THOMAS N. IVAN

GENERAL MANAGER

TOMMY IVAN had just finished winning six straight NHL titles as coach of Detroit when he was offered the No. 1 spot in the Blackhawk organization in 1954. The Hawks had just set another record for mediocrity under its old regime. It must have taken Ivan a little while to consider his fate before shaking hands with the new Blackhawk owners, Jim Norris and Arthur Wirtz, to clinch the deal.

Jim Norris, who is a Governor of the National Hockey League and a member of the Hockey Hall of Fame, has been connected with the National Hockey League for over thirty years. In 1954, after the Hawks had won only 12 games the previous year, Norris and Wirtz started rebuilding the Hawks—the first step being to hire Ivan as Manager. With Ivan as Manager and with the financial help of Norris and Wirtz, the Hawks continued their rebuilding program by developing an extensive farm club organization, which has produced many of the present Blackhawk players. The Hawks have been a top contender during the last few years and won the Stanley Cup in 1961.

Few men in hockey command the respect from other team officials and league big wigs that Tommy Ivan does and this reputation was earned only through 24 hour days of scanning minor league rosters, scouting teams from Victoria to Nova Scotia, logging thousands of miles in trains and planes. Ironically, Ivan's work is not done yet—and he is ever striving to improve the Hawks.

THE HAWKS placed Glenn Hall, G; Pierre Pilote, D; Stan Mikita, C; Bobby Hull, LW; and Kenny Wharram, RW on the current All-Star team. Elmer Vasko rounded out the Hawks by making the second team.

FRANK BOWMAN, trainer for the San Francisco Giants, has nursed the aches and bruises of hundreds of athletes. But the most courageous athlete he ever worked with, he says, was Helge Bostrom of the Chicago Black Hawks . . . "One night he got so badly cut he required 187 stitches," says Bowman, who once served as trainer with the Hawks and the New York Rangers.

WILLIAM T. REAY

COACH

WHEN ALL ABOUT HIM confusion reigns, Billy Reay is always the calmest man in the midst of controversy or adversity. He takes his wins in stride but, more important, he takes his losses on his own shoulders, never passing the buck to a player or owner or manager.

Chicago newsmen, used to a different type of coach, were amazed at the atmosphere in after-game critiques with Reay. Even when it was obvious some player had missed a check or passed badly on a key play, Billy defended the man for his good moves and never mentioned the few infractions.

While this type of leadership barely missed winning the NHL title as the Hawks had their best season in history, many believe it is only a start in rebuilding the morale of the Hawk players. The feeling of belonging is just beginning to tell on all players and the Hawks will win more and more of the key games because they know their coach is there to help, not to criticize.

Most important, Billy was a better than average player himself and played with the greats of hockey like Toe Blake, Rocket Richard and Doug Harvey. So, his suggestions are taken in the light they are given, from an old pro, who knows whereof he speaks.

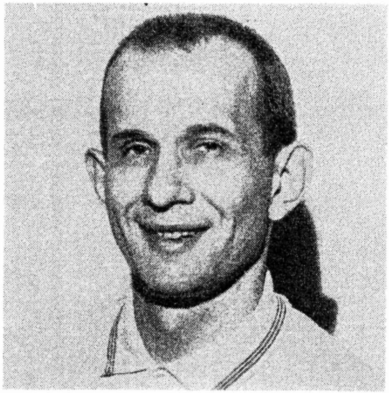

Billy has a daughter and a son. He and his wife, Clare, plan to make Chicago their home during the offseason. He hopes young Billy will be able to find enough ice time in the Chicago area this winter.

THE BLACK HAWKS have added another farm team to their roster by signing a working agreement with the Los Angeles Blades of the Western League.

PAUL POPIEL won the rookie of the year award in the Central league as a defenseman and may well be a name to watch among future Hawks.

THE 21 GAMES in the playoffs, 7 game series in both semi-finals and the 7 game final between Detroit and Toronto was a new record in the NHL.

BOBBY HULL scored his 200th goal and Stan Mikita his 100th on the same night in New York on Dec. 11.

NICK "DOC" GAREN

TRAINER

BEST IN SPORTS according to all in authority . . . Native New Yorker . . . with Hawks since 1945 . . . studied at New York School of Massage and Physiotherapy, National Chiropractic College and Indiana University . . . Was medical corpsman in Army during World War II.

ART LA RIVIERE

ASSISTANT TRAINER

NATIVE OF CALGARY, where he played amateur and pro hockey . . . Biggest thrill came in beating Montreal 3-1, stopping 60 shots in exhibition game . . . listed as Hawks' spare goalie. He's 25, married . . . wife teaches skating at various rinks during hockey season when Art is busy with the Hawks.

DENIS DeJORDY

GOAL

Shoots left 5'9" 178 lbs.

Born: St. Hyacinthe, Que., Nov. 12, 1938

Home: Montreal, Que.

WHILE Denis played in only 5⅔ games last year, he actually was credited with much more in building the Black Hawks most successful season in their history.

First, DeJordy's very presence around the Stadium and at practices brought out the competitive spirit that has made Glenn Hall one of the great goalies of all time. Since Glenn wanted to prove he could do it alone, Denis didn't get into many games. But the pressure he kept on Glenn made him an unbeatable goalie for the major part of the year.

Also, with DeJordy available at practice sessions, the Bobby Hulls and Stan Mikitas could fire away at a major league goalie and not have to put wear and tear on Glenn. This paid off by the Hawks moving from the lowest scoring team in the league to the highest in 1963-64.

Denis also picked up plenty of pointers from watching Hall play. As a result, he is expected to get a lot more work this season.

GLENN HENRY HALL

GOAL

Shoots left 5'11" 178 lbs.

Born: Humboldt, Sask., Oct. 3, 1931

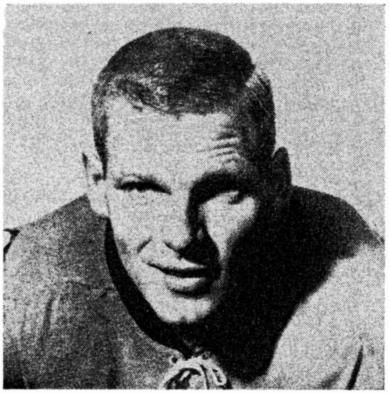

Home: Edmonton, Alta.

MR. GOALIE needs no introduction to Chicago fans . . . Made All-Star team for fifth time last year . . . has been on second team three other years . . . Missed Vezina trophy by two goals last year after winning it the year before . . . Was voted the most valuable player by his teammates in a poll held by the Hawks' Stand By Club which gives you an idea of Glenn's esteem among the other players.

With Denis DeJordy as a backstop, Glenn has a chance to taper off for needed breathers during the rough grind. Most enviable record of Goalie Glenn is probably his 30,120 consecutive minutes in the nets in 552 games. The streak came to an end on Nov. 7, 1962. Last year he missed only five games, although DeJordy was ready and willing to go in in case of emergency. However, Glenn's competitive spirit kept Denis on the sidelines. Meanwhile, Glenn's biggest booster was Denis who watched his every move from NHL press boxes.

Quiet, to the point of being reserved with interviewers, Glenn's competitive fire shows through in every move he makes on or off the ice. Had two assists last year and both came in 2-0 victories. Shut out Toronto four times in clutch games. Married and has three children.

WILIAM CHARLES "RED" HAY

CENTER

Shoots left 6'3" 194 lbs.

Born: Saskatoon, Sask., Dec. 9, 1935

Home: Calgary, Alta.

ONE OF THE FEW PRODUCTS of American college hockey, Red Hay is one of the main cogs in the Black Hawk victory machine. Teamed with Bobby Hull, he has helped to steady down the Golden Jet and last year produced 23 goals of his own for his best season.

A graduate of Colorado University, Hay is considered a "manufactured" hockey player, depending on his brains and instincts to make up for his lack of speed and skating ability. But those same instincts have proven important to building the Black Hawks into one of the most feared powers in sports.

If Hay has a weakness, it is his penchant for setting up the other guys when he might well take a shot himself. Actually an accurate shot, Red just figures his job is to set up plays. On the few occasions when he has gone solo, he not only made the good shot but also caught the opposition by surprise.

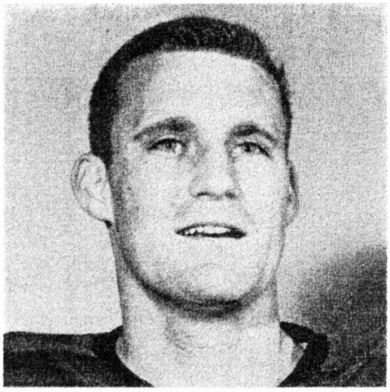

Starting his sixth year with the Hawks, Red carries his 193 lbs. well distributed over a 6 ft. 3 in. frame. A major in geology, Red works for an oil company. Ironically, the company is in opposition to his father's, where Hay Sr. is an executive.

Red won the Calder trophy for rookie of the year in 1959-60. The Hawks purchased him from Montreal.

DID YOU KNOW

. . . Tommy Ivan, now General Manager of the Black Hawks, coached six straight N.H.L. champions while at Detroit and among them were three Stanley Cup champs.

. . . Stan Mikita and Bobby Hull are originators in a new type of hockey stick used exclusively by the Hawks. The blade is curved to give them better control . . .

WAYNE JAMES "RAY" HILLMAN

DEFENSE

Shoots left 6′ 195 lbs.

Born: Kirkland Lake, Ont., Nov. 13, 1938

Home: Ft. Erie, Ont.

THE YOUNGEST of three brothers in pro hockey (brother Larry is with Toronto), Wayne Hillman is a veteran of three years on the Hawk defensive unit. His presence is one of the reasons why the Hawks are rated as the best defensive team in the National Hockey League. Wayne is a product of the St. Catharines Black Hawks. A quiet workman, Hillman is agile enough for his size and always seems to be in the right place although no scorer himself. Still young enough to have his best years ahead.

ROBERT MARVIN (BOBBY) HULL

LEFT WING

Shoots left 5'10" 195 lbs.

Born: Pointe Anne, Ont., Jan. 3, 1939

Home: Pointe Anne, Ont.

FEW ATHLETES in modern sports have reached the heights of their professions as has Bobby Hull . . . Nor have they been given more praising synonyms on the colorfully written sports pages . . . The Golden Jet . . . Blond Bomber . . . Babe Ruth of Hockey . . . Adonis of the Puck . . . and just plain Superman.

Bobby is one of the few pro athletes who entered the major leagues straight from the amateurs to jut him in the same class as Mel Ott, Robin Roberts, and his hockey contemporary Jean Beliveau.

His records have been compared with the incomparable Gordie Howe, who last year set an all-time record for goals in a career. Bobby is almost even with Howe in age and barring injuries could surpass Howe and hit the 600 mark in goals if he continues at his present pace.

When he came to the Black Hawks, they were not perennial contenders, as were the Red Wings when Howe broke in. Thus, Bobby was scoring 13 and 18 goals his first two years without the aid of a Red Kelly, Ted Lindsay, Jack Stewart, etc. that Howe had.

Coach Billy Reay proved to fans as well, as to Hull, that he can be even greater by working him as a penalty killer, as a point man, and even at center and right wing. Most experts believe that Hull, at 25, has yet to reach the heights of greatness and only Bobby can decide just how high in the annals of hockey his name will rest.

DID YOU KNOW

. . . Each player's stick is made to order, just as golfers are fitted for clubs. Length, weight and angle of the curved blade are main considerations in designing the individual sticks.

. . . Jim Norris and his partner, Arthur Wirtz, co owners of the Black Hawks, are native Chicagoans.

JOHN ALBERT McKENZIE

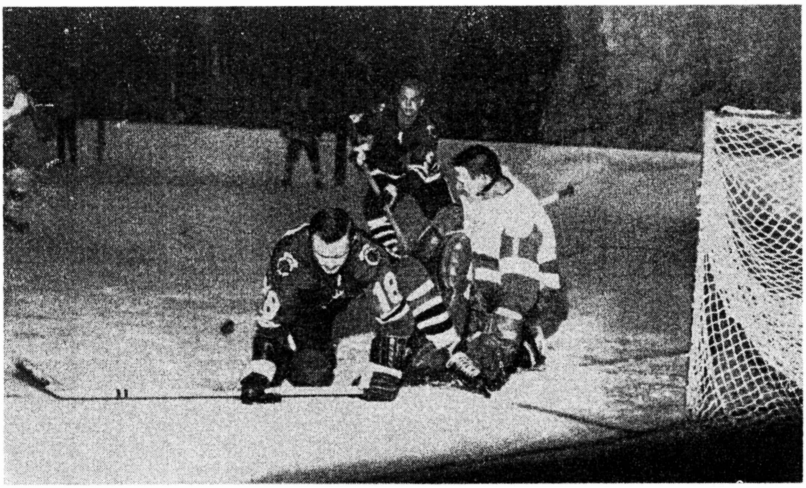

RIGHT WING

Shoots right 5'9" 170 lbs.

Born: High River, Alta., Dec. 12, 1937

Home: Nanton, Alberta

THE STORY of the 1963-64 season for John McKenzie can be summed up by one word: injuries. John was out of action from Dec. 12 through Jan. 23 with a ruptured spleen. That he managed to score 9 goals and 9 assists attests to his reputation as a real scrapper. A professional cowboy during the off-season, a healthy John is one of the finest hockey players in the league. This was demonstrated when he made the Million Dollar line with Bobby Hull and Red Hay before his injury. Coach Billy Reay says John was the best player he ever coached in the minors. If he stays healthy and avoids injuries, this could be the year John achieves the stardom many have predicted for him. He's married and the father of two children,

ALLISTER W. "AL" MAC NEIL

DEFENSE

Shoots left 5'10" 176 lbs.

Born: Sydney, N. H., Sept. 27, 1935

Home: Sydney, Nova Scotia

THIS IS THE YEAR that the "third" man may give Pilote and Vasko a run for the "first" man position. Going into his third full season as a Hawk, Al may finally get the recognition due him from hockey fans and officials throughout the league. Here in Chicago, Al's talents are greatly appreciated. Because he plays on the same team with men like Pilote and Vasko, Al is usually overlooked in the All-Star voting and in value to the team. Any doubts about his value to the Hawks can be quickly dispelled by talking with Coach Billy Reay. A real plugger who doesn't look for a fight, but a guy who won't move an inch to avoid one, Al had only 91 minutes in the penalty box last season. By the way gals, this handsome Scotsman is still single.

RONALD PATRICK "CHICO" MAKI

RIGHT WING

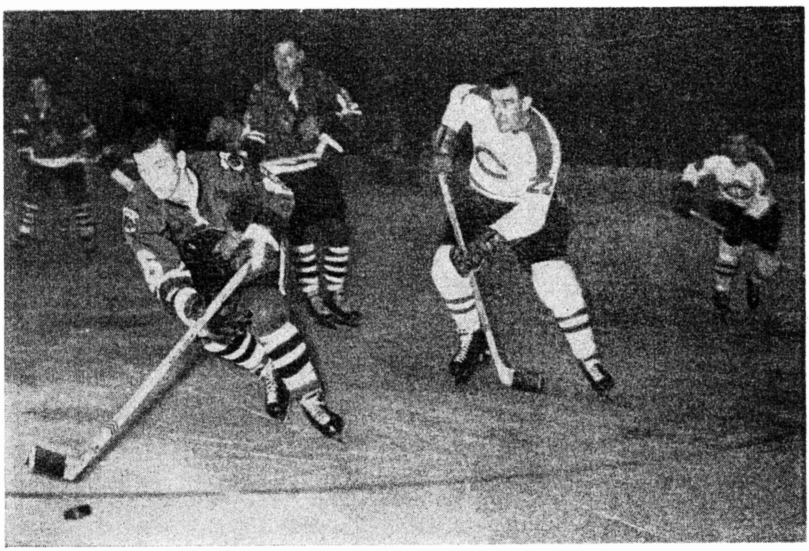

Shoots right 5'10" 170 lbs.

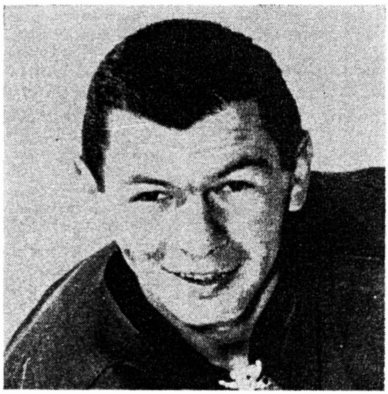

Born: Sault Ste. Marie, Ont.,

Aug. 17, 1939

Home: Simcoe, Ont.

THIS MAY BE THE MAKE or break year for Chico. It usually takes three or four years for a National Hockey League rookie to mature. This is Chico's third with the Hawks. A real hustler, Chico came to the Hawks as a center. This year, however, he will be tried at right wing in order to utilize his great speed. Another product of the Hawks' farm system, Chico is known to hockey fans as a real "digger." A diamond in the rough, Chico has a great professional hockey future in front of him. This may be the year he unlocks the door to that future and takes his first step toward greatness. He's married and makes his home in Simcoe where in the summer months he's employed by the C.P. Railway.

STANLEY MIKITA

CENTER

Shoots right 5'9" 165 lbs.

Born: Sokolce, Czech., May 20, 1940

Home: North Riverside

UNLIKE HIS TEAMMATE Bobby Hull, Mikita is equipped with far less in the way of natural help. Listed at 5 ft. 9 in. and 165 lbs., Stan is actually one of the smallest hockey players and is possibly the greatest, pound-for-pound, in hockey history . . . certainly the greatest for his size in modern times.

Three times All-Star center, and currently the leading scorer in the NHL, Mikita centered for the most powerful scoring line since the days of Lindsay, Abel, and Howe . . . With his 39 goals, plus 39 from Kenny Wharram, and 14 from the left side, the Mikita line, better known as the Scooters, were good for 92 goals last year.

Because he has the look of fragility, Mikita is often the brunt of attacks by opposition and thus has to retaliate to a certain extent. Because of his spirit and hard-nosed attitude on the ice, many times Stan is called the aggressor in these incidents. Thus he piles up a goodly number of penalties.

One of the best golfers in hockey and also one of the most meticulous dressers, Stan has become a natural leader among the modern Hawks . . . His outspoken manner and natural tendency toward controversy makes him one of hockey's most colorful characters as well as one of the super stars. Many say, "As Mikita goes, so go the Hawks."

His high school teammate in football, soccer, as well as hockey, was Bobby Hull when they were both playing in St. Catharines. They are partners in several outside enterprises. Both have been caught in arguments as to who is the greatest hockey player in the game today . . . Hull claims that Mikita wins hands down . . . Stan believes that no one was ever greater than Bobby.

Stan is married and on the night his wife, Jill, presented him with a daughter, he scored three goals against the Rangers.

He lives in North Riverside.

DOUGLAS A. MOHNS

DEFENSE

Shoots left 6' 190 lbs.

Born: Capreol, Ont., Dec. 13, 1933

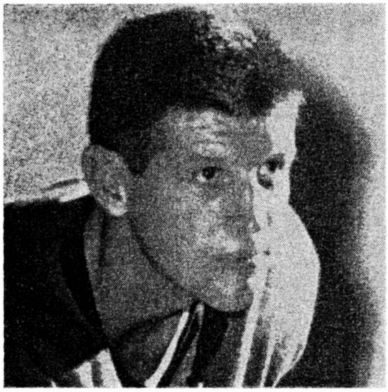

Home: Weymouth, Mass.

IN ACQUIRING Doug Mohns from Boston, the Hawks believe they have landed the player who can solidify what has become the best defensive team in the National Hockey League. So highly do the Hawks think of Mohns, an 11-year veteran, that they traded Reg Fleming and Ab McDonald in order to get him. Mohns' presence on the club will allow Coach Billy Reay to rest Pilote, Vasko, and MacNeil without fear of lessening the team's defensive strength. Doug is known for his great versatility. During his Boston career, this 30-year-old standout has played as a left winger, right winger, right defenseman, and left defenseman. He started in with the Bruins as a left winger. After three years as a forward he was shifted back to defense, where his puck-carrying talents and skating ability proved invaluable to the team. His over-all worth to the Bruins was demonstrated during the 1961-62 season when he won the Elizabeth C. Dufresne trophy as the outstanding player in Boston home games. A fierce competitor, Doug plays better when he gets his dander up. "When he's mad, he's a real tiger on the ice," said Manager Lynn Patrick of Boston. Doug is married and has a son, Doug, Jr., and a daughter, Andrea Jane. During the off-season, Doug works as a car salesman in Weymouth.

Twice the Playoffs have been decided in 8 straight games: in 1951-52 Detroit beat Toronto and Montreal 4 straight in each series and in 1959-60 Montreal won 4 straight each from the Hawks and Toronto.

ALAIN CARON, right winger at St. Louis of the Central league, scored 77 goals in 71 games. He denies that he is running for Mayor of St. Louis in the next election, however.

THE 218 GOALS scored last year was a Black Hawk record, but fell far short of the league mark of 259 set by Montreal on 1958-59.

ERIC PAUL "NESTER" NESTERENKO

RIGHT WING

Shoots right 6'1" 195 lbs.

Born: Flin Flon, Man., Oct. 31, 1933

Home: Evanston, Ill.

ERIC NESTERENKO is a man known for his nicknames. On various occasions he has been referred to as "elbows," the "shadow," and the "blanket." Because of his great defensive ability, he has been called other things by rival National Hockey League players. These names, however, are unprintable. All these nicknames are built around Nester's great ability to keep an opposing scorer in check. Known as the Hawks' "intellectual," Eric frequently is used to check the big names like Gordie Howe and Frank Mahovlich in key series. The Hawks' high finishes are proof of how well Eric has been doing his job. In the off-season Eric works for Air Canada in Chicago. He is married and the father of a daughter, Donna, and a son, Paul.

☆ ★ ★ 5 HAWK ALL STARS ★ ★ ★

PIERRE PAUL "PETE" PILOTE

DEFENSE

Shoots left 5'10" 173 lbs.

Born: Kengami, Que., Dec. 11, 1931

Home: Fort Erie, Ont.

COACH BILLY REAY, a center in his playing days, looks to Pierre Pilote when his Hawks get in trouble, although Pete is a defenseman. As all modern coaches, Reay believes a strong defense is the best offense on the theory that you can't score unless you get the puck. . . . This is Pilote's job, and the proof of how well he does it lies in his last two seasons when he was voted the league's outstanding defenseman . . . an honor that had fallen to only three other men in the history of the James Norris trophy . . . Doug Harvey won it seven times . . . Tom Johnson once, and Red Kelly once.

He also was the 1st team All-Star defenseman for the second time after making the second team three years in a row.

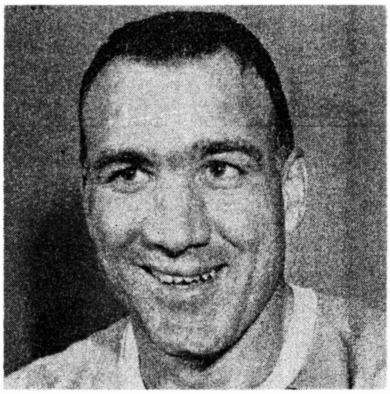

Pilote is offensive minded . . . serving on the point on most Hawk power plays and setting up scores for his forwards. . . . He set a new record for Hawk defensemen with 46 assists last year. He also picked up seven goals.

Father of four children, Pierre makes his home in Stickney during the season. The oldest Hawk in point of service, Pete has been with the team since 1955-56. At 33, he hopes to play another five or six years and could become a coach with his ability of handling men. He has been the Hawk captain the past three years.

THE BLACK HAWKS had 6 hat tricks last year, Bobby Hull, Mikita, and Wharram each had 2. The team also compiled 24 games where a player got at least 2 goals or more.

Wharram led with 11, Mikita 7, Hull 6.

ONLY ONCE BEFORE in NHL history has one team put 5 men on the All-Star team as the Hawks did last season. In 1944-45, Montreal turned the trick with Bill Durnan, G; Emile Bouchard, D; Elmer Lach, C; Maurice Richard, RW; and Toe Blake, RW.

GERALD "JERRY" TOPPAZZINI

RIGHT WING

Shoots right 5'11" 180 lbs.

Born: Copper Cliff, Ont., July 29, 1931

Home: Sudbury, Ont.

MR. VERSATILITY would be a better way to describe Jerry Toppazzini, another prize off-season acquisition of the Hawks. In his 12 seasons in the National Hockey League, the last 8½ with Boston, Jerry has played all positions, including goal. For the last several years, Jerry has started out with the Bruins as a penalty-killing specialist, attesting to his skating ability. Actually, Jerry's stint with the Hawks is not his first. He was traded to Chicago in 1953. He then went to Detroit the following year. One of Jerry's strongest assets is his ability to log a great deal of playing time without drawing penalties. In fact, Jerry sat in the penalty box only 15 minutes during the 1963-64 season. He played in 65 games, scoring 7 goals and 4 assists. Jerry was first spotted by a Bruin scout while playing juvenile hockey in Copper Cliff, Ont. The Bruins sent him to their sponsored junior team in St. Catharines. He is married and has a daughter, Cheryl, and two sons Mark and Anthony.

ELMER "MOOSE" VASKO

DEFENSE

Shoots left 6'3" 215 lbs.

Born: Duparquet, Que., Dec. 11, 1935

Home: St. Catharines, Ont.

THE SAYING that good things come in small packages certainly doesn't hold true for the "Moose." At 6 ft. 3 in. and 210 lbs. Vasko is the biggest player in the National Hockey League. Yet despite his size and fierce competitive spirit, "Moose" has logged only 506 minutes in penalties in the eight seasons he has been playing in the league. "Moose" is one of the reasons why Goalie Glenn Hall is one of the finest in the game. When opposing players come zipping down the ice, the Moose, along with Pilote, represent a formidable defensive pair. Made All-Star second team for second year in row. Married, with two sons. Plays soft ball in summer.

KENNETH MALCOLM "KEN" WHARRAM

RIGHT WING

Shoots right 5'9" 168 lbs.

Born: Ferris, Ont., July 2, 1933

Home: North Bay, Ont.

FEW EVENTS in the past season pleased so many people as the tremendous play of Kenny Wharram. His 39 goals and 32 assists were almost double his best previous output, but it came as no surprise to Coach Billy Reay.

Wharram has been a regular with the Hawks for the past six years, but Reay was the first coach really to appreciate his hustle and speed. One of the fastest men in the game, Kenny added to his speed a natural ability to be in the right place at the right time. Teamed with Stan Mikita, they formed the most potent one-two punch in the sport.

Weighing only 160 lbs., Kenny spends his time getting goals and staying out of the penalty box. This earned for him the Lady Byng trophy for sportsmanship. Columnists all over the league were hailing Kenny's play, speaking of Wharram as though he were a local celebrity instead of a member of the opposition.

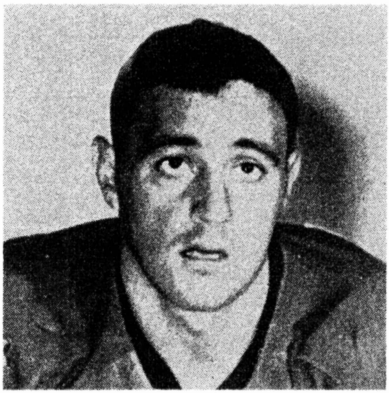

Wharram scored the hat trick twice during the past season and on both occasions it gave the Hawks important wins. He also picked up two goals in nine other games.

Now 31, Wharram picked up the honor of being the All-Star right wing, beating out such illustrious names as Gordie Howe and Bernie Geoffrion, but it was really no contest for this popular hustler and charter member of the Scooter line.

DID YOU KNOW

. . . Two skate sharpeners are used to keep the Black Hawks' skates in good condition. One makes the hollow edge. The other is a "rougher" which cuts out the nicks.

. . . Jack McCartan, goalie on the U.S. Olympic champions of 1960 is now a Black Hawk, working in St. Louis.

PHIL ESPOSITO

LEFT WING

Shoots left 6'1" 190 lbs.

Born: Sault Ste. Marie, Ont.

Feb. 20, 1942

BIG RUGGED Phil could be answer to the Hawks' center problem after spending about half the year with the Hawks last season. In only 43 games in central league he had 54 assists and 26 goals to show the type of play maker he can be. Saw limited action with Hawks in 27 games as Billy Reay was trying to build his confidence gradually.

Esposito's size and thinking ability give him a good chance of becoming a standout center man. Good shot for accuracy and ability to be in the right place are his best assets. Married.

MATTHEW JOHN RAVLICH

DEFENSE

Shoots left 5'10"

Born: Sault Ste. Marie, Ont.

July 12, 1938

A PRODUCT of the Hawk farm system, Ravlich was lost two years ago but was brought back into system in the Murray Balfour deal. Same type of defenseman as Pilote with ability to move the puck . . . Has played left wing and could be converted . . . Excellent prospect, if not this year, at least for future Hawk teams.

JOHN GARY BRENNEMAN

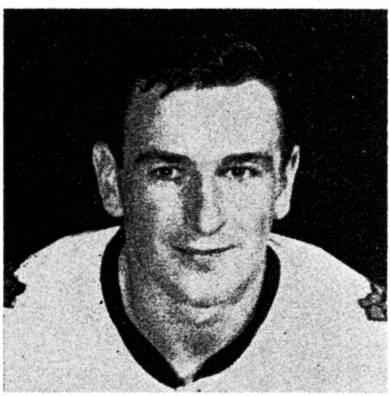

LEFT WING

Shoots left 5'10" 175 lbs.

Born: Fort Erie, Ont., Jan. 5, 1943

Home: Port Credit, Ont.

RATED as one of the fastest skaters in professional hockey, John Brenneman, at 21, has a great future before him. Last season, his first in professional hockey, John scored 75 points on 28 goals and 47 assists. An all-around athlete, John played football and basketball in high school. He carries a 5 handicap in golf. He's single. His father was a popular player in St. Louis years ago.

PAUL PETER POPIEL

DEFENSE

Shoots left 5'10" 175 lbs.

Born: Sollsted, Denmark

Feb. 28, 1943

Home: Georgetown

PAUL POPIEL will make the Black Hawks. The only question is when. Trying to break in Fort Knox is easier than trying to gain a berth on the defensive alignment of the Hawks. Yet, Popiel could do it this year. If not then, the 21-year-old Dane appears to be a certainty for future delivery. An aggressive skater and one of the best defensive players in the CHL, Paul tied for Rookie of the Year honors last season at St. Louis. A versatile athlete—he played football, basketball, and ran track in high school. Paul is single. Has good shot and is a good body checker, especially in corners.

JOHN STANLEY MISZUK

DEFENSE

Shoots left 6'2" 200 lbs.

Born: Naliboki, Poland

Sept. 29, 1940

OBTAINED IN A TRADE that sent Ron Murphy to Detroit, John Miszuk will be fighting for a spot on the strongest defensive quintet in hockey. If he doesn't make the big club this year, his rough and tough type of play is the type that should make him a future prospect and also keep the Hawk defensemen on their toes for fear he will take their place during the season.

Miszuk's biggest claim to fame came last year when he and Bobby Hull squared off in a battle royal and their picture landed on the cover of a national magazine. Shuttled between Pittsburgh and Detroit last year, the youngster showed enough promise that the Hawks were willing to trade for him, which should be enough credentials for any rookie.

EDWARD CHARLES VAN IMPE

DEFENSE

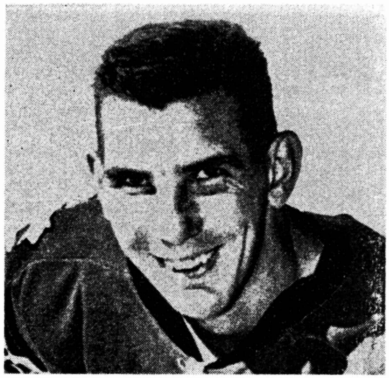

Shoots left 5'10" 175 lbs.

Born: Saskatoon, Sask.,

May 27, 1940

Home: Saskatoon, Sask.

HAS BEEN ONE of the mainstays of the Buffalo defense for three years . . . Has potential to move up if he can crack the tough roster of defensemen with Hawks. Led American League in penalties last year. Played for Billy Reay who knows his potential. This could be the year.

DOUGLAS GARNET ROBINSON

LEFT WING

Shoots left 6'3" 190 lbs.

Born: St. Catharines, Ont.

Aug. 27, 1940

Home: St. Catharines, Ont.

ANOTHER HAWK FARM PRODUCT, Doug was rookie of the year in the American League two years ago. Last season he suffered mononucleosis and missed about half the year. Even so, he picked up 22 goals in less than 50 games. In the playoffs with the Hawks he showed moxie and ability to get the puck, and is given an excellent chance of sticking with Reay's Raiders.

Doug's height and weight make up for his lack of speed, especially since he uses his head. Played for Billy Reay when Buffalo won everything in sight two years ago. Taking college courses in the off season and plays softball in the summer.

RAYMOND MURRAY CULLEN

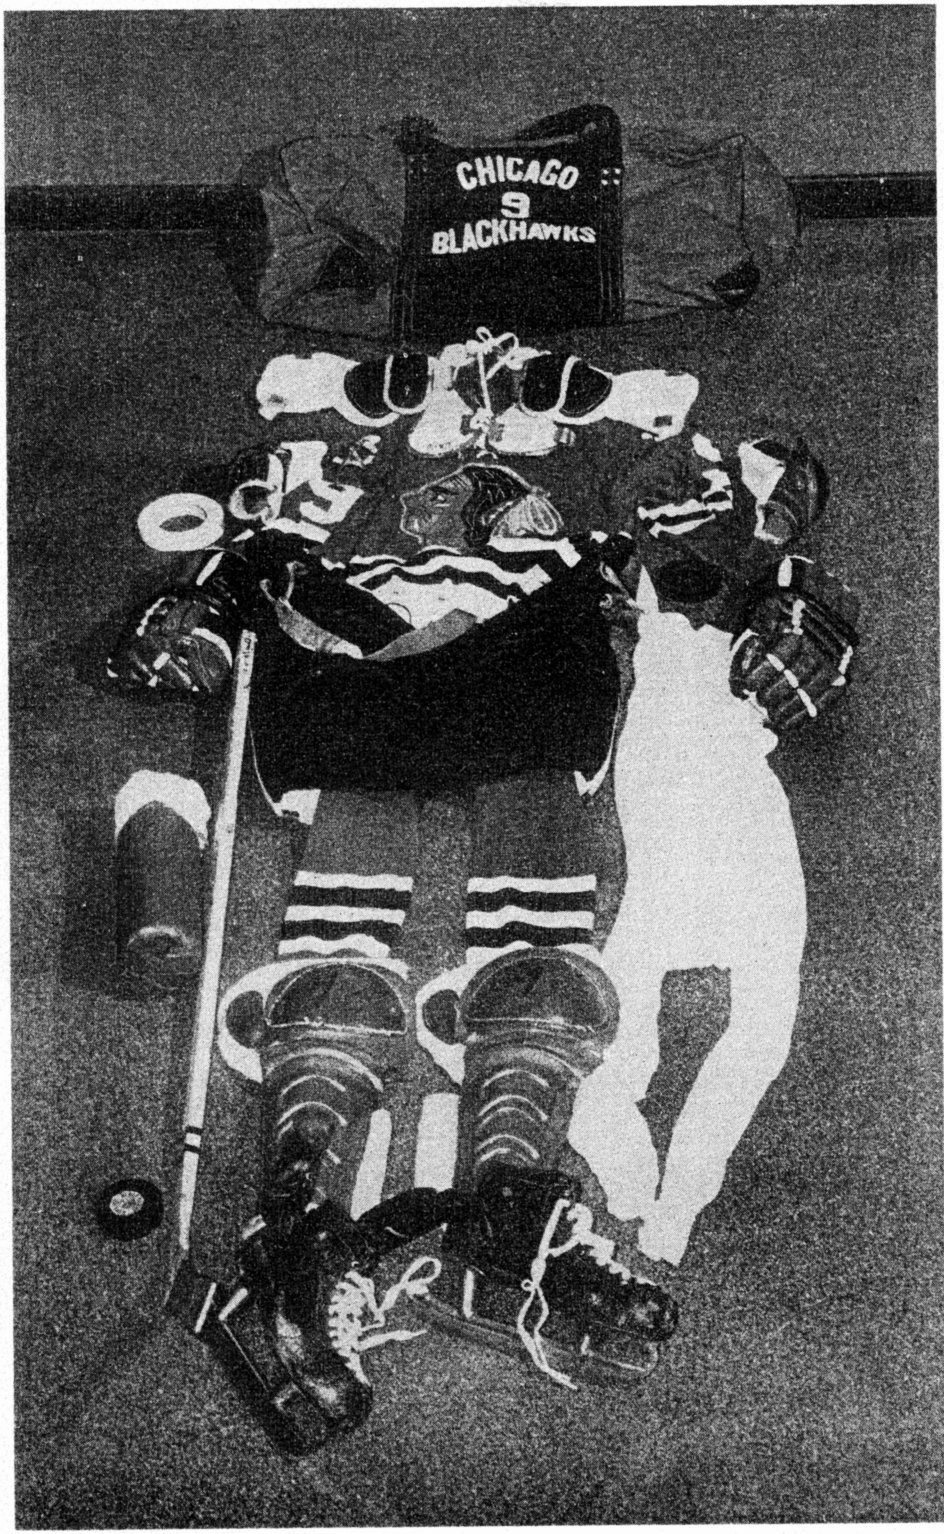

CENTER

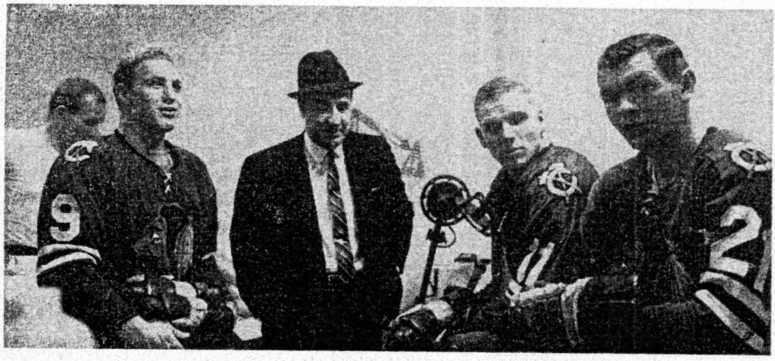

Shoots right 5'10" 175 lbs.

Born: Ottawa, Ont., Sept. 20, 1941

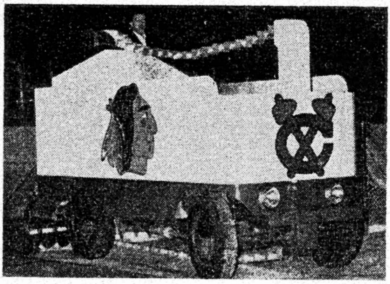

Home: St. Catharines, Ont.

RAYMOND CULLEN, despite his youth and inexperience, considered a "heady" playmaker. His 52 assists last season for St. Louis attest to this. While his scoring ability is not questioned, Ray will have to improve his skating in order to make it big in the NHL. Although forced out of the CHL playoffs by a wrist injury, Ray was named as the league's All-Star center. Married and father of a six-month-old son, Gary Michael.

ANOTHER product of St. Catharines. Scored 33 goals and 80 assists last year as amateur. Considered one of the best youngsters to come along since Stan Mikita. Has brother with Hawk organization and five others on the way up.

ALAIN "BOOM BOOM" CARON

RIGHT WING

Shoots right 5'9" 174 lbs.

Born: Dolbeau, Que., April 27, 1938

Home: Dolbeau, Quebec

ALAIN CARON brings to the Black Hawks the highest scoring record in professional hockey during the 1963-64 season. His ability to play defense will determine whether he will stick in the NHL. A tremendously hard shooter, Alain scored five goals in one night against Omaha. Named to the right wing position on the CHL-All-Star team. Married and father of a son, Guy, 2. Played for Billy Reay at S. S. Marie.

DENNIS HULL

LEFT WING

Shoots left 6 ft. 185 lbs.

Born: Pointe Anne, Ont.

Nov. 19, 1944

BIG AND MORE RUGGED than his brother Bobby. If he's half as good, Billy Reay will be smiling. Last year scored 48 goals as amateur in St. Catharines. Could make big jump to majors like his brother.

HAWKS' HOME HISTORIC HAVEN FOR SPORTS, ENTERTAINMENT

CHICAGO HOCKEY has come a long way since November 17, 1926, the night the Black Hawks played their first game in the Coliseum, 1500 S. Wabash Avenue. Many of the newspapermen assigned to cover the opener had never seen a hockey game, much less attempted to report one. The Hawks, under their owner Major Frederic McLaughlin, defeated Toronto, 4-1.

The years thru 1929 were lean ones for both owners and fans—those who bothered to support the team. When the Hawks moved into their new 7-million-dollar Chicago Stadium home, however, more and more fans became interested in the Hawks and professional hockey was in Chicago to stay.

The Stadium, originally built for boxing by a corporation headed by Patrick E. Harmon, opened the night of March 28, 1929, when more than 15,000 persons watched lightweight champ Tommy Loughran defeat Mickey Walker, the toy bulldog.

Even Funerals

THE STADIUM, the world's largest indoor arena in seating capacity, has been the scene of six national political conventions, championship fights, six-day bike races, wrestling, soccer, track, rodeos, symphonies, tennis, softball, midget auto racing, operas, basketball, religious revivals, dog, horse, and flower shows, swimming meets, circuses, and, of course, Black Hawk hockey.

Possibly three of the most unusual events ever held in the Stadium were two funerals and a football championship. The funeral rites were for Mayor Cermak and Patrick Harmon.

On December 18, 1932, perhaps the strangest indoor sporting event ever held was unfolded in the Stadium. Because of a blizzard, the National Football League championship game between the Chicago Bears and the Portsmouth Clippers was transferred indoors and played on an 80 yard especially designed field. The Bears won the game 9 to 0.

The Stadium has been graced by many personalities of the stage, business, athletic, and political worlds. In January, 1936, a blonde skater from Europe made her professional debut with the Hollywood Ice Revue. This lass from Norway, Sonja Henie, has since become the world's best known skater.

Three Presidents in Stadium

There have been countless personalities from the entertainment world who have appeared in the Stadium. Roy Rogers, Hopalong Cassidy, Bob Hope, Jimmy Durante, Bing Crosby, and Satchmo Armstrong are just a few. In fact, almost every known entertainer has at one time or another played the Stadium.

Politics also has contributed its share of world-known figures to the roster of those making Stadium appearances. These include Franklin D. Roosevelt, Thomas Dewey, Harry Truman, and John F. Kennedy. Kennedy held his last rally prior to the 1960 election inside the Stadium. Roosevelt received the Democratic nomination twice in the Stadium, while Truman received his party's V.P. nomination.

The most impressive facility in the Stadium is probably the huge Barton pipe organ, capable of producing volume equivalent to 2,500 instruments of a brass band. Its keyboard is so huge it had to be built upright and semicircular so one man could operate it. The organ is powered by a 100 HP motor and twin Spencer turbine blower. The console weighs 7½ tons. It took 36 men to install the organ.

With a legal capacity of 26,085, the Stadium has held more than 30,000 for national political conventions.

Win Opener

As was the case in 1926, when the Hawks played their first Coliseum game and won, the club made a successful debut in their new Stadium home on December 16, 1929, defeating Pittsburgh, 3 to 1, before 14,212 chilly, but happy fans.

The Black Hawks have given their fans many memorable moments of delight and of despair since 1926.

Denis DeJordy stops Montreal in his first National Hockey League start, 3 to 1, on November 10, 1962 . . . the close of the 1963 season when Glenn Hall wins the Vezina *(best goalie)* Trophy and Pierre Pilote wins the James Norris *(defenseman)* Trophy . . . and the 1963-64 season marked by Hawks Hall, Pilote, Bobby Hull, Stan Mikita, and Ken Wharram being named to the first team All-Star team; Mikita winning the Art Ross *(scoring)* Trophy, Wharram the Lady Byng *(sportsmanship)* Trophy, and Pilote, the James Norris *(defenseman)* Trophy . . . Elmer Vasko also climaxed a successful year by being named to the League's second team All-Star squad for the second year in a row.

HULL MOVES NEAR TOP AMONG HAWK SCORING ACES

THIRTY-FOUR. That's going to be the magic number for Bobby Hull this season. During the 1963-64 season, the Hawks' blond bomber scored 43 goals to give him a lifetime total of 225. This places him second among all-time Black Hawk scorers behind Bill Mosienko, who in 14 seasons racked up 258 goals. Bobby is only the third player in Chicago history to score 200 goals in a Black Hawk uniform. Doug Bentley had 219.

Hull, who is entering his seventh season with the Hawks, scored his 200th goal in his 438th game. Maurice Richard got his 200th goal in his 308th game and Gordie Howe got his in his 422nd.

Of Hull's 225 goals, 136 were scored in Chicago Stadium and 89 on the road. While trying to play no favorites, it is evident that Bobby begins to drool when the Hawks travel to Boston. He has scored 24 goals there, his top away-from-home record. His 34 home goals against Boston also is his top personal high. He has scored 50 goals against New York, 46 against Detroit, 43 against Toronto, and 28 against Montreal.

A total of 38 of his 225 goals were game-winners, while another 14 were game-tieing markers. Hull had 43 power plays, 6 shorthanded goals, and has scored a pair of goals in each of 26 games. He had 9 games in which he scored 3 goals and twice he scored 4 against Detroit and Toronto.

HAWKS' SCOUTS

KEN CAMPBELL, *Eastern Division Scout*

AFTER THREE YEARS in the Black Hawk organization, Campbell has proved his ability in finding talent and, more important, his ability to thrive on long days and hard work. General manager and coach of the St. Catharines team, the keystone to Black Hawk farms, Ken will this year turn the coaching duties over to another man so that he can travel and check up on youngsters from Ottawa to New Brunswick.

He coached Omaha two years, after serving as playing coach at Pembroke in the Senior OHA. Served 5 years in the Canadian Armed forces, finishing up as a captain. Married, 2 boys, Malcolm and Randy . . . Randy is in the U.S. Marines now.

CECIL *(Tiny)* THOMPSON, best known as one of the great goalies of all time with Boston. Brother of the Hawks' famous Paul, who helped win the '34 and '38 Cups. They are partners in a hotel operation in Calgary.

Handles the Western scouting duties for the Hawks. Among proteges are Johnny McKenzie, Bill Gadsby, Al Rollins, Bert Olmstead, Ed Van Impe. Involved in helping Hawks obtain Bill Hay from Montreal. Since Western Canada is sparsely populated, it's necessary for Tiny to travel as much as 2,000 miles to check on one prospect and get back to another area the same day to watch another. Served in Canadian Air Force during war . . . Won Vezina trophy in 1930-33-36 and 38.

FRED and JACK STANFIELD who are hoping to make the Black Hawks if not this year, soon in the future, come from a family of seven brothers. Tommy Ivan and Coach Billy Reay speak in reverence of Gordon Stanfield, Sr. "He's the best producer in the Black Hawk organization including Hull and Mikita," Reay quips.

THE ONLY TEAM to hold an edge on the Hawks last year was Detroit. The Hawks won 5 and tied 2 at home with the Wings and dropped 6 and tied 1 in Detroit.

MODERN HAWKS DOMINATE ALL-TIME-SCORING LEADERS

YOUTH WILL BE SERVED! . . . This age-old bromide is dramatically pinpointed in lifetime Black Hawk scoring statistics. If today's crew of Hawk players continue their fantastic scoring pace, the list of the Hawks' all-time scoring leader might read like a Billy Reay starting lineup.

BILL MOSIENKO

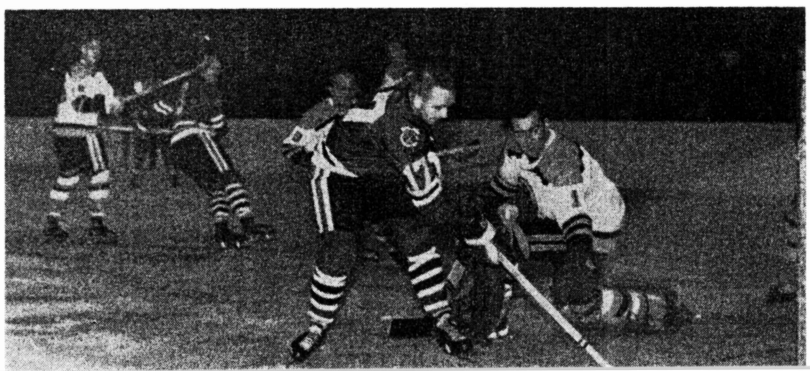

Bobby Hull, at 25, and after only seven seasons in the National Hockey League, trails Billy Mosienko in total goals scored in regular season competition by 33. Hull has 225, Mosienko, 258. Stan Mikita has 122 regular-season goals going into the 1963-64 campaign. Should he have another 39-goal year he would move up to fifth among all-time Hawk goal scorers. Ken Wharram, with 114 goals, could move up to a three-way tie for sixth place should he have another 39-goal season.

Last season, Hull had 44 assists. He is now third among all time Hawks with 242. Another 44-assist year would still leave him in third place, but only six behind Mosienko and only 21 behind Doug Bentley, the leader.

In total points, Hull, who scored 87 last season, has 467, to rank third behind Mosienko (550) and Doug Bentley (512).

In playoff statistics, modern-day Hawks dominate. Hull leads in goals with 24, followed by Mikita with 18. In assists, Pierre Pilote has 36, Mikita, 20, Hull, 23, Wharram, 19, Hay, 17, and Nesterenko, 14. In total points, Hull and Mikita each have 47, Pilote, 41, Wharram, 29, Hay, 29, and Nesterenko, 22.

All figures are based only on goals scored in Black Hawk uniforms.

NHL Hockey Hall of Fame

THE HOCKEY HALL OF FAME BUILDING was dedicated at the Canadian National Exhibition in Toronto on August 26, 1961 . . . The building contains three levels: the main exhibition hall at ground level, a mezzanine level, and a basement area . . . The flags of the six teams of the National Hockey League are flown on standards in front of the building . . . The hall contains records, pictures, famous sticks, sweaters, etc. of the league's greatest executives and players . . . Seven members were added to the Hall of Fame in 1963. Jack Stewart and Doug Bentley of the Hawks, in addition to Bill Durnan and Albert Siebert were the new players; Bill Chadwick was named in the referee category; and Frank Dilio and Angus D. Campbell were named in the builders category . . . This brings to 136 the number on the Hall of Fame Honor Roll . . . There are 97 players, 33 builders, and 6 referees in the Hall of Fame . . . Of the 97 players, 52 are deceased, 19 builders are deceased, and one referee is deceased.

OLD TIME HAWK GREATS

BILL MOSIENKO

IN 14 years with the Hawks Bill scored 258 goals, which is still No. 1 among Black Hawk scorers . . . Is second in All-Time Hawk assists with 292 . . . Won Lady Byng Trophy in 1944-45 season . . . Says his biggest thrill was scoring three goals in 21 seconds against the New York Rangers in New York on March 23, 1952. This is still a league record . . . In all, spent 20 years in professional hockey, 19 as a player, one as a coach . . . Owns a bowling alley in Winnipeg, Manitoba . . . Has three children, Billy, 16, Brian, 12, and Wendy, 8 . . . Because of business doesn't get to watch much hockey.

MAX BENTLEY

HOW are you going to keep 'em down on the farm?? . . . With Max, you don't . . . Despite the numerous duties of farming life in Delisle, Saskatchewan, Max gets to see quite a few hockey games . . . Scored 108 goals and 146 assists during his seven years with the Hawks . . . Wound up his National Hockey League career with the New York Rangers in 1953-54 . . . Won the Art Ross and Hart trophies and was chosen on the NHL All-Star team in 1945-46 . . . Says some of his greatest memories of the game are the crowds at the Stadium . . . Is married and has two sons . . . In his spare time plays outfield for a Delisle baseball team.

MADE the All Big-Ten team as an end from Minnesota . . . Turned down a professional football contract to join the Hawks in 1940 . . . Never turned his back on a brawl . . . Spent 354 minutes in the penalty box while participating in 208 NHL games . . . Coaches the University of Minnesota hockey club and is vice president of a paper business in Minneapolis. Has three children, Joanne, Paula, and John.

MICHAEL "MIKE" KARAKAS

IN 1935-36 season was named the National Hockey League's Rookie of the Year . . . Was the first American-born hockey player to be named to the honor . . . Played in 331 NHL games as a goalie, allowing 1,004 goals . . . Lives in Providence, R.I., where he is an employe of the Narragansett Race Track.

ELWIN "DOC" ROMNES

WAS one of the few American-born hockey players to make it really big in the NHL . . . Won Lady Byng Trophy in 1940 . . . A great playmaker and stickhandler, "Doc" centered for "Mush" March and Paul Thompson in what was considered one of the most feared scoring combinations in the game . . . Averaged less than four minutes in the penalty box per season during his 10 years in the NHL . . . Born in White Bear, Minn., Doc now lives in Colorado Springs where he is employed by a hotel.

EARL SEIBERT

PLAYED 15 years in the National Hockey League, eight with the Hawks . . . At 6 feet and 210 lbs. was one of the "big men" of the game . . . During his Black Hawk career, he was named to the NHL All-Star team seven times, more than any other Black Hawk defenseman . . . Spent 832 minutes in the penalty box during his NHL career . . . Now lives in Agawam, Mass. . . . Is a member of the National Hockey League Hall of Fame.

DOUG BENTLEY

THE third highest scorer in Black Hawk history with 219 goals . . . Leads all Black Hawk players with 307 assists . . . Doug, brother Max, and Bill Mosienko formed the "Pony Line," one of the highest scoring units ever to play in the NHL . . . Scored 50 goals in the 1942-43 season to win the Art Ross Trophy . . . Named to the NHL All-Star team on four occasions . . . Spent only 229 minutes in the penalty box during his 13 years in the NHL . . . Comes from a family of six hockey players . . . Three of the Bentley brothers played in the NHL . . . Doug is chief scout for Los Angeles in the Western League . . . Was elected this year to the National Hockey League Hall of Fame.

Black Hawks Help Restaurant Business

FOR THOSE WHO WONDER why newspapers and readers spend so much time and energy on sports, let them study the events surrounding Black Hawk games in Chicago Stadium.

Many restaurants in the city have set up plans whereby fans can have dinner before the game, park their car and take a bus furnished by the restaurant to the Stadium. The idea has become so popular that new restaurant plans are popping up every year.

Pioneer in this operation has been the Bismarck hotel, where as many as eight bus loads have been seen caravaning to the Stadium after patrons have enjoyed dinner in the Swiss Chalet. The Bismarck parks your car and then there is a bus waiting at 7 p.m. to transport the passengers to the Stadium. It leaves after the game and helps the fans avoid the problems of traffic and parking.

Not all restaurants with plans are known to the Black Hawks because many buy their tickets on season plans and use their own means of publicizing among their own customers. Others set up bus transportation for those who already have their tickets.

At any rate, the Black Hawk games seem to generate extra business for many companies that see fit to use some foresight and imagination.

OZZIE HEADS "TEAM" BEHIND THE SCENES

BEHIND EVERY SUCCESSFUL MAN, so the story goes, there is a little woman. With the Hawks, it is the same thing—only different. Behind the Hawks' scenes are a handful of men whose jobs, while referred to in the hockey trade as "minor," are strictly "major" in helping make the game more enjoyable for fans.

These men are minor officials, and while their names don't appear in any box scores, they are just as important as the Bobby Hulls and the Stan Mikitas in regard to the game's outcome.

In charge of the officials is Ozzie Bluemel, who works with Schwarz Paper Company, a packaging and plastics firm. Ozzie assigns the other officials their jobs. These include goal judges, game time keeper, penalty time keeper, and statistician.

OZZIE

He also is in charge of keeping track of spare officials in case they are needed for emergencies. When all others are in their place, Ozzie assumes the job of official scorer. The official scorer has the sometimes difficult task of crediting assists. The referee comes over to the official scorer and tells him who got the goal. It is up to Ozzie to designate the assist, if any exists. This task requires the scorer to be in the best vantage point. For this reason, fans may see Ozzie change his seat several times during the season.

Goal judges are the most familiar officials from a fan's standpoint. They are seated in the glass cage at the end of the rink. They turn on the red light when a goal is scored. The goal judges at the Stadium usually are Bob Andel and John Troppina. Bill Meuris, whose father, Steve, served for 35 years as an official until his retirement, is a spare goal judge and works when one of the others needs to be relieved.

Paul Ruck controls the game clock, and Joe Rys is the man with the really big headache. He is the penalty time keeper.

A time keeper must keep up with the majors, minors, and misconducts and be sure each man is released from the penalty box at the right moment. A delay in a time keeper's decision may mean the difference between victory and defeat.

Rys also works as a referee in various local games in the Chicago area and has teamed with Mush March, one of the great ex-Hawks, in a dual referee assignment.

Louis Symka and Harold Hurst have the tedious job of statisticians.

Tommy Rys also helps out in this department. The job of the statistician is little known to the average hockey fan. These officials must keep track of who is on the ice when each goal is scored, the saves by the goalie, and the time each player spends on the ice.

These figures are vital for team and league statistics, for information for the communications media, and also are vital for use as coaching tools.

Ivan-Norris Keep Hawks In Family When Possible

KEEPING IT IN THE FAMILY is fast becoming a Black Hawk tradition. At least this holds true for the Hawks' system of signing prospective players, developing these players for National Hockey League competition through extensive minor league experience, and, in some cases, trading or acquiring former Hawks who gained NHL experience on other clubs.

Of the 28 players who make up the Hawks' St. Catharines roster, 19 have never played professional hockey for any team other than the Hawks or a Hawk farm club.

Three players, Jerry Toppazzini, John McKenzie, and Matt Ravlich were developed in the Hawk farm system, were traded to other NHL clubs, and then were repurchased by the Hawks.

Only six players, Eric Nesterenko, Al MacNeil, Doug Mohns, Alain Caron, John Miszuk, and Glenn Hall are not products of the farm system.

Hall, however, one of the NHL's greatest goalies, was acquired from Detroit where he played under Tommy Ivan, now Hawk general manager. Hall is therefore a product of the Ivan system.
