full season.

This may have been enough to dishearten anyone, but not Wharram. He took the 'breaks' in stride and never wasted any time feeling sorry for himself. He simply kept on trying. Then, last season the Hawks gave Ken another chance. He was ready for the challenge. His spirit and determination were a deciding factor in keeping him with the team.

Wharram didn't disappoint the Hawk brass, who had confidence in his ability. He managed to score 10 goals and assist on 9, although used sparingly most of the season. Although he's fragile looking in appearance, Ken is extremely strong and wiry. The secret of his success is the triumph of brain over brawn. He's a keen student of opposing players, has amazing puck-carrying skill, ability to evade bodychecks and a most accurate shot.
